**The Glengarry News.**  
 ALEXANDRIA, APRIL 7, 1892.

**LOCAL BRIEFS.**

No one is more anxious for the coming of Easter than the school boys.

Miss Bella Grant, of South Branch, was visiting friends here last week.

Mr. Hartland B. McDougall is the guest of Mrs. A. G. F. Macdonald.

His Lordship Bishop Macdonell spent Wednesday and Thursday in Montreal.

Mr. Angus A. Grant, of Los Angeles, Cal., was visiting friends in town last week.

The Very Rev. Dean O'Connor, of Chesterville, Ont., paid Alexandria a visit this week.

J. O. Simpson's stock of Hats, Ties, Shirts, Suits, Trousers, &c., &c., are the finest in town.

Rev. D. McLennan and Mr. M. Munro, solicitor, attended a church meeting at Dalhousie on Monday.

Mr. W. S. Kearsey, representing the Knights Directory Co., of Toronto, was in town on Wednesday.

Do you want printing of any kind? Best work at lowest figures are obtainable at the News office.

Mr. J. A. McDougall, local Registrar of the High Court of Justice, of Cornwall, was in town over Sunday.

If you want to get a nobby hat or anything fine in the gents' furnishing line, go to J. O. Simpson's for it.

We understand the trustees of our High and Public schools have decided to erect a fine new school this summer.

Mr. Allan McDonald, 91 Lennox, arrived home on Saturday after an eight months sojourn in Franklin Co., N.Y.

Next Sunday will be Passion Sunday and the altar of St. Finnan's Cathedral will be draped and remain so till Easter.

Wheels have once more taken the place of runners around town, and sleighing has apparently departed for the season.

If you want a first class set of harness, or repairing done cheaply, call at John McMaster's, our well known harness maker.

Mr. Archd. McNab left on Wednesday for Douglas, Renfrew Co., to visit his sister, Mrs. Campbell, who is dangerously ill.

Mr. A. G. F. McDougall was absent in Montreal on Saturday attending the funeral of his brother-in-law, the late G. C. McDougall.

The next session of the Division Court will be held in Alexandria on Thursday, April 14th. Deputy Judge Pringle will perform the customary duties.

A regular meeting of the Alexandria village council was held on Tuesday evening. The only business transacted was the passing of a few small accounts.

Messrs. Charlebois & Reinhardt expect to have their new meat market in running order by Saturday. It is their intention to make a grand display of Easter meat.

An exchange says that some folks who are always anxious about water we shall "know each other there" pass their next door neighbor in the streets without speaking.

We learn that No. 3 Company, 59th Batt., of this place, is about to recommence drill, preparatory to going into camp. They will likely take part in the Queen's Birthday celebration.

The Cricket Club was reorganized on Wednesday evening, and it is the intention of the members to push the game this season. We understand the team will be somewhat strengthened this year.

The egg dealers throughout Ontario have decided to purchase eggs this season by weight, as eggs are virtually sold by weight in the English market. This, we think, will be the fairest method to all concerned.

It may be of interest to teachers of our rural schools to know that the law granting a vacation at Easter does not apply to them. Good Friday and Easter Monday are the only holidays granted these schools.

Every article intended for publication in the News must be accompanied by the name of the writer. Where this rule is not complied with we drop the unfortunate manuscript into the waste basket and use it for kindling the fire next morning.

The time of the singing birds has returned once more. A few days ago the pretty carol of the bluebird was heard, and now they may be seen every morning. The robin, too, the grey warbler of the spring, is here to remain, and is already uttering the first notes of its song. Others will soon follow to usher in the gladsome time of the year.

The town has been billed with large posters, which announce a grand concert in aid of the Alexandria Cricket Club. The days selected are the 15th and 19th of this month. We have been asked to draw the attention of our readers to the fact that there will be an entire change of programme on the second evening, also a jolly good dance, for which the McCormack Bros. have been engaged to furnish music.

The Directors of the Agricultural Driving Park Company met on Tuesday evening, Mr. Geo. Hearnden, D. A. McArthur was unanimously chosen as president for the ensuing year and Mr. Hearnden was reappointed secretary-treasurer. The games and racing committees were struck. It was decided to hold a gala day of sports on the 24th of May, for which an attractive programme is now in preparation.

