

Council Firm In Decision To Quit Financing Recreation Program

Taxpayers Should Not Be Expected To Underwrite Cost Any Longer, Mayor Graham Tells Members Of Recreation Commission

Town Council feels it has fulfilled its obligations to the Recreation Commission in financing the costs of first-year operations and the Commission should arrange to carry on without help of Council if the program is to be continued, Mayor Graham told members of the Commission who attended Tuesday's meeting of Council. The Commission had written Council following last meeting's decision to end support of the program as of October 1st. It had suggested an extension of the program to the end of the year and the holding of a referendum at the next municipal election to ascertain the opinion of the taxpayers.

Sympathy Motion For Late Councillor

Much of the time of Council at Tuesday's lengthy meeting was taken up in discussion of the Recreation question, and as a result a special meeting will be called later this week to consider the setting of tax rates. The financial position was reviewed but the hour was too late for final decisions.

Mayor Graham moved a motion of condolence in the recent death of a valued member of Council, the late Archie Gauthier, and a period of silent tribute was observed.

J. A. Roussin appeared before Council to ask that repairs be effected on the water service on the boundary road. The P.U.C. will be instructed to look into the situation. The local Fire Brigade was granted permission to hold a Tag Day on October 13th, and the Salvation Army was authorized to hold one on some succeeding Saturday in the month.

There was considerable discussion on a letter from Magistrate Leopold Lalonde requesting better courtroom facilities. It was decided to endeavor to secure the use of Alexander Hall until the new P.U.C. building is ready for occupancy.

An additional grant of \$150 was made to the Park Committee to cover purchase of the canteen building and other accounts outstanding. Reeve McDonald stressed the need for development of the new water supply. Council is momentarily expecting plans for the new pumping station from the engineer and hopes to be able to start work on the project soon.

Mr. Moise Gauthier Dies In 91st Year

The funeral of the late Moise Gauthier was held Friday morning at 9 o'clock from the McMillan & Steinberg Funeral Home to Sacred Heart Church and cemetery. A resident of Alexandria for the past 32 years, Mr. Gauthier died here, Tuesday, September 25th.

The Funeral Mass was sung by Rev. Patrick Breton in the presence of many relatives and friends. The pallbearers were: Gilbert Gauthier, Gerand Laplante, Henri Arsenault, Romand Lajoie, Louis Lapierre and Joseph Montpetit.

Born at Ogdensburg, N.Y., 90 years ago, Mr. Gauthier came to Canada as a child, living at Montreal and Valleyfield before coming to Glengarry. He had resided at Lancaster, Williamstown, Summers-town and Cornwall before coming to Alexandria 32 years ago. Although not in the best of health in recent years, Mr. Gauthier was able to be about and remained bright and active despite his advanced years.

In 1892, Mr. Gauthier married Marie Louise Faubert, who died in 1906, leaving one son, Emerie, now of Sherbrooke, Que. He married Florence Poirier, at Williamstown, in 1914. She survives with four sons and four daughters: Daniel and Emmanuel of Sudbury; Nelson and Louis, Mrs. Veronica Leduc of Alexandria; Mrs. Helen Laplante, Niagara Falls, N.Y.; Mrs. Alice Hawkshaw of Vankleek Hill, and Miss Annie Gauthier, Montreal. Eleven grandchildren also survive.

Among relatives and friends present from a distance were all the members of the family, as well as: Rev. Brother Emmanuel Gauthier of Verdun, Que.; Mr. Henri Arsenault, Montreal; Mrs. Josephine Laplante, Cornwall; Mr. and Mrs. Louis Lapierre, Martintown.

Floral pieces were from: Mrs. Clarence Hawkshaw, Vankleek Hill; Mrs. Gerand Laplante, Niagara Falls, N.Y.; Miss Annie Gauthier, Montreal. Many Mass cards and messages of sympathy were also received.

Princess Elizabeth And Consort May Sleep In Glengarry But Schedule Will Probably Prevent Them Being Seen Here

Glengarrians will probably have to travel to Montreal, Ottawa or Cornwall to get a glimpse of Princess Elizabeth and the Duke of Edinburgh, even though there is a possibility the royal couple will spend a night in Alexandria.

No definite word can be obtained from C.N.R. officials, but it is known that the royal train will leave Ottawa late Thursday night en route to Coteau and Cornwall. There are reports that the train will pull in to a siding for the night and there is no doubt the Alexandria yards are the most suitable for the purpose.

C.N.R. officials are close-mouthed about the actual plans, however,

and nothing definite from a local angle can be learned.

Even should the train spend some hours here, there is little likelihood of the royal couple being seen. The train would probably reach Alexandria after midnight and continue its journey in the early morning, though no definite hour for its arrival in Cornwall has yet been released.

The royal train will traverse Glengarry at least three times in its transcontinental tour, but the hour in each case makes scarcely feasible a local reception for the royal couple.

Arriving at Dorval by plane, at noon, Monday, Princess Elizabeth

and her consort will be officially welcomed to Canada, there, and will spend a leisurely day of rest en route to Quebec City, where they start the tour on Tuesday. From Montreal, that night or Wednesday morning they travel via C.N.R. to Ottawa, where they are scheduled to arrive at 10 a.m. Wednesday. The train will probably pass through Alexandria, Wednesday morning, but it is not expected to stop.

After a two-day visit to the Capital, the royal couple travel East over the Montreal-Ottawa division to Coteau, arriving at Cornwall probably about 8.30 o'clock Friday. The train will thus pass through Lancaster about 8 a.m.

Hawkesbury French Wins Prized Cup

By R. M. SABOURIN

Dominating in most of the track and field events, Hawkesbury French High School athletes captured first place to win the Inter-scholastic Cup at the annual Prescott and Glengarry Field Day, which was held last Friday, at the Vankleek Hill Fair Grounds. Official compilation of points showed the winning school at 131, well ahead of H.E.H.S., which ran up a total of 110 points. A.H.S. finished in third place with 100 points and Vankleek Hill Collegiate with 46.

Two previous records were smashed at this year's meet. Donald Gluppe of H.E.H.S., broke the records set in 1948 by R. Cyr, H.F.H.S., and in 1949 by Alex. O'Brien, A.H.S., of 4 feet 10 inches in the intermediate boys' high jump. Donald jumped 4 feet 10 1/2 inches. In the intermediate girls' 75-yard dash, Nancy Graham, A.H.S., topped H.F.H.S. M. Lepine's record of 10.6 seconds, by running the distance in 9.6 seconds.

At the close of the day's events, the cup was presented to Jean Maurice Larocque, H.F.H.S., by Dr. G. D. MacIntyre. Dr. MacIntyre congratulated the winners and expressed his admiration of the splendid sportsmanship shown during the contests. Among others who spoke were: Dr. H. L. Cheney of Ottawa; Mr. J. L. Clouthier, principal of H.F.H.S.; Mr. A. Ashley, principal of V.C.I.; Mr. Adam Douglas, principal of H.E.H.S., and Mr. J. Allard of A.H.S.

In the evening the contestants, officials and teachers were served a dainty lunch by the H.F.H.S. in the auditorium of V.C.I. Dancing followed in the local arena, providing a pleasant ending to a day of friendly track and field rivalry. Complete results will appear next week.

