of the Public Library.

The programme, which will be pre-

The object is a most deserving
one and as a special inducement will

Literary Society

Splendid programme by
High School Pupils.

The students of the High School
scored another success on Friday
evening when they presented a pro-
gramme in MacLaren Hall, entitled,
"An Evening with Tennyson."

It was, in every respect, an en-
joyable and profitable affair, as the
several numbers were so arranged
as to present, in a pleasing manner,
the several characteristics exemplified
by Lord Tennyson in his literary
work.

Mr. E. H. Tiffany, who occupied
the chair, delivered a capital in-
troductory address relative to the
subject of the evening.

Following is the programme:
Essay—"Life and Poetry of Ten-
nyson"—Murdie McLeod.

Recitation—"Lady Clare"—Miss
Jessie McLeod.

Glee—"Old Man Moses"—High
School Girls.

Reading—"Morte D'Arthur"—
Gus Hope.

Recitation—"Break, Break, Break"
—Miss Margaret McDougall.

Recitation—"The Lotos Eaters"
—Stanley Christie.

Piano and Violin Duet—John J.
Irvine and Hampden McIntosh.

Essay—"Enoch Arden"—Miss
Grace McDougall.

Recitation—"Sir Galahad"—Jno
D. McMillan.

Recitation—"The Revenge"—
Horace Marjerson.

Glee—"The Mermaid"—High
School Girls.

Recitation—"The Bugle Song"—
Miss Jane A. McKinnon.

Kenzie.

Recitation—"The May Queen"—
Miss Christina McMillan.

Brigade"—John McMillan.

Reading—"Ode on the Death of
the Duke of Wellington"—John J.
Irvine.

Short addresses by Rev. D. Mac-
Laren, W. A. Remmer and Hugh
Munro and the singing of the Na-
tional Anthem brought this very en-
joyable evening to a close.

Much of the credit for the uni-
form success of the gathering is
due to Miss Flatb, who had the
arranging of the programme.

of social amenity and good fellow-

Last week the News announced

A correspondent sends us the fol-

turned to work, until the 22nd Jan
when he was again stricken with con-
gestion of the brain. His death oc-

Dundee, Que., was born in Dundee
74 years ago. At the age of 24 she
came to Loch Garry, where she re-
sided until 1874, when she and her
husband moved to Owen Sound. Mrs.
Cameron was a sister of the late
Mrs. James Fraser, and of Mr. John
B. McDonald, of Loch Garry, Mr.
McDonald now being the only sur-
viving member of her father's fam-

a devoted wife and mother, her hus-

reavement.

A CORRECTION

Week before last an item appear-
ed in the Stewart's Glen news, re-
ferring to a dance which took place
at the residence of Mr. A. A. Stew-
art. We learn that the item was
false. We regret that we should be
inadvertently made a party to such
tactics. Upon careful enquiry we
find that the name of our regular
correspondent was forged to the
same evidently to gratify some per-
sonal spleen. We trust that this ex-
planation will be satisfactory to all
parties concerned.

In the same issue under the head-
ing of Bonnie Hill, a most mislead-
ing item appeared with reference to
Mr. N. McRae. Our regular cor-
respondent disclaims any responsi-
bility for same so we have to regret
our inability to place the blame
where it belongs.

CAPTURE SOME JAPS

Major, Five Soldiers and Two
Civilians Fall to Cossacks.

WERE 2,500 RUSSIANS KILLED?

Russian Mobilization Is Proceeding on an
Ever Increasing Scale, and It Is Ex-
pected That the 300,000 Russians
in Manchuria Will Be 100,000
Stronger in Two Weeks—Jap
Railway Destroyers Hanged.

St. Petersburg, Feb. 22.—Major-
Gen. Plig, Admiral Alexieff's Chief
of Staff, telegraphs from Port Ar-
thur as follows:

"The situation here is unchanged.
"It is impossible to cross the Yalu
River on the ice below Shackettse.
"A sotnia of Cossacks passing
through Wiju captured Major Tat-
saru of the Japanese army, five
armed soldiers and two Japanese ci-
vilians.
"The reports concerning the enemy
are generally contradictory and
scarce.
"Advices have been received con-
firming the report that troops be-
longing to the army of Yuanshihkai,
Viceroy of the Chinese Province of
Chili, are being sent to Sincifu and
Kupantse.
"Manchuria is quiet."
Another report says war maps and
papers were found on the Japanese
prisoners. It adds that the Koreans
are observing a decidedly friendly
attitude toward the Russian officers.
The Manchurian Railway is for-
warding military trains without dif-
ficulty.

HASTENING MOBILIZATION.

100,000 Men Destined For Manchuria By
Russia in a Fortnight.

St. Petersburg, Feb. 22.—Count
Kutaisoff, war governor of Irkutsk,
has returned to his post to hasten
the forwarding of men and war ma-
terial across Lake Baikal. It is re-
ported all the steamers of the volun-
teer fleets are to be armed.
Military activity is proceeding on an
ever-increasing scale, and all is
in readiness for the mobilization of
the entire Russian army should that
become necessary. In a fortnight
100,000 additional troops will be in
Manchuria. Three army corps of
Siberian rifles have already been
organized, and a fourth soon will
become completed. There is also a
brigade of Cossack artillery armed
with excellent mountain guns.

Russian March to the Yalu.

Gen. Valkoff is in command of the
non-combatants force at Harbin.
Gens. Linevitch and Von Dratovitch
are at Liaoyang (about half-way be-
tween Newchwang and Mukden).
When the 10th Regiment is near
Kinchow, the 9th Regiment near
Liauchang and the 12th Regiment
near Liaoyang, it is intended to
commence a simultaneous march to-
ward the Yalu River. While Major-
Gen. Plig is advancing the troops
from Mukden to the Yalu he will, at
the same time be strengthening his
centre and preparing to defend the
railroad and the north gulf coast in
force.
An enormous consignment of arti-
lery is en route, and it is said with-
out hesitation that there were not
over 275,000 troops in Manchuria
and at Vladivostok when the war
began. The administration authori-
ties of Port Arthur asserts that the
Japanese have landed in Corea only.