Mr. David Fraser leaves on Saturday, for Halifax, for St. Johns, Nfld. He goes on behalf of Mr. R. G. Reid, of Bold & Middleton, the well known firm of railroad contractors. It appears this firm of railroad contractors is at present building an extensive line in that colony, and that some difficulties have arisen between the Government and the contractor. Mr. Reid is in poor health, and is therefore unable to look after the interests of the firm, and in sending our genial friend, Mr. Fraser, as his representative, we consider he has made a wise selection. Mr. Fraser expects to be absent several weeks.

**Our Visitors.**  
 The following were in town during the past week and favored the News with a call:—F. Campbell, Dominionville; Ronald McDonald, Logan; Malcolm Fisher, Athol; Neil J. McLeod, Kirk Hill; John A. McLeod, Skye; Jno. N. McIntosh, Skye; Malcolm G. McRae, McCormick; Mr. John McKinnon, Fassifera; W. I. McRae, Kirk Hill; C. T. Henry, Maxville; Donald D. McRae, Glen Norman.

**Spring.**  
 The babbling brooks have been increased by the melting snow during the fine weather of the past week, small streams are rippling down the hillsides and along the valleys, and some lands have been submerged, giving them the appearance of ponds. The ice in the lakes of the north is becoming honey combed and starting to break up, and the creeks and rivers are clearing their banks of winter's vestiture, and the snow in the woods is vanishing like the morning mist. A little of April's showers would in a short time wipe out the last remaining evidence of the ice king's glory all over the country.

**Obituary.**  
 The Montreal Witness of Tuesday says:—Mr. Daniel Fraser, the crockery merchant of Bleury street, and one of the family of Frasers so widely known in St. Lawrence Ward, died suddenly Monday, 9th inst., of paralysis of the brain. Mr. Fraser was perfectly well on Sunday, and attended church as usual. A pain in the head troubled him afterwards, ending in his death at 2 p.m., as stated. Mr. Fraser was well known in Montreal, and he had been in the grocery as well as the crockery business until within a few years. The deceased leaves a wife—Margaret McMillan, formerly of 22-5 Lochiel—and two sons to mourn his loss.

**The Queen's Hotel.**  
 The Queen's Hotel is at present undergoing great changes at the hands of its genial proprietor, Mr. H. R. McDonald, preparatory to his taking possession next week. From the basement to the top storey, every room has been done over—new carpets have been put down, and all the halls are covered with new oil cloth. The changes in the dining room are a great improvement—an ash ceiling replaces one of plaster, the wood work has been freshly stained, &c. The concert hall is at present being overhauled and painted, and will present a fresh and neat appearance when it will be opened on Easter Monday by the concert in aid of the Cricket Club. Mr. McDonald can safely say he has one of the neatest and tidiest hotels in Alexandria.

**Death of G. Campbell McDougall.**  
 On Thursday Mr. G. Campbell McDougall, of the firm of McDougall Bros., stock brokers, died at his residence, 682 Sherbrooke Street, Montreal, after a painful illness. Deceased was one of the most popular members of the Montreal stock exchange, and was born in Kingmore near Tyne mouth, Devonshire, England. He first came to Canada with his brother in 1855, after which he was for some years in the stock-broking business in New York. He returned to Montreal in 1874 and entered into partnership with his brother. Deceased was twice married—first to a daughter of the late Mr. C. J. Brydgers, and the second time to the daughter of Hon. D. A. Macdonald, ex-Lieut.-Governor of Ontario. His second wife and two children survive him. The funeral on Saturday from his late residence to St. Martin's Church thence to the cemetery was very largely attended. We feel we are but speaking the general feeling of the good people of Glengarry, when we tender our deepest sympathy to the bereaved relations in their sad loss.

**The Exhibition Car.**  
 Many of our citizens and residents of the neighboring townships took advantage of the opportunity afforded them to become better acquainted with the products and resources of the great Canadian Northwest by paying a visit to the exhibition car at the station on Tuesday. The exhibits consist of specimens of all the products of the four provinces—Manitoba, Assiniboia, Alberta and British Columbia. Fine specimens of grain were to be seen, both threshed and on stalks as it grew. Quite a collection of wild grasses gave evidence of a fertile soil. The fruits were preserved in alcohol, and magnificent specimens of the different varieties were shown. Quite a museum of specimens of ores from the north shore of Lake Superior were neatly arranged in a glass show case. The car is nicely decorated and contains photographic views of the Rockies and other graphic views of interest along the line. The whole affair is attractively gotten up, and does not fail to give pleasure and instruction to the many who visit it from place to place. About 500 visited the car while at the station here. Mr. Aug. Holm has charge of the car, and is assisted by Mr. E. G. Jeffrey, of Montreal.