Manager Of Co-Op Leaving For Ayr

H. B. (Gus) Dickinson, manager of the Glengarry Farmers' Co-Op here since its organization two years ago, leaves next Wednesday for Ayr, in the Galt area, where he will take over the post of manager of the Ayr District Co-Op. Mrs. Dickinson and their two children will follow a week later.

We understand the directors of the local Co-Op are now seeking a successor to Mr. Dickinson as manager here.

The intended departure of Mr. and Mrs. Dickinson will be regretted by many friends they have made in the Alexandria area.

New Fire Equipment At Apple Hill On Display

The Apple Hill Police Village officials and Chamber of Commerce of that village are staging the opening of the Apple Hill Fire Area, on Wednesday afternoon, October 10th, at 2.00 o'clock.

Inspection of the new fire station and motorized pumper will take place. Deputy Fire Warden for the United Counties, Cory Moore, of Cornwall; the Kenyon Township Council, and Osie F. Villeneuve, M.P.P., are expected to attend the opening.

All residents of the area are invited to see their fire fighting service.

Changes In Timetable

With the return to Standard Time last Sunday, the local C.N.R. timetable reverted to the schedule in use in the Spring.

Poem To Be Aired

Mrs. J. T. Smith (Dorothy Dumbille), received word on Wednesday of this week that her poem "Welcome to Princess Elizabeth and the Duke of Edinburgh", will be read by Maurice Bodington, on his Sunday evening programme, "Bod's Scrap Book", from 10 to 10.30 o'clock, E.S.T. This programme may be heard over CKOY, Ottawa, 1310 on your dial.

Associated Trade Boards Held Annual

The Eastern Ontario Associated Boards of Trade held their annual meeting in the Community Hall at Chesterville, on Wednesday of last week. It was attended by some 75 delegates.

Mr. Frank Casselman, president of the Chesterville Chamber of Commerce and Reeve Charles McMillan of Chesterville, welcomed the delegates, while Robert Revie of Cornwall, president of the Associated Boards, acted as chairman of the meeting.

Colonel George A. Drew, the guest speaker, called attention to the manner in which Eastern Ontario was setting an example for the whole world with the two great races which founded our Dominion living in peace and harmony together for the advancement of the district and of Canada as a whole. He referred to the great possibilities offered to industry by Eastern Ontario, with its high potential of two and one-half million h.p. of electricity available in the district. He reminded his hearers that it was their duty to employ our people to develop the wonderful resources available. He pointed out that Eastern Ontario was in an ideal situation as regards industry being so close to the great seaports of Montreal and Quebec.

President Robert Revie reported on the year's activities. Roads, forestry, immigration and other subjects had been studied apart from the industrial development program and much useful work had been accomplished. He paid a tribute to the retiring secretary, William J. Cairns, who had done so much to bring the Associated Boards to their present standard of efficiency.

Mr. Les Fraser of Renfrew, as chairman of the Industrial committee, reported on the work of his committee and gave the meeting some further information as to the industrial booklet recently issued and as to the work of Mr. T. M. as the new industry came into the town.

The Conservation resolution passed at the Chesterville meeting about a month ago was approved. It recommends that the trees growing on farmers' woodlots should be exempted from assessment, the land being valued the same as adjoining lands of the same nature on which no trees were growing. The campaign being waged against pasturing farm woodlots was also heartily approved.

Mr. Les Fraser of Renfrew, is the new president of the organization.

Takes First Vows

Brother Raymond Lalonde, son of Mr. and Mrs. J. A. Lalonde, Alexandria, took his first vows on Wednesday of last week, at the Novitiate of the Brothers of St. Vincent de Paul at Charlesbourg, Que. He is at present studying at the Scholasticate in Quebec City.

Attending the ceremony were his mother, Mrs. J. A. Lalonde, his brothers, Rev. J. A. Lalonde, Cornwall; Mr. Bruno Lalonde, and his sister, Mrs. Romeo Rouleau of Alexandria,

Large Gathering At Dalkeith Pays Tribute To Dr. A.T. Munroe

Friends Mark Completion Of Nearly Fifty Years' Service By Popular Doctor — All Members Of Family Present

Close to a half-century of unstinting service to the residents of a wide area by Dr. A. T. Munroe of Dalkeith, was recognized by a large gathering of his friends in Corona Hall, Dalkeith, Friday night, when Dr. Munroe and Mrs. Munroe were guests of honor at a night that will linger long in the memory of all present. Among those attending were representatives of the medical profession and friends from Vankleek Hill, *St. Anne de Prescott, and every section of Lochiel.

New Church At Martintown Blessed

The new St. William's Church at Martintown, now in course of construction, was dedicated and blessed by His Excellency Most Rev. Rosario Brodeur, D.D., Bishop of Alexandria, at a ceremony held Sunday afternoon. An estimated 350 people were in attendance including most of the members of the diocesan clergy.

After blessing the cornerstone of the church and the inside walls, His Excellency the Bishop officiated at the laying of the stone. Speaking from a platform erected beside the unfinished building, Bishop Brodeur reminded the parishioners that they have two homes, one in which they are born and the other in which they are spiritually reared. He reviewed the long years during which St. William's had been a parish, recalled its organization as a parish in September 1949, and its steady progress since. He spoke both in English and French.

Rev. Aime Leduc, pastor, replied, expressing his thanks and those of the parishioners to His Excellency. Cement work on the new church is now being completed and the building is expected to be ready for Christmas. It will have a capacity of 350 and will replace the small frame chapel in which services are now held.

The frame presbytery has been remodelled and is now occupied by four Sisters of the Holy Cross community. Approximately \$55,000 will be spent on the two buildings by the time the project is completed.

Winners In Social Draw Announced

Winners in the drawing held in connection with the two-day bazaar of Sacred Heart parish, last week, were as follows:

\$25 cash, Jean Aubry, Alexandria; \$25 cash, Leontine Robert, Montreal; \$20 cash, J. G. Blinn, Alexandria; Surprise Box, Miss Madeleine Labrosse, Vankleek Hill; Mix-Master, Miss Margaret Ritchie, Alexandria; 2 gal. Enamel, Oscar Lalonde, Hawkesbury; Fishing Tackle, Mrs. M. L. Cardinal, Cornwall; one Ham, Oscar Secours, Alexandria; Electric Iron, Mrs. Donat Guerrier, Alexandria; Mobile Oil and 3 Lubrications, Martin Lacroix, R.R. 1, Alexandria.

Radio draw winner, Telesphore Periard, Alexandria.

"D" Company Notes

All members of the local Company are reminded of the scheme which is to be held on Monday, October 8th, in the field immediately west of the Alexandria Armouries, for the purpose of instructing personnel in movement by night. A record turn-out is anticipated.

There will be a clothing parade in Cornwall, on Tuesday, October 9th, leaving the Armouries at 7 p.m. All personnel will be issued with kilts and all necessary equipment which is to be worn on the occasion of the royal visit.

On the week-end of October 13th, 14th, there will be an exercise, namely "Exercise Panther", in the vicinity of Glen Roy and Avondale. The purpose of this exercise is to train Officers and N.C.O.'s in counter-attack and withdrawal.