A RUSSIAN REPULSE?

Vague Rumors of a Land Battle With
2,500 Lives Lost.
London, Feb. 22.—The cables are
still absolutely silent with regard to
the progress of the war, but there
are vague rumors of land fighting.
As an instance, the Paris edition of
The New York Herald's correspondent
at St. Petersburg talks of a
Russian repulse on the Yalu River,
with a loss of over 2,500 lives.
These rumors are unconfirmed and
from an unreliable quarter.
Japanese Forced Marches.
The Morning Post's Che Foo cor-
respondent says he learns tens of
thousands of Japanese are advancing
by forced marches from various
parts of Corea on the Yalu and that
severe fighting is expected shortly.
The Standard's Kieff correspondent
hears that the rumor is not confirm-
ed officially, but says if it is true it
can only be interpreted as a veiled
threat against India in certain
emergencies. The Tien Tsin cor-
respondent of The Standard reports the
attack by 500 Chinese "brigands"
on the Russian post at Pochow as
probably an attempt to wreck the
railway.

thur H. Shea, M.A., a graduate of
the University of New Brunswick,
and until recently engaged in pri-
vate teaching here, was found at
daylight yesterday morning dying
unconscious in a snow bank without
a vestige of clothing on him and his
legs frozen from the knees down. He
had been showing symptoms of in-
sanity lately and left his home at
4 o'clock in the morning. After a

ment was called out and the men
found him and took him to the hos-
pital. His feet will have to be am-
putated to save his life.

dor has appointed the following

eign relations, Thomas Arias, Con-
servative; Minister of Justice and

500 Albanians Killed.

Salonica, Feb. 22.—Another battle
occurred between the insurgent Al-
banians in North Albania and Tur-
kish troops, Feb. 18. The Albanians
were beaten; 500 men were killed or
wounded. The Turks also lost
heavily.

Fatal Blast Furnace Explosion.

ily at Ping Yang.
Gen. Kurakkin Hanged.

St. Petersburg, Feb. 22.—General
Kuropatkin has been relieved of his
functions as Minister of War and has
been appointed commander-in-chief of
the Russian army in the Far East.
Japanese Inquiries Denied.

Seoul, Feb. 22.—Japanese fugi-
tives, who were maltreated at Port
Arthur, arrived at Chemulpo yester-
day, and the story of their ill-
treatment has created great excite-
ment among the people there.

Russia Favors Hay's Suggestion.

Washington, Feb. 22.—Count Ca-
sini yesterday said Russia gladly and
willingly favored the suggestion of
Secretary Hay to localize hostilities,
and "the highly prized friendly rela-
tions between the Washington and
St. Petersburg Governments have in
no way been interfered with."

Russian Scouting Parties.

Seoul, Feb. 22.—Two Russian
scouting parties were seen yesterday
close to Anju, nearly a hundred miles
south of Wiju.

PEACEMAKER, EDWARD VII.

King of England Offers His Services to
Russia As Mediator.

London, Feb. 22.—Count Bencken-
dorf, Russian Ambassador to the
Court of St. James, is going to St.
Petersburg to personally assure the
Czar regarding the true state of
British feeling on the subject of the
pending war. It is understood that
King Edward will intimate his readi-
ness to act as mediator regarding
the war in the Far East if the Czar
so desires, and the Count will con-
vey a personal message to that effect
from the King to the Emperor.

Britain's Last Word Yet Unsaid.

London, Feb. 22.—The Foreign Of-
fice is waiting for the judgment of
Berlin and St. Petersburg before
having said the last word to Mr.
Hay's proposals. The exclusion of
Manchuria from the neutral sphere
is considered by many diplomats as
a dangerous precedent for either bel-
ligerent, since it implies that one
of the richest and most populous
provinces of China can be cut off and
annexed by either Russia or Japan
at the close of hostilities. Either
power wishes to prohibit the other
from doing what it considers itself
licensed to accomplish.

King to Corea Emperor.

Seoul, Feb. 22.—The British Minis-
ter, G. N. Gordan, presented to the
Emperor of Corea Saturday a mon-
ster silver cup sent by King Edward,
in honor of the fortieth anniversary
of the Emperor's accession to the
throne. Returning thanks to King
Edward, the Emperor expressed him-
self as highly gratified by the gift,
and added that he much appreciated
the presence of the guards of the
British Legation, whom he regarded
as his own troops.

The Kaiser to the Czar.

St. Petersburg, Feb. 22.—It is
known that the Czar has received at
least three personal letters from
European sovereigns, expressing the
heartiest sympathy. The potentates
are Emperor William of Germany,
King Christian of Denmark, and
King Oscar of Sweden and Norway.
The letter from Emperor William
concluded with the significant words:
"God is with us." The others are of
the friendliest character and contain
warm assurances.

Regulating War Correspondents.

London, Feb. 22.—Regulations gov-
erning the conduct of war correspon-
dents in the field have just been an-
nounced. In the event of any con-
traventions of the regulations, or
the instructions of the officer in
command, war correspondents are
made liable to court-martial.

EDITORIAL NOTES.

Hon. Rodolphe Lemieux, Solicitor-General, was re-elected in Gaspé, Que., by acclamation on Saturday.

Mr. Tarte's influence in the bye-elections in Quebec on Tuesday of last week, may be set down as "nil."

Out of twelve Dominion bye-elections recently held, the Liberals have won nine. Our Conservative friends are welcome to all the satisfaction they can get out of these figures.

Mr. F. D. Monk, whom Mr. Tarte has virtually superseded as leader of the Quebec Conservatives, thinks the Conservatives have not gained anything by calling themselves "protectionists." He ought to know.

There was a mountain of meaning behind that simple phrase that Mr. Monk used when he refused to discuss the result of last week's federal elections in Montreal. "I would be pleased," he said, "if you would say that when seen I did not like to discuss the result."