**GREENFIELD.**  
 Our worthy mayor says he will have our sidewalks painted as soon as they are thoroughly dry.

Winter has left us (stuck in the mud, of course), and spring threatens to jump right into summer at once.

We are sorry to learn of the death of Mrs. A. A. McRae, of Dunvegan, which sad event occurred at her residence last Tuesday morning. The deceased was born and brought up in this place and was highly respected by all who had the pleasure of her acquaintance. She was a daughter of Mr. Ranald (McLusko) McDonald.

Now that our legislators have settled down to work, we expect to see some free literature in circulation. We would like a change this year, as we are overstocked with farm yearbooks. Some of the Blue Books, such as the Trade and Navigation Returns for 1892, the report of the committee on Public Accounts, Royal Commission, &c., would be very acceptable.

**ALEXANDRIA MARKET.**

As a result of the freshet of Saturday and Sunday, a miniature lake of no mean proportions has been formed in the hollow between the residence of Mr. Barcius Thauvette and our school house. To see the number of boys that are collected about this place during play hours and the trips they are taking on rafts constructed in every imaginable style, one is reminded of the adventures of "Sinbad the sailor" or "Robinson Crusoe."

**MAPLE GROVE.**  
 Miss Maggie A. McLeod, of the 5th Lochiel, paid her friends in the 5th Kenyon a short visit lately.

Miss Maggie McDermaid, of Greenfield, was visiting friends in this section the latter part of last week.

Mr. Allan Weir and his sister Margory was on Sunday last visiting friends in the 4th and 5th Lochiel.

Mr. Angus McDowell, of the 6th left on Wednesday for the drive on River De Grass.

Our worthy mail carrier, Mr. Alex. McLeod, who conveys the mail from McCormick to Alexandria, was on Tuesday last about an hour and a half late, as the bridge over the creek at that noted place (The Beaver) had been carried away by the freshet. He had the bridge replaced. Mr. McLeod informed your correspondent that he was going to collect the sum of 10 dollars from the councils, for the delay and also his labor.

Miss Mary Ann Ross, of the 4th Lochiel, left on Monday for Montana. Miss Ross was a young lady highly esteemed by all who had the pleasure of her acquaintance.

**LANCASTER.**  
 Miss Ella McDougall has returned after a pleasant visit at Inkerman Cottage.

Miss Janet Ross, who has been teaching at Cassion's Glen, is spending a few days with her friends.

An episode has occurred in the life of Mr. Owen Froom—it is a boy weighing 14 pounds. Mr. Froom is smilingly content. "The lady friends of 'Bonnie Charlie'" will be glad to learn that the report stating he was going to open a dental office in Van-Kleek Hill is false.

Rev. Mr. Saunderson, who was obliged to leave his charge on account of ill health, has returned greatly benefited in health and spirits by his vacation.

Mr. John Bolster left on Monday morning for Winnipeg. His many friends here will miss him and all join in wishing him every success in his efforts after fame and fortune.

We regret to announce the death of Mrs. J. McArthur "Pleasant Grove" who passed away on Monday evening. We extend our heartfelt sympathy to sorrowing husband and friends.

The biggest flood we have had for years visited this section on Sunday and Monday. A number of houses in St. Eustache were flooded, bridges carried away and roads rendered impassable, the section men of the G.T.R. were obliged to watch the bridge that spans Fiamie's Creek all night for fear of accidents.

Mr. A. D. Cameron, L. D. S., assisted by his brother Charlie and Mr. Frank Tobin, is renovating and decorating his office, making it a thing of beauty and a joy forever. In a few days' time the dentist's patients will only be too anxious to get into the chair and stay where they find satisfactory work and a clever assistant.

**2796**

By the 9th of this month I will have opened out 2796 pairs of **BOOTS and SHOES**, bought from one of the best manufacturers in Canada, and the greater number made especially for myself.

I am now satisfied that this season, as in past ones, I will control the Boot and Shoe trade of Alexandria. Before buying be sure and see these goods: they are the very finest manufactured in Canada, and will cost you no more than the old-fashioned common goods offered by some of the Stores here.