The S.D. & G. Highlanders will form a guard of honor at the Cornwall station on the occasion of the visit of Her Royal Highness, Princess Elizabeth, and the Duke of Edinburgh.

New members to join the local Company of the S.D. & G. Highlanders are Lloyd McDonald and Pat Bonivisky.

The Reserve needs recruits — "JOIN THE GLENS".

A delightful feature was the presence of Dr. and Mrs. Munroe's four sons and their wives, re-united as a group for the first time in twelve years. They were marking the 45th wedding anniversary of their parents, who were married at Moose Creek, December 26th, 1906. Mrs. Munroe is the former Etta McRae of Moose Creek.

Following an entertaining hour-long programme, Mrs. Neil Blair, Kirk Hill, read an address to Dr. and Mrs. Munroe which expressed the warm appreciation of a legion of friends and patients for the many years of unselfish service given so freely by Doctor Munroe throughout the whole area. The presentation of two Easy chairs was made.

Among those who spoke briefly were Rev. J. H. Ouimet, Dalkeith; Reeve J. W. MacLeod, Dr. G. D. McIntyre, Dr. D. A. Irvine, Vankleek Hill, and Dr. Markson, Alexandria. After the serving of lunch, dancing was enjoyed for several hours.

Born at Moose Creek, Dr. Munroe completed his medical course at Queen's University in 1904 and spent the next two years at Edinburgh, Scotland, where he took postgraduate courses in medicine and surgery. He was awarded the degrees L.R.C.P. and L.R.C.S. at Edinburgh and the degree of L.F.P. and S. from Glasgow. Dr. Munroe came to Dalkeith in August, 1905, since which time he has been practicing there.

Members of their family present with Dr. and Mrs. Munroe were: Mr. and Mrs. Nelson Munroe, Montreal; Mr. and Mrs. Campbell Munroe, Belleville, Ont.; Mr. and Mrs. Claude Munroe, Asbestos, Que.; Mr. and Mrs. J. K. Munroe, Dalkeith.

Mrs. K. Urquhart Dies At Kirk Hill

On Thursday, September 20th, 1951, after a long illness, Janet Ann Urquhart died at her home at Kirk Hill.

Mrs. Urquhart was born at Cambridge, Ont., on September 7th, 1873, the daughter of the late Peter A. and Janet MacLaren of Cumberland, Ont. In 1901, she married the late Kenneth Urquhart, who predeceased her eight months ago. She lived in L'Orignal, and then for several years in Vankleek Hill. In 1910, Mr. and Mrs. Urquhart moved to a farm in the Township of West Hawkesbury, where they lived until 1933, when they moved to the farm at Kirk Hill, where they lived until their deaths.

The funeral was held on Saturday, September 22nd, from her home to Kirk Hill United Church. The service was conducted by Rev. J. Maxwell Allan.

She leaves to mourn her loss, two daughters, Mrs. Henry F. H. Scheider (Anna May), Toronto; Mrs. Donald A. McCaskill (Janet), Vankleek Hill, and two sons, Alexander K. of Dalkeith, and John D. Urquhart, at home. Two sisters also survive, Mrs. Fred Johnson (Mary), Masson, Que.; and Miss Mina J. MacLaren of Cumberland. There are eight grandchildren.

The pallbearers were Raymond Renwick, Lewis MacCaskill, John MacGillivray, D. R. MacGillivray, Rod L. Fraser and R. J. MacLeod.

Interment was in the MacLaughlin cemetery, Vankleek Hill.

Thanksgiving Day To Be Observed Monday

All places of business in Alexandria will be closed Monday, in observance of the Thanksgiving Day holiday, officials of the Retailers' Association believe. Schools and banks are closed that day and Postmaster P. Poirier has announced that there will be no rural courier service. The public lobby will be open from 8 a.m. to 3 p.m., but wickets will be open only from 10 a.m. to 12 noon, and from 6 p.m. to 7 p.m.

A FLYING VISIT — BUT A WELCOME ONE

Glengarry will not have the privilege of greeting Princess Elizabeth and her consort during their tour of Canada, according to present information, but they will nevertheless be warmly welcomed by all residents of this historic old county. The royal train will traverse Glengarry at least three times in its transcontinental trip, but the hour in each case is early and nothing definite on the train even stopping here for water has been made available.

The serious illness of His Majesty the King, which has necessitated a week's delay in the visit of Princess Elizabeth, has served to quicken interest in her visit in every part of this senior dominion. There has been a warm feeling of sympathy for the royal family in this crisis and an appreciation of the spirit of sacrifice which leads the heir to the throne to make the long journey at this time. The Princess and the Duke of Edinburgh have been advised that they are under no obligation to visit Canada at this time of solitude over the condition of the King, and their decision to come reflects their desire not to disappoint the Canadian people.

They will be doubly welcome on that account and Glengarryans, we feel certain, would rather their limited time of relaxation be not interrupted in favor of a brief appearance, at an early hour, here. Many residents undoubtedly will travel to Montreal, Ottawa or Cornwall to add to the warmth of the welcome extended Princess Elizabeth at those points.

FULL DEVELOPMENT OF HIGHWAY 43 IS NEEDED NOW

Two news reports of the week-end — one tragic, the other happier — may have some bearing on the future outlook for extension of Highway 43 eastward to Montreal.

Near Cedars, Que., on Sunday morning, five members of a farm family and a neighbor plunged to their deaths in the Soulanges canal while travelling to Mass. Despite the hundreds of thousands of dollars recently spent on making more safe the canal stretch of Highway No. 2, that hazardous roadway continues to take its toll. It must eventually be brought home to the Duplessis Government that a completely new road, in a safer location, is the answer.

Good reading to all residents of Eastern Ontario is the reported agreement between President Truman and Prime Minister Louis St. Laurent that the St. Lawrence Seaway will be pushed to completion — at least the power development part of the project. If President Truman cannot swing Congress into support of the development soon, he has promised to urge the international boundary authority to give Canada permission to go ahead alone on the power phase.

Development of the power potential of the Long Sault rapids would be a four or five-year project and the big undertaking would see Highway No. 2 in the Cornwall area even more congested than it is at present. Eventually a long stretch of the highway would have to be re-routed to permit flooding behind the power dam.

The natural solution to both the hazards of the Soulanges canal stretch and the interruption of traffic west of Cornwall when seaway construction starts, is a diversion of traffic between Toronto and Montreal to a completely new highway. Much of the groundwork for a connecting link between Canada's two largest cities has already been done on No. 43 from Alexandria westward. Full development needs only a decision by Mr. Duplessis to build the short connecting link from the boundary to connect up with Highway 17 near Dorion.

Surely that will soon be forthcoming.

"YOUR NEWSPAPER LIGHTS THE WAY OF FREEDOM"

This is Newspaper Week when the 550-odd member papers of the Canadian Weekly Newspapers' Association take time out to impress on their readers the important part the newspaper plays in preserving our way of life. "Your Newspaper Lights The Way Of Freedom" is the slogan chosen to emphasize the fact that newspapers as an institution are essential to the preservation of a free Canada.