Mr. Monk's retirement from the leadership of the Quebec Conservatives, shows that matters in the truly loyal party are much the same as in the days of the "nest of traitors," only there is not quite so much to fight over now.

At the Theatre des Nouveautés, Montreal, this week a play entitled "Business is Business," is being presented. "Standing Room Only" would be at a premium were the star part enacted by Hon. Mr. Tarte, the new Conservative leader in the Province of Quebec.

Grain deliveries in Ontario are still very light. The Ontario farmers stand to profit handsomely by having held their wheat. Prices are now at the highest point of the present crop year. In Manitoba the farmers have pretty well sold out last year's crop of wheat.—Bradstreet.

It is not difficult to account for the result of the bye-election held last week in St. John, N.B. In a word the electors of that city, irrespective of party leanings, wished St. John made one of the important terminals of the new G. T. Pacific system. Their desires were not gratified, they felt sore and took advantage of the occasion to tell the Government so.

A journalistic member of the Legislature, writing to his paper, asks the question where the money came from. He is in conversation with Mr. Gage every day. How would it do to ask him confidentially? Ask him why he concealed depositing the \$800 in the Ontario Bank. Ask him why he altered the deposit slip; why he tore the leaves out of the account book; why he told one story about it to the reporters at Buffalo and swore to a totally different story in the court—and both equally incredible. Mr. Downey might get a great "scoop" if he would use his opportunities.—The Globe.

Hon. J. Israel Tarte reached the depth of humiliation when circumstances impelled him to promote the election to the House of Commons this week of Mr. J. G. H. Bergeron, ex-M.P. Not that Mr. Bergeron isn't quite as fit to be a member of the House as Mr. Tarte but for nine or ten years Mr. Tarte had declared before the public that Mr.

Bergeron was not a fit person, that his views were wrong and his policy bad. Then he turns round and asks the people to elect Mr. Bergeron! There are some pretty hard gulps in politics.—Ottawa "Events."

For years the electors of Glengarry have listened over and over again to the assertion from the political platform that Ontario had no trust funds in the hands of the Dominion Government—that the interest of five per cent annually received and placed in the provincial revenues was not really interest, but a subsidy. This contention was permanently exploded recently when the Premier read in the Legislature correspondence from the Dominion Finance Minister, Hon. W. S. Fielding, saying that hereafter they would not pay five per cent, but would pay four per cent, and if that were not satisfactory the Dominion would pay over the principal and close the account. This settles for all time to come the fact of the existence of this real asset.

MR. MONK TO MR. BORDEN

The statement made several weeks ago by the Montreal Herald, that Mr. Monk, leader of the Conservative party in the Province of Quebec had resigned, was characterized by the Conservative press as a Liberal roorback, issue for the purpose of influencing the then-pending Federal elections.

Subsequent events show that the Herald was right and that the split in the Conservative party in Quebec Province is a sorrowful reality, so far as Mr. Borden and his followers are concerned.

For several years, Mr. Tarte was the acme of political knavery and duplicity according to the Opposition press. When he was asked for his resignation as a member of the Liberal Cabinet, by Sir Wilfrid Laurier these same papers and party leaders received him with open arms, and he, who yesterday was looked upon as the personification of all that was bad, was immediately hailed as the rising hope of a party whose fortunes were as forlorn as the tenant of a bath tub in mid-ocean.

Mr. Monk, who had been loyal to his party, was ignored so that there was but one course for him to pursue—to resign his position as the Quebec leader—which he did in the following manner:

"Montreal, January 17, 1904.
"Mr. R. L. Borden, K.C., Windsor Hotel, Montreal.

"Mr. dear Mr. Borden.—The news that another session of Parliament is to take place, and that the general elections have been indefinitely postponed permit me to carry out a resolution which I have deferred for some time because I thought, like many others, that the electoral campaign was to begin immediately. "Since 1900 I have done my best to fulfill my duties as chief of the Conservative party in this province and I have nothing but praise for courtesies and considerations that have been extended to me by the people of the province of Quebec, but there are in our party here certain elements, which clearly are not in sympathy with me, but which are hostile to me.

"The task of directing the Opposition at the present time in Quebec, is a difficult one, the success of which depends on complete unanimity. In the circumstances I have come to the conclusion that it is better for me to hold the duties of an ordinary member of Parliament and I ask you as chief of the Opposition to assist in my determination. I feel that I can make myself more useful in the ranks of the party.

"I shall continue to apply myself to the defence of the interests of my electors, who have so generously supported me in the past, and who are entitled to all my consideration.

"Yours, most devotedly,
"F. D. MONK."

100 YEARS OLD.

Senator Wark Likened to Moses—Messages of Congratulation From Sir Wilfrid Laurier and His Colleagues.

Ottawa, Feb. 20.—"And Moses was 120 years of age when he died. His eye was not dim, nor his natural force abated." The foregoing excerpt from the Scriptures was applied to Senator Wark, the oldest living Canadian legislator yesterday. Telegrams of congratulation are pouring in upon Senator Wark from all parts of the Dominion. Here is one that the Prime Minister sent yesterday morning:

From Mr. Laurier.
"Ottawa, Ont., Feb. 19.—To the Hon. Mr. Wark, Fredericton, N.B.: My colleague, the Hon. H. E. Em-

SENATOR WARK.
As He Appears in the Senate.

merson, will be in Fredericton today to offer you the congratulations of the Canadian Government on the occasion of the 100th anniversary of your birth. At the same time I beg to join my own personal voice to the voice of all your fellow-citizens in thanking Providence that your life has been spared, and in hoping that, by God's blessing, it will be preserved for many years. (Signed.) Wilfrid Laurier."

For the Government.
A message from the Secretary of State was worded as follows: "In behalf of the Government of Canada and myself, I desire to offer you our congratulations on the celebration of your centenary. Your long and useful life, marked by equanimity and temperance, presents a noble example for youth and middle age to emulate. I hope to see you next month in your place in the Senate, when you will receive a hearty welcome from that body, in whose deliberations you have for so many years taken an active interest. (Signed.) R. W. Scott."