We do not purpose to inflict on our readers a lengthy essay on the importance of a free press. But this is a time when the freedom of Canadians is threatened both from without and within. It is a time when every Canadian must be an informed, thinking citizen. His newspaper can play a role of leadership providing access to objective, uncensored information.

The danger from without is hardly as immediate as the threat from within. Canada is rapidly becoming a welfare state, one in which the government assumes the responsibility for caring for all of its citizens throughout their lives. The welfare state provides family allowances, unemployment insurance, health benefits, old age pensions and countless other services. These it administers through a huge and unwieldy bureaucratic system financed through heavy taxation. Many of the taxes are "hidden" so that the people do not realize that they are paying for the benefits bestowed by a kindly, paternalistic government.

Canadians have always been a highly individualistic people, self-reliant, vigorous. But they are losing that independence under a flood of government hand-outs and restraints. It is axiomatic that the more the people expect their government to do for them, the less individual freedom those people have.

Perhaps even more threatening to our way of life than the rise of bureaucracy in government, is the apparent weakening of the moral fibre of our people. Widespread abuses of power for personal gain are being uncovered on the American scene, not only in Washington but right down through State and city governments as well. Honesty in public administration has given way to legality; each pressure group is out for all it can get regardless of the common good. While there have not been the same evidences of corruption in Canadian affairs, we must be ever vigilant. There are many indications that our people are tending to the same materialistic viewpoint where money is king.

To meet these and other threats to society, the Canadian

ABC Takes The Guesswork Out Of Advertising

The Glengarry News has frequently referred to its membership in the Audit Bureau of Circulations, but seldom has it paused to explain the interesting history and importance of this association of 3,370 advertisers, advertising agencies and publishers in the U.S. and Canada.

This Bureau, although not widely known to the general public, is recognized by authorities on the progress of American and Canadian business as having played a major part in the growth and success of modern merchandising.

Like many other things, A.B.C. was born out of necessity at a time when publishers of newspapers and periodicals had no generally accepted or standardized means of telling advertisers about their circulation. There were no standards for circulation values.

Likewise, there was no standard method of accounting for or auditing the circulation that publishers claimed. The honest publisher who claimed 50,000 was at a distinct disadvantage in meeting the claims of a competitor who might claim 75,000 but actually have only 25,000.

In addition to audited figures the advertisers began to ask for more information concerning circulations. Who reads the publication? Where does it go? How much do people pay for it? The answers to these

and other questions, of course, have an important bearing on the publication's value to advertisers.

Recognizing the mutual need for dependable facts and figures on circulation, a group of publishers and advertising men in 1914 formed a co-operative association which they called the Audit Bureau of Circulations. As a basis for common understanding and trust, this group encouraged participants to establish a definition for paid circulation and to create a common set of circulation standards for use in relations between the buyers and sellers of advertising.

The Bureau has a staff of experienced auditors who make a periodic audit of the circulation records of each publisher member. The reports which are based on these audits are then available to advertisers so they can buy space in newspapers and periodicals on the basis of definite standards and known values.

How has this association contributed to the growth of American and Canadian business? The Bureau has, for example, provided a method for manufacturers to invest advertising money on the basis of facts, virtually eliminating the need for speculation in buying advertising space. Consequently, advertising has been more effective, sales

have increased, production schedules were enlarged. Larger production enables producers to operate at reduced unit costs, passing the saving along to the consumer. Larger production also provides more employment.

There is no place for waste or guesswork in modern business. This applies to the purchase of advertising as well as it does to raw materials and finished merchandise. In the case of merchants and other local advertisers it is just as important that they, too, use a definite measure of values when they buy advertising. They buy and sell merchandise by well-known measures of weight, quality, color, etc., and now A.B.C. has made it possible for them to make their investments in newspaper advertising by means of equally accurate and verified information.

A co-operative and non-profit organization, the Bureau is an outstanding example of self-government in industry. Its work is directly and mutually beneficial to consumers, merchants, national advertisers and publishers.

The Glengarry News welcomes any inquiry by advertisers concerning its circulation. Its circulation facts are made available to any interested advertiser through its A.B.C. Audit Reports.

The Facts Of Life

(From Pageant Magazine)

It is time we based American foreign policy on real facts — on life as it exists for the great mass of the people of the earth and offered the millions of sick, hungry, illiterate and oppressed peoples a solution to their problems — a better solution, since we have undertaken to lead a crusade against communism, than communism offers.

Here's what Stringfellow Barr has to say about it in "Let's Join The Human Race":

"Let's pretend that you have not yet been born but will be born this year, somewhere on the planet, somewhere in this Mighty Neighborhood. And let's try to estimate your chances of living a happy, healthy, decent and useful life.

You will have less than one chance in 20 of being born in the United States. Your chances of being born in the Soviet Union will not be much better.

You will probably be colored. . . . You have only about one chance in four of being born a Christian. . . . If you are born in India, which is more likely, you have only a little

better than a one-to-four chance of living more than a year. But cheer up! Your chances in some places would be worse; and, besides, even if you survive babyhood in India, you have only a 50-50 chance of growing to maturity.

If you are born colored, the chances are overwhelming that you will be chronically sick all your life — from malaria or intestinal parasites or tuberculosis or maybe leprosy. And even if you are not chronically sick, you are likely to be weak from hunger. You have about a two-to-one chance of suffering from malnutrition.

When we Americans look at Russia all that we see is tyranny. When millions of these wretched outcasts look at her what they see is liberation from the landlord and the money-lender and the planned reconstruction of their country on the basis of modern machinery.

We had better stop shouting slogans long enough to try with all our might to imagine their misery and offer a better solution to their real problem than communism offers."

Quebec Population Trend to Industrial Centres

Rapid industrial development has left government officials with the problem of "how to keep Quebecers down on the farm".

A drastic population shift in Quebec Province has occurred since farmers' sons and daughters, attracted by the high wages in industrial centres, started a country-to-city migration late in the last century.

Latest Quebec statistics show more than two-thirds of the province's population now is urban. The situation was the reverse 80 years ago.

The Quebec government is worried by the change — which some officials say could result in a drop in Quebec's high birthrate — and said so at the 40th annual Provincial Exhibition in Quebec City recently.

Addressing a farmers' banquet, Premier Duplessis said:

"We must face the problem of keeping the farmer on his land. The transplanted tree never produces fruit as good as where the Creator put it.

"It is important to keep the farmer on his land because a country without farmers has a dark future."

The Premier had high praise for the farmers — "managers of the Bank of national and religious traditions and assets."

He urged them to teach their children to love the land and even had a word of advice for young farmers. "Quebec's youth," he said, "must remember those to whom we owe conditions of today."

While fortunes are made and lost in the money markets, he said, farmers find stability, freedom and security on their land.

"To buy and keep a farm is the best investment," he said.

Premier Duplessis also had a word for settlers who leave well-established farming communities and take up new land in North-western Quebec.

"Colonization", he said, "is to the

As Others See Us

By Joseph Lister Rutledge

The Wall Street Journal refuses to join its fellow citizens in their official disapprobation of the Canadian Government for its refusal to adopt the method of controlling prices — specifically newspaper. Editorially the Journal sees much of hope in what it assesses as the Canadian attitude of limiting inflation by balancing budgets and restricting credits. The Journal points out that officialdom will not be in accord with this view, that the veiled threats of reprisal, heard from across the line, are tantamount to announcing that the reckless attitude of not following the pattern set in Washington, but preferring to stand squarely on our own feet, is not the way to win such friends or influence such people.

The Journal further suggests a life of the province what the heart is to the body.

The government, in promoting a back-to-the-land movement, is helping settlers take up land in North-western Quebec with financial and material aid.

George C. Marler, leader of the Liberal opposition in the Quebec legislature, who also spoke at the exhibition, expressed anxiety that the urban population has increased at a much greater rate than the rural population in the last 50 years.

He said in 1901 there was one farm for every city family. Today, one farm must produce for slightly more than four urban families in the province.

Mr. Marler called for government and popular aid to colonization and agriculture. He said colonization needs the co-operation of the Roman Catholic Church. He said tribute to the clergy for the work it had done in the field of colonization.

people must decide to take a renewed interest in the workings of their democracy. Your newspaper can help spur that fight to preserve what is good in the national fabric and on the community level — to discard what is bad.

Your newspaper is many things — a record of history, a forum, a market place, a voice, a guardian. It is an institution devoted to the best interests of the community. Without a newspaper, a community can perhaps be said to be without eyes, ears or voice.

Canadians Go South

(Kitchener-Waterloo Record)

Dominion Bureau of Statistics figures on highway traffic during June, between Canada and the United States, show that Canadian border crossings increased by 37 per cent over June, 1950, while U.S. border crossings showed a gain of 15 per cent. Evidently the campaign to have Canadians see Canada first is not yet bearing much fruit.

We would like to think that the kind words for ourselves are well founded. We would like to think that all Canadians are as deeply bitten, as the Journal believes our government to be, with the idea of standing on our own feet — a posture rather unusual in the world today. We have sometimes thought that it was a posture grown unfamiliar to ourselves. We sincerely hope that we are wrong, and that the Wall Street Journal is right.

Speaking for itself and not for its official fellow citizens, the Journal has some words of commendation for what it sees as this country's unique idea of standing on its own feet, and of realizing that the more critical the times, the greater the need for caution and sanity. It sees Canada as "planning to keep an oasis of sanity on the North American continent."

We would like to think that the kind words for ourselves are well founded. We would like to think that all Canadians are as deeply bitten, as the Journal believes our government to be, with the idea of standing on our own feet — a posture rather unusual in the world today. We have sometimes thought that it was a posture grown unfamiliar to ourselves. We sincerely hope that we are wrong, and that the Wall Street Journal is right.

Smoking For The Country

(Ottawa Journal)

As we mentioned in these columns the other day the Federal taxes on a package of 20 cigarettes sold in Canada is 25 cents. Actually the figure is 25 1/5 cents, in excise and sales taxes. The Canadian smoker pays the Government \$12.53 on 1,000 cigarettes; the American smoker pays \$3.50 tax, which will be increased to \$4 in November.

Thus out of less than 15 cents, when cigarettes sell at 40 cents for a pack of 20, there must be met the cost of materials, of manufacture, of shipping and distributing and selling and the profits of manufacture, wholesaler and retailer. Clearly the margin must be small at that price — the increase of two cents a pack, announced recently by one manufacturer, perhaps was to have been expected.

The smoker needs to understand that his cigarettes are costing him not 40 or 42 cents but actually 15 to 17 cents; that all the remainder is tax. He is paying the Federal treasury a quarter on each pack, or 14 cents tax on each and every cigarette he buys.

The smoker, deploring such prices, may console himself with the patriotic reflection that he is serving well his country — or at least his Department of Revenue. Two packs a day mean 50 cents a day to the treasury — \$180 a year of tax voluntarily assumed.

BUSH fires are still smouldering in many sections of the county, particularly along the Glengarry - Prescott border, where scores of farmers lost their fine bushes. John Ranger, McCrimmon, was hardest hit, losing house, barn and outbuildings, while Duncan J. McLeod, Skye, lost his barn in Thursday night's high wind. Only casualty was Ben Franklin, Laggan, who suffered a fractured leg when his barn door was hurled against him. — Three thousand feet of new concrete sidewalk at Apple Hill are being completed this week. — A former member of the North Dakota legislature, Mr. Norman Morrison died at his home near Devil's Lake at the age of 82. — Four Laggan youths enlisted at Cornwall, Monday: A. Keith McMaster, Donald Ewen McMaster, Angus C. McMaster and Alex. M. MacMillan. — An interesting double wedding took place at St. Raphael's Church, September 20th, when Catherine O. Macdonell and Martin Lowe of Grenville, Que., exchanged vows, and Rita McDonald became the bride of Elie H. Tourangeau of Alexandria. — Mrs. J. W. MacLeod and Mrs. H. J. THE Director of Sanitary Engineering Division has reported on the examination of possible water supplies for Alexandria. The Loch Garry supply is the best available, but factors against use are the heavy expense and water rights. The pond scheme would give a better supply than present one, and at least expense, but popular prejudice might be

Ottawa Nationals Defeat Cornwall In Two-Game Intermediate Series

Alexandria lacrosse fans, some 200 of them, witnessed their last game of the local season at Glengarry Gardens, Saturday night, when Ottawa Nationals defeated Cornwall Pipers, 9-5, to win the intermediate lacrosse championship of Eastern Ontario. Nats had taken an 11-8 win in the opening game Thursday at Cornwall.

As a lacrosse spectacle, Saturday's game was far below the brand local fans have been used to, but it was refreshing to see a younger type of player in action—a promise that our favourite sport is not entirely dead in this area. There were some promising players in action, but the game was a bit too rough.

Prominent in the Piper forward

was John Shago of Glen Roy, who got their first two goals and showed promise. Angus McDonald of Cornwall, formerly of Dalhousie, was playing-coach of the team.

The Ottawans took a 2-0 lead in the first quarter and were never headed. The count was 6-3 at half time and after a scoreless third period the Nats edged Pipers 3-2 in the final frame.

Big Bob Brisbois lead the Ottawa attack with 3; Roohon and Gallipeau had two each; Fink and Lacombe, one apiece. John Shago was Cornwall's two-goal man, singles being tallied by Bob Varley, Keith Moore and George Fobert.

Following the game the Nats received the Ford Jewellers' trophy, emblematic of intermediate boxia

District Hockey Loop Being Discussed

Possibility of organizing a homebrew hockey league in the district will be discussed by Alexandria fans at a meeting to be held at the Hub, Sunday afternoon, at 1 o'clock. All interested fans are invited to attend.

Being discussed is a league which might include such centres as Lancaster, Maxville, Vankleek Hill, Alexandria, Dalhousie Station and St. Polycarpe. We understand no overtures have yet been made towards organization of such a league.

Officials of the Aces hockey team held a preliminary meeting last Sunday at the Ottawa Hotel.

OTTAWA WEDDING OF INTEREST HERE

McRAE-KIRKPATRICK
Baskets of white gladioli with baby's breath and fern banked the altar of Blessed Sacrament Church for the recent wedding of Miss Janet Patricia Kirkpatrick and Alexander Ewen McRae.