An official of the Government wired Mr. Wark this original message: "I desire to add my personal congratulations to the many which you have received on attaining the age of one hundred, and wish you yet many years. You are twenty years younger than Moses, the last legislator to cross the century mark."

The hundred Years Old.
Fredericton, N. B., Feb. 20.—Flags flew from public and private residences yesterday in honor of the celebration of Senator Wark's birthday. Lord Minto sent a message to him conveying the King's congratulations in his achieving his 100th birthday.

REVELATIONS PROMISED.

Fugitive Deputy Returning Officer to Give Evidence Monday or Tuesday.

Toronto, Feb. 20.—Ald. Ramsden, Alfred Maguire, George Robertson, Bernard Kelly and a number of ward workers who were working for various candidates, were in the box during the day, together with Durand and George Thompson. Much interest centred in the New Year's Eve tour of Controller Richardson, Ald. Ramsden and others in Kelly's hack through the ward, and especially the gathering at George Robertson's home on Centre street, where it is alleged plans were laid for controlling the election in that part of the city.

Sam. Thompson, the fugitive returning officer, will be in the witness box of the civic investigation Monday or Tuesday. At that time a full confession, covering all knowledge of crooked election methods he possesses, will have been placed in the hands of Mr. Riddell. Arrangements were practically completed Thursday night by which the fugitive agreed to return and tell a story "that will reveal a sickening condition of municipal corruption in high places."

It is said Thompson has never been out of the city. A warrant has been issued for his arrest, and will be executed if he does not give himself up.

HAYS OFF FOR LONDON.

Montreal, Feb. 20.—Charles M. Hays left New York yesterday for London. It is understood that the general manager of the Grand Trunk goes to England for the purpose of submitting the Grand Trunk Pacific's modified agreement with the Dominion Government to the half-yearly meeting, which takes place in London in March.

116 May Be Burned.

Rachne, Wis., Feb. 20.—Late last night the city authorities were notified that the County Insane Asylum, four miles from the city, was on fire, and, owing to the cold weather and lack of fire-fighting facilities, was in danger of being destroyed. It is said there are 116 inmates in the institution.

Sick Firemen Recovering.

Toronto, Feb. 20.—The condition of the seven firemen who were victims of the fumes which proved fatal to their comrade was improved last night, and unless complications unforeseen occur there will be no other fatalities.

Letter to the Editor.

To the Editor of The News.