Cannon A. E. Armstrong heard the marriage vows and wedding solos were sung by Frank G. Halpin.

Miss Kirkpatrick is the daughter of Mr. and Mrs. Irwin Kirkpatrick, and the groom is the son of Mr. and Mrs. J. D. McRae of St. Raphael's West, Ont.

Given in marriage by her father, the bride chose a gown of white Chantilly lace over satin. The lace sleeves came to points over the hands and the full skirt extended into a train. Her finger-tip veil was held by a small tiara of pearls and she carried a cascade of Johanna

CONSERVING BEE POWER

If you were a bee, you could, as bees do, use your wings as a fan to cool the house. But while bees are busy ventilating, they can't be gathering honey. So hives with aluminum roofs (ten to fifteen degrees cooler) make bees more efficient. Some day aluminum houses may do the same for housewives.

Aluminum is an ideal insulator for hives—and homes. This is one of a dozen reasons why the demand for aluminum is growing so rapidly, and why we are building new plants and powerhouses to make more aluminum. Aluminum Company of Canada, Ltd. (Alcan).

Mrs. R. P. Guilmet of Sherbrooke, Que., attended her sister as matron of honor and Miss Madeline Limoges of Montreal and Miss Audrey MacDonald were bridesmaids. Miss Judy Raven was flower girl.

John McRae, the groom's brother, served as best man and the guests were ushered to their pews by R. R. Guilmet of Sherbrooke, Que., and Melville McRae of Bradford, Ont.

Wedding breakfast was served at the Red Door restaurant and later a reception was held at the Green Valley Pavilion. The couple left for a trip to the Thousand Islands, New York State and Niagara Falls. The bride wore a light blue wool suit with navy blue accessories and a corsage bouquet of bronze 'mums'.

Mr. and Mrs. McRae plan to reside in Ottawa and later in Picton, Ont.

You Hear Strange Things About Catholics

Yes, you can hear some strange things about Catholics.

You hear it said that Catholics believe all non-Catholics are headed for Hell... that they believe non-Catholic marriages are invalid.

Some think Catholics believe the Pope is God... that he can do no wrong... that they owe him civil allegiance and that he should have the political power to rule America.

It is said that Catholics want religious freedom only for themselves... that they oppose public schools and separation of Church and State as evils which should be destroyed.

The claim is made that Catholics pay the priest for forgiveness of their sins... that they must buy their departed relatives and friends out of Purgatory... that they adore statues... are forbidden to read the Bible... use medals, candles and holy water as sure-fire protection against the loss of a job, lightning or being run down by an automobile.

But what is worse, some say, Catholics corrupt the true teachings of Jesus Christ with the addition of pagan superstitions and practices that are nothing less than the inventions of the devil.

If all these things—or any of them—were true, it would be a pity. For at least two out of every five Canadians are Catholics—and it would be a national tragedy if forty per cent of all Canadians entertained such erroneous ideas.

The Knights of Columbus is an organization of 700,000 Catholic men of reason and intelligence. In our ranks will be found statesmen, scientists, historians, physicians, movie stars, lawyers, educators and others representing every cross-section of Canadian life. And for each and all of them loyalty to the Catholic Faith is the act of a reasonable man.

We are deeply interested in the welfare of our Church and our Country. And we believe the interests of both will be served best when fair-minded people know the Catholic Church as it is—not as it is sometimes mistaken to be.

If you have heard and believed any of these false claims, and want the truth, we will gladly send you a free booklet which explains many aspects of Catholic belief and practice concerning which people are commonly misinformed. Write and ask for Pamphlet No. 1-N.

Best Fair Ever At Williamstown

Reportedly the best fair yet in the long history of the St. Lawrence Valley Agricultural Society, last week's Williamstown Fair drew a record attendance estimated at 4,000.

The display of flowers, food and women's and school children's handiwork in the show house drew many admiring spectators during the afternoon. Outstanding in this section was a competition for Women's Institutes of the district, won by the Plover Grove W.I. They were awarded the McArthur Brothers and MacNeil Trophy.

Placing second was St. Lawrence W.I. of Lancaster, followed by Bainsville, Martintown and Summerstown branches of the Women's Institute.

Outstanding exhibitors of flowers were Rev. Dr. D. N. MacMillan, John D. MacLeod, Dunvegan; Donald and Austin Abrams, Summerstown; Salem Thompson, Miss Clara Murray, G. Mrs. Malcolm Cumming of Lancaster, emerged as top exhibitor in the domestic science and ladies' work division. She captured three special prizes including the Robert Simpson silver service. Other major winners in this section were Mrs. L. R. Clark and Mrs. Salem Thompson of Martintown.

Poultry Classes
In the poultry classes D. A. McPhee of Vankleek Hill, collected the lion's share of awards with other top winners being: J. J. McMaster, Laggan; Wendell Morrison, Apple Hill, and John Buchan, Apple Hill.

There was a fine horse show in the ring in front of the grandstand throughout the day. In the heavy horse division, Robert W. Goth of Billings Bridge, emerged victorious in most of the various classes. Top honors in the light horse classes were split between Frank Ryan, Ottawa; Cecil White, St. Jerome, Que.; Gordon MacNeil, Williamstown, and Gordon Kyer, Martintown.

William Stephens of Vankleek Hill, exhibited several prize winning ponies in that new division of the exhibition.

A highlight was the horse-drawing contest, the closing event of the day. The competition was won by a team of average-sized gray work-horses owned by Lloyd Allan of Vankleek Hill, and driven by Emerson Allan. They pulled a dead weight—a stone-boat loaded with sandbags—of 7,500 pounds. Running a close second was the big team of Thorold Bennett, also of Vankleek Hill.

H. J. MACDONALD WED AT GARSON

MACDONALD—McCAFFREY
FALCONBRIDGE, Sept. 10. — Large baskets filled with white and pink gladioli decorated the altar of St. John's Roman Catholic Church in Garson for the marriage of Marjorie Patricia McCaffrey, daughter of Mr. and Mrs. Tom McCaffrey, of Falconbridge, when she spoke her vows to Hugh John Macdonald, of Falconbridge, son of Mr. and Mrs. Donald Macdonald of Glen Nevis, Ont. Rev. J. P. Coughlan officiated.

The bride looked charming as she walked down the red carpeted aisle on the arm of her father, who gave her in marriage. Her gown was of French lace over mauve iridescent taffeta, with long sleeves coming to a lily point over the wrists. The square neckline was very becoming to the young bride, and the skirt fell in soft folds around her feet. The gown was complemented by the dainty lace snug-fitted cap, edged with lily-of-the-valley, supporting her very fine finger-tip veil.

She carried a white prayer book decorated with red roses and satin streamers, the gift of the groom.

The maid of honor was Miss Frances Macdonald of Falconbridge, dressed in a gown of lime green marquisette over taffeta, full-skirted with nylon edging on the bodice tucks, and wide tuck on the skirt. She wore a matching headdress.

Miss Lorraine Devarmond was the bridesmaid, dressed in yellow marquisette over taffeta in similar style to Miss Macdonald. They carried nosegays of pink roses and white batchelor buttons. The flower girl was Miss Lynda Robillard, who was dressed in mauve, and carried a lovely nosegay of mauve, yellow and white sweet peas and satin streamers.