In reply to the vaporous rhapsody signed by the Secretary of Kirk Hill Football Club, permit us to say a few words, notwithstanding the mandate of one of the self-styled Secretaries. The donor and Secretary of S. O. S. are exceedingly fortunate to have a haterant minion over whose signature they feebly attempt to clear themselves in the eyes of the public. But our readers are not going to be misled in this fashion, when we have every word of correspondence which was received by our club from the Secretary of S. O. S. in regard to the contest, so we have decided to publish them verbatim, seeing that they are anxious to prolong the contention, not being satisfied even when we refused the medals officially, they say we are trying to obtain that which does not belong to us by crooked and unjust means. This statement is absolutely false. We never asked for the medals till we had the decision of the referee without a protest, and defy anyone to prove to the contrary, and weren't we entitled to them then? Besides, before publishing last letter we had refused them under any condition. We might just say right here that we were offered the set of medals and a supper in Dunvegan on Dec. 8th, by donor, if we would agree to withdraw the letter which had been sent to the News, but which had not yet been put in the press. That lends some color to their statement, but unfortunately for them it is the shady-black which characterizes their entire letter. They ask why Dunvegan Captain did not call on Secretary of S.O.S. the days of convention, and say he did not do so. Here, again, they wander from the truth, for he did call on both days, Thursday and Friday, and enquired particularly for a representative of the donor. They probably thought that his departure from Dunvegan would give them some chance to cast an infancy upon him, but here, as usual, they are left. They said before that Dunvegan Captain left a list of names with Secretary, so he did on the very occasion referred to. Then if they knew he left the list, they must have known he was there. Yet they say he wasn't. Give some people the hump and they will make the noose for themselves every time. If they call it their bounded duty to write such trash as characterized their first letter, we envy (h) their purpose in life. They persist in saying that medals were put up for Glengarry men, and they were wise enough to know it. Their Secretary's letter contradicts this, for he says they will get Vankleek Hill team to play if we won't. The Secretary of S. O. S. told Moose Creek that they were wanted to play in case we refused. There never was a word said about playing outsiders in a letter to Dunvegan club from Secretary of S.O.S. till thirty days after the match on Sept. 2nd, and twelve days after deciding the issue at the fair. Their captain told our Cornwall man in the hearing of some of our boys on Sept. 2nd, that they should have had him playing with them. The Secretary of Kirk Hill Football Club said in Dunvegan that there were no regulations, and that was when they were giving us our last chance. Then we ask our unbiased readers if it is at all likely that there were any regulations till after the first match at least. It is true there was a bogus letter presented to our captain on Sept. 10th, but it was at once seen that it could not possibly have been written by the donor, whose signature it bore. Kirk Hill said they received word to play on the evening of Sept. 8th. The letter was dated Sept. 8th, and at the same time the donor was in Toronto. It's an old saying that "bo who sups with the devil must needs have a long spoon," but to perform the feat of writing a letter in Kirk Hill while in Toronto would require a long quill indeed. It is not contradicted that it was bogus, still they say that a very honest and fairminded person would uphold it. If we cast a slur on any person by mentioning his nationality he is a poor sample of Canadian in deed. It is said we misrepresented them, and they didn't say "we will send," etc. Well if their memory is so conveniently elastic as to forget what was written by themselves, they had better call at the News office and get a copy of the paper of that date and they will find it near the conclusion we are blamed for not playing the tie off on Sept. 2nd. The referee's report hereto appended will show that to be untrue, and by this way he was suggested by themselves. But what would be the use of them playing the tie off that day, if, as they say, no good would have been accomplished by playing against our team Sept. 10th, for it was practically the same as Sept. 2nd. Then, why did they play on Sept. 2nd at all, if it was needless and useless? However, the letter dated Sept. 4th, will show that it was not needless nor useless, for the medals might have gone to the team who appeared ready to play at 3 o'clock if the other team failed to present itself, and a match with all Glengarry men on both sides was not mentioned. They say they had no outsiders because they kept to the "main requirement demanded by the rules and regulations," which was about the only one they kept, and which we have clearly shown did not even exist in their imagination on Sept. 2nd, or would they have spoken to McDonald as they did after play had started. The regulations which are recognized by all athletic league associations sink into oblivion before the rule, and only one which governed this contest and suited them too well to be made before the contest. We tried to tell them they couldn't play football, as they didn't score a goal during the entire season. Their answer reminds us of the poem entitled, "We are seven" in which the little girl persists in "saying nay master we are seven," when we ask them if they can play any other game. They say yes, football. Will put up money on Glengarry against Dunvegan (for they have Glengarry picked already). The Secretary of S.O.S. says in his letter of August 31st that our local team has nothing to fear from their combination throughout, and he ought to know. Now Kirk Hill, if you are really serious about playing football, play a Kirk Hill team composed of players who are bonafide residents within three miles of the post office. That will give you nearly thirty square miles to draw from, and we will do the same. If you are fair enough to do this you needn't come far from your own door to put up all the money that your check can command. If you won't do the fair and square thing, don't display your perverseness before the public. When we said we would play Kirk Hill at any game, we were not aware that the recent Redistribution Bill of The Laurier administration made the above named place identical with Glengarry and have not been authentically advised to that effect yet, so please when we speak to you don't get so important and to answer for the county. We will stay by what we said about playing Kirk Hill for any amount they care to name, and are not particular whether they shut up or not as the more they say the deeper they send themselves, the donor and Secretary of S.O.S. into the mire. There were certainly some wise men in the east on Sept. 10th and they were the old guard who cried "enough" and refused to turn out for Kirk Hill. These four players who they said on the ground that day were to play with them and who were their main strength on Sept. 2nd, knew what they were doing. Come now, Kirk Hill tell the truth and say that that's why the bogus letter was invented and regulations to suit yourselves were made which gave you an excuse to break down, after pressing into service were in their Sunday trousers in order to have eleven players. They spoke of records. We gave them more than was good for what ailed them. In the last letter they said they played at Dunvegan with one outsider, this time they say they had none. We suppose this is another case of the famous arbitrary witness, faulty memory. They have a glorious record. They say so themselves and you can silence it, though it would sound better if they could get some one else to express their delusions. At their "inceptive" in the "glowing of the morning" (quite poetical isn't it?) they had to contend with an experienced team. Well, we admit that Dunvegan team was composed of several players who had known the game for some time, but really that team that represented Kirk Hill in Alexandria is too young for senior company. They should be playing in a juvenile league. Supposing they challenge a team under 43 years of age, majority of whom have no hair on the top of their heads. It is a wonder they were old enough to be so wise, but as Solomon wrote, there are people who are "wise in their own conceit," but who other people call the opposite. The committee are not deservng of our thanks for anything. We went to Alexandria on Sept. 2nd, paid all our own expenses, missed all the other attractions of the demonstration and the letters published herewith will show the treatment we received in other respects. It is said we could have got our suppers free, had we asked for them as Kirk Hill did, but when Dunvegan boys beg for a meal, it will be when they can't pay for it. They insinuated that we cried for bread, but that shows who the

hungry people were. We might now refer our readers to the letters received from Secretary of S.O.S. From the letter dated July 22nd, which was the first, it will be noticed that our team is wanted to play, and Kirk Hill is only suggested, also we are promised fair and impartial treatment. In the next letter it is stated that W. D. McLeod, M.L.A., is donating a cup to winners, and it is said, "perhaps you might arrange a match with Kirk Hill." Knowing their reputation for importing players for matches, in which there was no trophy placed we knew they would be sure to have a necessary aggregation for this event, and so told the Secretary of Managing Committee that we would prefer to play some other team and arrange with Moose Creek. Although the bills had been printed he assured us that made no difference and as well as other members of the committee said that Kirk Hill would not necessarily be in the contest. So we arranged a match with Moose Creek, each club sending a list of players to the other to which any one considered an outsider could be objected and prohibited from playing by the opposing club. Then came the letter dated August 24th, and it will be readily seen that for some reason best known to the Secretary or donor, Kirk Hill must be one of the contesting teams. Here it is not even hinted that Moose Creek are prohibited because they are outside county, and a short time after writing it, the Secretary of S.O.S. proceeded to negotiate with Moose Creek, in case we refused to play the Glengarry combination. It is said that we need share no anxiety as to the outcome. Seeing that we had to face the team masquerading under the name of Kirk Hill. We tried to get them to agree to a three mile limit and the answer dated August 31st, shows that it is Kirk Hill and not the committee who are running the show. Then came the match on Sept. 2nd, and Referee McBae's report will show how that was. It might be said right here that Dunvegan captain told the Secretary of S.O.S. on that before the match, that if the Williamstown man played the Cornwall man could play with Dunvegan and no objection was raised to his being an outsider. The communication of September 4th was next in order. When we were asked to prepare for Sept. 10th, this we did by bringing practically the same team over, getting the decision without a protest, as Referee MacDonald's report shows. Then we claimed the medals as we were entitled to them. Not hearing from the Secretary of S.O.S., Dunvegan captain wrote again, saying that if the committee didn't intend to keep to their promise of fair treatment, the affair would be cried in the courts of the society. Then came the letter of Sept. 22nd, in which it is said that they cannot force the hand of the donor, and that he said if we won the match on Sept. 2nd, we wouldn't have got the medals. This was absolutely the first time that we were authentically officially advised of the condition imposed. It is true, we had seen the fraudulent letter on the 10th, but knew it to be a fabrication. There is an exact copy in our possession at the present time. Then comes the letter dated Sept. 28th, in which we are offered eight medals or a silver cup. Our answer to this was that we would accept a full set of medals. Having given suffice time to have them forwarded, and not having received them, in order to settle the matter for the future, we refused the ornaments under any conditions. After this the donor offered to come to Dunvegan, give the boys a supper and present the set of medals, on conditions named above. This they refused like men, as their rights were not to be bought for eleven pieces of silver. The letter from Secretary of Kirk Hill needs no comment. Suffice it to say it contains no regulations save those manufactured by himself. Trusting Mr. Editor that you will oblige us in making public the doings of all concerned.

Yours truly,
R. K. McLEOD.

BANKS IN SCHOOLS

Education Department Asked to Authorize Them.

FOR SAVINGS OF CHILDREN

Government to Revise the Fees of Magistrates—Trouble Over Interprovincial Game Regulations Due to Quebec Law—St. Joe Railway Land Grants Revised—Bill Respecting Houses of Refuge.

Toronto, Feb. 20.—The expansion of the system of savings banks in the public schools was brought to the attention of the Legislature yesterday by Mr. T. H. Preston of South Brant. The system had proved most satisfactory, he said, in inculcating the principles of industry, thrift and economy, and he urged that the Education Department authorize its extension, and relieve the public school trustees of the personal liability they at present carried in case of defalcations. Hon. Mr. Harcourt agreed that the system was a good one, and thought that perhaps the time had arrived when the department might take some action in the matter.

Bills Introduced.

Hon. Mr. Latchford introduced a bill amending the act respecting the granting of land to the Thunder Bay, Nipigon and St. Joe Railway. The bill gives power to the Government to grant land in Thunder Bay instead of Algoma. The lands are to be within 24 miles of the railway, instead of 18, and they must not be situated on the east side of the railway south of Lake Nipigon. This prevents the company from securing the water powers of the Nipigon River. The time for the commencement of the road is extended to April 1, 1905, and the completion to April 1, 1906, and the time for locating settlers on the lands is extended to 10 years from April 1, 1904, instead of 10 years from April 1, 1901.

Hon. Mr. Harcourt introduced a bill relating to the Toronto Board of Education.

A bill was introduced by the Provincial Secretary enabling county councils to enter into agreement with cities or towns for the extension of the water supply and sewerage system to Houses of Refuge; and to issue debentures for Houses of Refuge without obtaining the consent of the ratepayers.

Mr. Lee's bill to amend the Public Schools Act provides that cities and towns shall contribute to the salary of county board examiners, and another bill seeks to reduce the number of petit jurors empanelled to 36 instead of 48 as at present, except in York, Wentworth, Middlesex and Carlton Counties.

The time for introducing amendments to the Municipal Act expired on Friday. Mr. Duff had a bill of this nature, and Hon. Mr. Gibson suggested that its provisions be incorporated in other municipal act amendments before the House.

Dead Meat Industry.

The Premier informed Mr. Duff that the Government had no definite plan in regard to giving assistance towards the establishment of a dead meat industry by bonus, or otherwise.

To Mr. Smyth (Algoma), the Commissioner of Public Works said the Government had received no petitions for grants for drainage in the Townships of Balfour and Rayside, and the Government was not considering the question of making any such grants.

The Attorney-General told Mr. Clark (Bruce) that the charter of the Vermilion Gold Mine in Denison Township was forfeited, but on cause being shown the forfeiture was cancelled, and the company is now selling the property. The mine was no longer regarded as an asset of the province.

Hon. Mr. Harcourt said, in reply to a question by Mr. Murphy, that classes in cooking and domestic science had not been discontinued at the Provincial Normal School at Ottawa, and that there was a room there properly equipped for the purpose.

The Government would introduce a bill relating to the revision of the fees of certain magistrates, the Attorney-General informed Mr. Hoyle.

In reply to Mr. Murphy, the Commissioner of Public Works said the Government was not aware that the Government of Quebec had granted a license for commercial fishing in Lake Temiskaming. He was advised by the Deputy Minister of Fisheries of Quebec that a license had been granted for fishing for local consumption, and that licenses for fishing for export had been refused. Since then the Government had impressed on the Province of Quebec the undesirability of granting commercial licenses and had received no reply.

A Prohibition Convention.

Toronto, Feb. 20.—On or about March 15 a prohibition convention for the Province of Ontario will be held in Toronto. The exact date will be announced as soon as the executive of the alliance can be sure of having the proposed temperance legislation before the convention for its consideration.

Flour Advances in Price.

Winnipeg, Feb. 20.—Both milling companies advanced the price of flour another 10 cents yesterday. This makes price for best qualities of Ogilvie Milling and Lake of Woods Milling Companies \$5.30 per barrel.

Drove Over 90-Foot Cliff.

Halifax, N.S., Feb. 20.—Patrick Walsh, lighthouse keeper Lingan, drove over a 90 foot cliff in a snow-storm Monday night. The body was found yesterday morning by a searching party.

FIRING WAS HEARD

Indications That Vladivostock Squadron is Out of the Ice.

NAVAL BATTLE NOT UNLIKELY

Russian Battleship and Four Torpedo Boat Destroyers on the Watch For Japanese Merchantmen—Chased a British Steamer 460 Miles North of Aden—Russian Gunboat at Shanghai Must Leave.

Tokio, Feb. 22.—A telegram from Matsuyama, a fortified town of south-western Japan, reports that cannonading was heard on Saturday morning off Minamisaki, on the northern part of the Shimane Peninsula.

The crew of the Japanese steamer Tamagawayaru, which has arrived at Shimane, reports that she was followed seven miles off Fusan, Korea, by four warships. The latter abandoned the chase near Tsushima Island, midway between Shimane and Fusan.

Naval Engagement Not Unlikely.