The groom was supported by Alec Macdonald, while the ushers were Chris McGregor, George Armstrong and Lloyd Blake.

During the ceremony, Miss Ann McLellan played the organ music. She sang "On this Day O Beautiful Mother" and Schubert's Ave Maria. During the signing of the register, Miss McLellan sang Lambillatte's "Pans Angelicus", "Remember". The church was decorated by Mrs. M. Chesser.

After the ceremony the wedding party proceeded to Sudbury to the Nickel Range Hotel, where a wedding breakfast was served to 25 personal friends and relatives.

During the evening a reception was held at the home of the bride in Falconbridge. Receiving the guests were the bride's mother, Mrs. T. McCaffrey, charmingly dressed in a gown of bois de rose, with black velvet trim. Her hat was of black velvet, and she wore long gloves. Her corsage was of pink and white roses.

Mrs. Donald Macdonald, mother of the groom, also received the guests, very smartly dressed in a nut brown gown, with matching velvet hat and accessories. Her corsage was of red and white roses.

For her honeymoon, the bride was charmingly dressed in a violet blue

suit, and black velvet accessories. Her corsage was of pink and white roses.

The happy couple are visiting Toronto, Niagara, New York and back by Montreal. They were honored at a reception at the groom's home on September 12th, at Green Valley.

Out-of-town guests at the wedding included: Mr. and Mrs. Neil McCaffrey, Ottawa; Mr. and Mrs. Donald Macdonald, Miss Frances Macdonald, Charles, Jack and Ronald Macdonald, Glen Nevis; Mrs. Hannah Gorman, Haley's Station; Miss Patricia Macdonald, Toronto; Miss Ann Fitzpatrick, Lancaster; Ronald and Campbell Macdonald, Glen Norman; Miss June Macdonald, Cornwall.

RUGBY

To play rugby you must be big, rough and tough, and even to watch a rugby game you must be tough. Rugby is a strenuous game and not one to be played in the heat of summer. The players must carry so much excess baggage in padding to protect them from serious injuries that the game has to be carried on after summer has waned and the cool weather sets in, in fact the final games usually end in mud, slush and snow.

We know one young lady from town who attended a rugby game in a neighboring city and came home nearly frozen. She had a suit, sweater, top coat, mickey and boy friend to keep her warm, but when she stood up to leave at the end of the game her feet were so cold she didn't know whether she was walking on stilts or had club feet.

If we attend any rugby games we are going to take a sleeping bag along, crawl in, cover up, and when the game is over we will emerge, ask who won and what the score was; but it is a great game which only real he-men can stand up to.

Every Canadian is proud of the Union Jack which flies from flag poles, but the Union Jack who is always striking for less work and more pay is the cause of rising prices and a pain in the neck to many Canadians.

A woman got on a trolley car and, finding she had no change, handed the conductor a \$10 bill. "I'm sorry," she said, "but I haven't a nickel."

"Don't worry, lady," said the conductor, "you'll have just 199 of 'em in a minute."

"Dear Clara," wrote the young man, "pardon me, but I'm getting so forgetful. I proposed to you last night, but really have forgotten whether you said yes or no."

"Dear Will," she replied by note, "so glad to hear from you. I knew that I had said no to somebody last night, but had forgotten who it was."

DID I SAY THAT?

A few remarks overheard on Main street on Saturday night:

"I didn't say you stared at her, I merely said you never looked at ME like that."

"It's a wonder the police don't check up on these drivers who park their cars with two wheels on the sidewalk."

"Why do people have to gather in bunches to talk right in the middle of the sidewalk?"

"How did you get the black eye?"

"A woman lied to me." "What has that got to do with it?" "She said her husband was out of town. He wasn't."

"If you are going to be late, you might just as well be good and late."

"No conceit in your family — you have it all."

"Daddy, what did mother mean when she said you were half stewed?" "Oh, she just meant I had cooked up the story I gave her."

"Doesn't the corner store on Mill Square look nice. Just goes to show what a little paint will do."

"Oh, tell her the barber shop was full, and you had to wait."

"Well, you should have thought of that before you started."

OCTOBER

October is a lover's month because it includes all the seasons, revealing what the years must hold for man and woman — long days of sunshine, obscuring mists, high encounters of winds, cleansing rains, and whitening frosts.—Sir Lawrence Weaver.

The average wife talks 20 per cent faster than her husband—listens.

YOUR THANKSGIVING TURKEY

Long before the people of the United States discovered "turkey and trimmings" the Aztecs of Mexico enjoyed it, and the emperor, Montezuma, is said to have offered rewards to anyone who could find a better bird. He was so proud of his turkeys that he had a golden image of the bird placed in his "Hall of Images", and had 100 of the largest live ones in a building.

When the Spanish explorer, Cortez, reached the palace of Montezuma and saw these birds with their plumage, he wrote the Spanish King about the huge birds kept in cages about "nine feet in height and six paces square" in a palatial building all their own, with 300 men to care for them.

Until about 1800 flocks of wild turkeys were to be found from the Atlantic to the Pacific and from Canada to Central America. Other Indians besides the Aztecs considered the turkey a delicacy and when the Pilgrims held their first Thanksgiving the Indians are said to have brought wild turkeys to the feast.

Dr. Loyal Holmes Miller of the University of California at Los Angeles claims today's turkeys are not descendants of these wild ones, but of the domestic Aztec birds of which Montezuma was so proud.

He says that the explorer, Francisco Fernandez, who was in Mexico in 1517, took some of the Aztec turkeys back to Spain with him. England got some of them from Spain in 1524, and these Aztec turkeys came back to America with the early settlers.

But wild or tame, the turkey is a royal favorite with the youngsters and "turkey and trimmings" is still one of our favorite dishes.

Report Of September Meeting McCormick W.I.

At one-thirty o'clock Thursday afternoon, September 20th, fifteen ladies attended a meeting of McCormick Women's Institute, held in McCrimmon Hall, with Mrs. Stanford MacCrimmon, 1st vice-president, presiding.

The roll call was to name a favourite sandwich and how to make it. Minutes of last meeting and all correspondence was read by the secretary, who also gave the treasurer's report.

Mr. D. J. Hynes, Inspector of Public Schools, Glengarry and Prescott, (in part) spoke on Township Area Schools. He was quite in favour of Area Schools, as then the rural child would receive the same advantage as the city child, and that teachers would receive better salaries. Mrs. MacCrimmon thanked Mr. Hynes and she hoped the ladies would take more interest in their schools in the future. Plans were made to attend the Ottawa Area convention, October 9th, 10th and 11th.

Mrs. W. R. MacLeod informed the ladies that the rates for Blue Cross hospitalization has changed again.

Mrs. Rory MacGillivray read several recipes for Quick-Supper Dishes and explained how to make them.

A bazaar and tea will be held after our next meeting, and all members are requested to try and make it bigger and better than ever. Meeting closed by singing the National Anthem. Lunch was served. Mrs. D. D. MacMaster was hostess.

The Idler, published in 1758, stated that "the trade of advertising is now so near to perfection that it is not easy to propose any improvement."