Four Russian warships that were at Vladivostock when the war started cut their way out of the ice there, and have previously been reported as threatening the northern coast of Japan. Once they were safely reported sunk by the Japanese. If they are now off the south coast of Japan, as indicated in the above despatch, they are a menace to the Japanese transports carrying the big army to Korea, though the latter are probably conveyed by a strong squadron of warships. A naval engagement is therefore not unlikely.

Watching For Japs.

Aden, Feb. 22.—The Peninsula & Oriental Company's steamer Mongolia encountered at noon on Saturday, 460 miles north of Aden, a Russian battleship and four torpedo boat destroyers. After the vain attempt of a destroyer to cut off the Mongolia, all the warships gave chase, but, being unable to overtake her, they signalled her to stop. The Mongolia obeyed and a destroyer, after a close scrutiny, signalled "Beg to be excused." The fleet is evidently hoping to capture Japanese ships.

Japs About Port Arthur.

Port Arthur, Feb. 22.—Sounds of desultory firing at sea are heard almost nightly, and yesterday morning firing was again heard. This is doubtless due to the attempted approach of Japanese torpedo boats, but nothing serious has developed. The garrison is in excellent spirits and is firmly convinced of the ultimate success of the Russian arms.

The Novikrai prints a long article invoking historical precedents to prove the illegality of the Japanese declaration that coal and victuals will in cases be treated as contraband of war. The paper describes Japan's attitude as barefaced presumption and urges the neutral powers to disregard and not to refuse to supply belligerent ships with coal to carry them to their nearest home port.

It follows, therefore, The Novikrai says, that the British Government should allow Russian ships at Singapore to take on sufficient coal to enable them to reach Port Arthur.

Razed Within 2 Months.

Chefoo, Feb. 22.—The Russian military authorities are pouring troops into Port Arthur as fast as possible. All non-combatants are leaving, and every preparation is being made for a protracted siege. Nothing has transpired since the Japanese movements, but high officers declare Port Arthur will be taken within two months. Reliable information as to their plan of campaign cannot be obtained, but the greatest activity prevails.

To Defend Port Arthur.

St. Petersburg, Feb. 22.—A despatch from Port Arthur announces that, by order of Viceroy Alexieff, an irregular volunteer corps is being raised to defend that fortress. The men will be provided by the state with arms, rations and the necessary clothing. It is thought, the despatch adds, that Japan regards foodstuffs consigned to Port Arthur as absolute contraband of war, and that she will undertake the capitulation of Port Arthur by a siege.

Czar to Take Command.

Rome, Feb. 22.—According to The Agency Libera, the Czar will go to the Far East at the beginning of spring, to take command of the army.

Wireless Called Back.

St. Petersburg, Feb. 22.—The report that Admiral Wirovius, who, with his squadron has been awaiting orders at Jibuti French Somaliland, had been instructed to abandon his voyage to the Far East is confirmed. The squadron will probably return to the Baltic.

Five New Russian Warships.

Berlin, Feb. 22.—The five new Russian battleships which have been in course of construction for some years have now been completed, and are ready for sea. They will comprise part of the new squadron which is being organized for the Far East, and is to sail whenever the necessary arrangements are completed.

Russian Gunboat Not Wanted.

Shanghai, Feb. 22.—Urged by the Japanese consul here The Taotai ordered the Russian gunboat Mandajur to leave the harbor before 5 o'clock yesterday afternoon, but the order was ignored. It is reported that a Chinese squadron has been ordered here to enforce the Taotai's demand and to enable Japanese steamship companies to resume service between Japan and Shanghai.

Japs Seize Russian Steamer.

St. Petersburg, Feb. 22.—A Russian correspondent of the Associated Press at Port Arthur reports that the steamer Shilka left Vladivostock, Feb. 3, and arrived at Tsushima (a Japanese island northwest of Naga-

saki), Feb. 6. Here the steamer was seized, and, without explanation, taken to Nagasaki Bay.

Ships Pass to the East.

Island of Perim, Red Sea, Feb. 22.—A squadron of warships passed here at midnight Friday, bound for Suez. It was believed to be the Russian squadron recently at Jibuti, French Somaliland.

French Squadron.

Brest, France, Feb. 22.—The torpedo boat destroyers Pistolet and Javelin will leave here for Algiers on Wednesday to join the destroyers Monseigneur and Fraude and the cruiser d'Assas. All the warships will then proceed to the Far East.

COULDN'T SAVE THEMSELVES.

Two Men Die in Brave Attempts to Save Others.

Ithaca, N.Y., Feb. 22.—In a brave attempt to save the life of Ames G. Allen of Chicago, with whom he was skating on Cayuga Lake, Louis T. Dickinson of New York City, a senior in the college of law at Cornell, lost his life yesterday. The two young men had skated as far as Atwater, 18 miles north of Ithaca, when Allen broke through the ice. While attempting to pull him out Dickinson fell in and sank. Allen was dragged ashore after having been in the water more than half an hour.

Gave His Life For Another.

New York, Feb. 22.—William Mara, a member of the cadet battalion of St. Bartholomew's parish, lost his life yesterday while rescuing women from a fire at a boarding house in East 61st street. When there was a call for help the young man was in uniform and dashed into the house and carried out a young woman. He died of suffocation. Many women in a hysterical condition or overcome by smoke were rescued from the house. The property loss was small.

BRITAIN AND THIBET.

Gen. MacDonald and His Flying Column Back at Chumbi.

London, Feb. 22.—Col. Younghusband's mission to Tibet at present is at a complete standstill. Gen. MacDonald with a flying column has returned to Chumbi. The big Tibetan force assembled at Gurn has dwindled to 2,000 men, and there is nothing to indicate what will be the next phase in the event of the Dalai Lama maintaining his present attitude.

The Indian Government has taken the greatest pains to emphasize the fact that the mission entirely is political, and is sole object the amicable settlement of outstanding difficulties with the Lama Government. It lays stress on the fact that Col. Younghusband has the most careful instructions not to excite hostility, while Gen. MacDonald has been ordered to act on the defensive only, his sole duty being to safeguard the commissioners.