Kerr, the industrial counsel for the district.

Mr. T. M. Kerr, the Industrial counsel, brought in a detailed report of his activities throughout the year, which showed that his services had been of great value to the Eastern district as a whole.

The new secretary, Mr. Lyn Jamieson of Ottawa, spoke briefly as to the industrial booklet which had been prepared largely to arouse the interest of industrialists and which would be followed later by a more comprehensive booklet. He pointed out to the Reeves and Deputy Reeves present that the County Councils throughout the district should get behind the Eastern Ontario Boards in the useful work they have undertaken.

Mr. D. A. Macdonald of Alexandria, past president of the Association, brought in the report of the Housing committee and suggested that the incoming committee should prepare a zoning system so as to encourage the insurance companies and other lending institutions to take a greater interest in loans under the Dominion Central Housing Legislation in the smaller communities. He gave his hearers some idea of the efforts of the Town of Alexandria to solve its housing problems and of the willingness of the local Board of Trade members to provide additional houses as soon

Canada Savings Bonds - Sixth Series - have a "life" of 10 years and 9 months from date of issue and bear 10 coupons of equal value. The first coupon covers 1 year and 9 months and is payable on August 1st, 1953; subsequent coupons come due August 1st yearly thereafter until maturity. If cashed before August 1st, 1953, simple interest is paid at 2% per year (calculated monthly). This is because "dividing up" the first coupon payment over the period of 1 year and 9 months comes out to this "rate-per-year". This "rate-per-year" gradually increases as each coupon becomes payable until, for a bond that is held for its full term, the average annual interest rate reaches 3.21%.

MONTREAL LIVESTOCK MARKETS

MONTREAL, Oct. 1.—Prices were about steady in fairly slow trading at the Montreal livestock markets today. Receipts were: 985 cattle, 739 calves, 2,037 sheep and lambs, and 502 hogs.

Moderate cattle offerings moved slowly and there were only a few early sales. A few medium steers brought \$31.

Vealers moved slowly at about steady prices. Good to choice quality sold at 36.00-38.00, and common to medium, 29.00-35.00. There were no early sales on grassers.

Lamb offerings moved slowly and there were not enough sales to establish a market.

Hog prices were not established.

EGG PRICES STEADY TO EASIER ON MONTREAL PRODUCE MARKET

On grade A eggs the Montreal market maintains a steady tone. The supply is light and demand fair. On lower grades the feeling is slightly easier. A-medium and A-small are not moving very speedily. On Friday receipts totalled 367 cases, just 31 cases above last year on the same day.

The market is firmer on NB potatoes. Poultry prices are reported steady.

"229 EGGS PER BIRD IN 305 DAYS ON FUL-O-PEP!"

Beamsville, Ont.

Gentlemen: On Ful-O-Pep our 1949 R.O.P. birds averaged 229 eggs per bird in 305 days. This was the highest for all R.O.P. heavy breeds in Canada. For the past eight months our birds have averaged 70% production for all birds originally put in the pens. Ful-O-Pep Egg Mash has really given us results!

COUPLE PLANS HOME IN OTTAWA

MacQUEEN—MacPHEE

Autumn flowers adorned St. Columba Presbyterian Church, Kirk Hill, for the recent marriage of Mary Margaret MacPhee, daughter of Mr. and Mrs. A. W. MacPhee, Lochiel, Ont., to Kenneth Fraser MacQueen, son of Mr. and Mrs. A. F. MacQueen, Dunvegan, Ont.

Rev. A. O. Thomson, B.A., D.D., officiated at the ceremony and the wedding music was played by Miss Mavis Dewar. The soloist was Mrs. Derrick Robinson of Ottawa, Ont. Given in marriage by her father, the bride wore a graceful gown of Chantilly lace and tulle over satin. The bodice of lace was fashioned with tiny satin buttons down the front, a portrait collar of seed pearls, and long sleeves that came to points over the hands. Her finger-tip veil of tulle illusion and Chantilly lace was arranged from a coronet of seed pearls and she carried a semi-cascade bouquet of pale pink butterfly roses, white mums and stephanotis.

The bride was attended by Miss Ethelene McKinnon of Ottawa and Regina, as bridesmaid, and Misses Susan and Lynda MacGillis as flower girls. The bridesmaid chose a strapless taffeta gown of old rose colour, designed with a Chantilly lace jacket with long sleeves. Her headdress was a matching bonnet. She carried a bouquet of Johanna Hill roses and bronze commercial mums. The flower girls were dressed alike in turquoise taffeta, and crowns of the same material decorated with tiny rose buds. They carried nosegays of yellow goldilock roses and yellow mums.

Beverly MacQueen, cousin of the groom, acted as best man. The ushers were Ewen MacPhee of Montreal, brother of the bride, and Mr. Hugh James MacLean, B.A., of Toronto, Ont.

Mrs. MacPhee wore for her daughter's wedding, a slate grey dress with navy blue accessories, and a corsage of red roses. Mrs. MacQueen, mother of the groom, wore a navy blue dress with navy blue accessories and a corsage of pink roses. The soloist sang "The Lord's Prayer" as the bridal procession entered the church and "Through the Years", during the signing of the register.

Following the ceremony, a reception was held at the home of the bride's parents, where a buffet luncheon was served on the lawn, which was beautifully decorated with autumn flowers for the occasion. Mrs. Gordon MacGillis and Mrs. Duncan A. MacMillan poured the tea. The reception entertainment included bagpipe music, Scottish violin music and Highland dancing.

Following the reception, the young couple left on a honeymoon trip to New York State and Pennsylvania. For travelling, the bride wore a royal blue suit and hat with navy blue accessories and a corsage of red garnet roses. On their return the couple will take up residence in Ottawa.

Wedding guests from a distance included: From Toronto—Mr. Hugh James MacLean and Mr. James MacKillean; from Ottawa—Mr. and Mrs. Murray MacQueen, Mr. and Mrs. Wm. MacQueen, Mr. and Mrs. M. Beatty, Miss Ailsa McDonald, Mr. Herb Gladish, Mr. Irvine Hamm, Miss Jane Hope, Miss Verna McLaughlin, Mr. Peter Nichols, Mrs. Derrick Robinson, Miss Ethelene McKinnon, Miss Jessie Wert, Miss Jean Murchison, Mr. Joseph MacLean and Gerad MacLean; from Montreal—Mr. and Mrs. Dick Stilwell, Mr. and Mrs. Evans Keller,

Mrs. C. Barrington, Mr. and Mrs. Steve Prokosh, Miss Evelyn Fraser, Mr. Ewen MacPhee, Mr. Harvey Ranger and Miss Evelyn MacLeod; from Cornwall — Mr. and Mrs. George Layland, Miss Ann MacGillis; from Saskatoon—Mrs. W. J. Evans.

Congratulatory telegrams were received from Fredericton, N.B., and Oslo, Norway. Prior to her wedding, the bride was entertained at a miscellaneous shower by the girls of the Bank of Canada; a miscellaneous shower by Mrs. Ross Cameron, Ottawa, Ont.; a kitchen shower at the home of Mrs. Keith MacMillan, Lochiel, and a presentation by the girls of the Laurentian Terrace, Ottawa.