FATAL FIRE IN PARIS.

Fourteen People Dead—Jumped From Windows to Escape.

Paris, Feb. 22.—Fourteen employees of a celluloid comb factory in this city lost their lives yesterday in a fire which was started by an explosion of gas. About twenty other employees were injured.

The explosion, which occurred in a room in the fourth story, drove bricks and pieces of glass against a house on the other side of the street, and immediately afterwards enormous jets of flame burst out of the windows. Soon the entire structure was on fire. Simultaneously a number of men and women employed on the upper floors, and who had been eating their lunch, appeared at the windows and shrieked for assistance. This was attempted to drop from a window to a balcony below, but falling, fell to the pavement below and were killed.

MR. JAFFRAY CHAIRMAN.

Will Preside Over Deliberations of the Temiskaming Railway Commission.

Toronto, Feb. 22.—The commissioners of the Temiskaming & Northern Ontario Railway met on Saturday, the chief business being the election of a Chairman, that position having been rendered vacant by the resignation of Mr. A. E. Ames. The commissioners present were Messrs. Ed. Gurney, Toronto; B. W. Folger, Kingston; F. E. Leonard, London; and M. J. O'Brien, Renfrew; Mr. Jaffray being absent in the south.

In the election of the Chairman, a resident of Toronto being considered necessary, the choice was limited to Messrs. Gurney and Jaffray, and, as the former declined, Mr. Jaffray was chosen permanent Chairman.

Died at Berlin.

Berlin, Feb. 22.—Mrs. Elizabeth Harriett Meyer, relict of the late P. E. W. Meyer, editor of The Berlin Daily News, died at her residence, "The Retreat," here yesterday afternoon, aged 59. The deceased was born in Toronto and was the eldest daughter of the late Ald. William Ardragh of that city, who died in 1881. W. A. E. Meyer, of The St. Catharines Journal, is a son.

Big Fire at Woodstock.

Woodstock, Feb. 22.—At about 8 o'clock yesterday, fire was discovered in the store owned by Mrs. Kendall, and occupied by J. O. Trotter, clothier. Before the fire could be subdued the store and its contents were completely destroyed. Total loss on stock estimated at \$19,000; insurance, \$7,000; loss on building as yet unknown; insurance, \$5,000.

Devonshire Reasserts He is a Pronounced Free Trader.

WHY HE LEFT THE CABINET

Advised Those Who Looked to Him For Advice or Authority to Give No Support to Any Chamberlain Candidate—Lord Lansdowne Hopes Discussion Will Lead to Closer Imperial Relations.

London, Feb. 20.—(C.A.P.)—The Duke of Devonshire in the House of Lords, which was crowded with peers, peeresses and members of the Commons, yesterday entered into full particulars concerning the reason for his withdrawing from the Cabinet. He said he was long troubled in his relations with Mr. Chamberlain. Premier Balfour wished him to resign with Mr. Ritchie and others, but he preferred to remain as a restraining force. When he became aware that Chamberlain had resigned he suggested to Mr. Balfour that Mr. Ritchie and Lord George Hamilton, having resigned on a misapprehension should be asked to reconsider. But Mr. Balfour said he had no intention of asking further consideration of his Sheffield speech. He then decided to resign, as he was a convinced free trader, and he declared emphatically he would continue to advise those respecting his authority and give no support to any Chamberlain candidate. Personally, as chairman of the Iron and Steel Company, he had no complaint against a policy to retaliate against America and reserve the home markets for ourselves, but the Government of the country should take the broader view that dumping was only an intermittent evil.

Lord Lansdowne replied that it would be diplomatic folly for the Government to divulge prematurely the use they may make of the discretion they proposed to ask Parliament to invest them with. His view this moment was that European powers were contemplating further additions to their hostile tariffs against Britain. Protection of preferential tariffs is not proposed, but while we say this we do not desire to be bound so that at no future time under no circumstances should we be prepared to contemplate the possibility of a mutual, advantageous arrangement with the colonies to whom we owe so much. If free discussion of that question is being looked upon in the light of the possibility of doing something to draw the colonies closer to us, he is glad to rejoice.

The vote for the third time this session resulted in 51 majority for the Government.

Address Agreed to.

London, Feb. 20.—In the House of Commons yesterday, the Home Secretary, Mr. McKenna, in behalf of the Government, moved the closure of the debate on the address in reply to the speech from the throne, which was carried. The address, as a whole, was then agreed to without a division, and the House adjourned.

HIS MAJESTY'S TACT.

Repairs Injury to Lord Roberts' Feelings Hurt By Government.

London, Feb. 20.—The royal eulogy of Lord Roberts, contained in the special army order issued Thursday evening, in which King Edward took leave of Lord Roberts as commander-in-chief of the army, is commented upon as avoiding an awkward dilemma. The exceedingly curt manner in which the War Office dismissed Lord Roberts deeply incensed the late commander-in-chief, and this feeling was shared by the public to such an extent that it threatened to lead to a serious attack on the Government in Parliament.

The King's first intimation of his disapproval of the War Office treatment was to invite Lord Roberts to Buckingham Palace, where marked attention was shown to the field marshal. This has now been followed by the general army order, which was sent out by the King personally, not, as usually, through the War Office.

IN EVIL CASE.

C.P.R. Lake Michigan Is Still Ashore Near Dungeness.

London, Feb. 22.—The Canadian Pacific Railway's Canada Line steamer Lake Michigan, which collided with the bark Matterhorn Friday, is still ashore near Dungeness. Owing to a heavy wind it is feared that the vessel will become a wreck. Tugs from Dover have succeeded, in getting water aboard for the cattle, but they are unable, owing to the heavy sea, to supply the Lake Michigan with pumps. Forty-six members of the crew were landed at Dover Saturday night, where they were supplied with clothing. The crew returned to the vessel yesterday. It is believed the Lake Michigan is damaged below the water line amidships.
