

TWO KILLED AS SKIDDING CAR STRUCK TREE

Three Other District Young People Injured In Accident

Frances MacDonald, 21, Green Valley, and Ranald O'Connor, 21, Glen Roy Instantly Killed Early Wednesday Morning

Two young district residents were instantly killed and three others injured, early Wednesday morning, when their car skidded on an icy patch of Highway 34, two miles south of Alexandria, and struck a tree.

Dead are Mary Frances MacDonald, 21, daughter of Mr. and Mrs. James A. MacDonald, Green Valley, and Ranald J. O'Connor, 21, son of Mr. and Mrs. Ranald O'Connor, Glen Roy.

The most seriously injured is Leo Ladouceur, 31, of the 2nd Kenyon, who suffered a fractured skull. Two brothers of the dead girl have leg injuries: Alexander MacDonald, 29, of Detroit, presently visiting at his home, has a fractured leg, and Campbell MacDonald suffered injuries to his knee. All three are undergoing treatment in Hotel Dieu Hospital, Cornwall. Ladouceur's condition is serious.

The party had left Alexandria only minutes before the accident, bound for Green Valley, where a Mardi Gras dance was in progress. Ladouceur, it is reported, had asked for a lift to the dance. According to one of the survivors the highway was bare until at a point near the 1st Kenyon sideroad they ran into water which obscured the windshield. The car struck an icy patch and careened out of control into a large elm tree bordering the east side of the highway.

The accident occurred not more than 100 yards from the home of Archie O'Connor, whose car his brother was driving. The 1947 Pontiac was demolished.

Passing motorists notified local police about 1:40 a.m. and when Police Chief Eddie Dupuis and Constable Legroulx reached the scene the three injured occupants of the back seat had been removed. The car had been so badly wrecked that no doors could be opened and the back seat had to be removed through the trunk before they could be freed.

Dr. M. Markson gave preliminary treatment before having the two worst injured, Ladouceur and Alex. MacDonald, conveyed to hospital by Marcoux & Morris ambulance. Campbell MacDonald was taken to hospital later Wednesday.

It was found impossible to extricate the dead occupants of the front seat until the car had been towed to an Alexandria garage and the top pried off. The bodies were then conveyed to the Marcoux & Morris Funeral Home.

Dr. D. J. Dolan, coroner, reports no decision on holding of an inquest until Provincial Constable A. R. McMartin of Lancaster, has completed his investigation.

Mrs. J. Murphy Dies At Montreal

The funeral of Mrs. John Murphy, the former Ann Hay of Glen Robertson, was held here Monday to St. Finnan's Cathedral, where Rev. J. Macdonald officiated at Requiem High Mass.

Mrs. Murphy died in Montreal on February 26th, at the age of 89, fortified by the last rites of the Roman Catholic Church.

A daughter of the late James Hay and his wife, Mary Cameron, she was born in Glen Robertson and was married there, in St. Martin of Tours Church, in 1913. Until two years ago, when she moved to Montreal, she resided in the 9th Concession of Lancaster. Her husband predeceased her, as did a son, Edward H. Murphy. Surviving are another son, J. Russell Murphy, and two daughters, Lillian I. and Margaret H. Murphy, all of Montreal.

She also leaves four sisters: Mrs. A. J. MacDonald, Edmonton, Alta.; Mrs. Wm. Pyne, New York City; Mrs. J. C. McNicol, Murray Bay, Que., and Miss Jean Hay, Washington, D.C.

Many friends called at Marcoux and Morris Funeral Home to pay their final respects to her and offer sympathy to the bereaved family. Among relatives attending the funeral from a distance were: Mrs. Wm. Pyne and A. T. Pyne, New York City, and Miss M. M. McNicol, Montreal.

Pallbearers were R. W. Downey, E. Deguire, J. Kennedy, E. Monpetit, E. Leroux and E. Laroque.

The body was placed in St. Finnan's vault for burial in the Spring. Mrs. Dan LaJoie, Mrs. Fernand Cam-

Former MLA D. A. Ross Dies

Glengarry representative in the Ontario legislature during the UPO administration from 1919 to 1923, Duncan A. Ross died at Martintown, early Wednesday morning in his 81st year. Prominently identified with the life of his community and of the county as a whole, Mr. Ross was widely known and news of his death will be received with regret by many friends.

Mr. Ross had served as a member of the Canadian Farm Loan Board for a decade until his retirement from that post a few weeks ago.

The funeral of Mr. Ross is being held Friday afternoon from his late residence for service at 2:30 o'clock in St. Andrew's United Church, Martintown. A Masonic service will also be held.

The late Duncan Alexander Ross was born on the family homestead, 33-1st North River Road, a son of Donald Ross and his wife, Mary Jane Urquhart. After his graduation from the Ontario Agricultural College, he farmed, at the same time, being interested in many other activities.

During his long and useful life, Mr. Ross had served on his township council, had been assessor in Charlottetown for a period of 16 years; had represented Glengarry in the United Farmers of Ontario government at Queen's Park during the years 1919 to 1923. Mr. Ross had given outstanding service to the Glengarry Farmers' Mutual Fire Insurance Co. of which he had been a director for many years and had served several terms as president.

On the local scene he was active in church, fraternal and other community fields. He had been an Elder of St. Andrew's United Church and its secretary for many years; he was a past master of LOL 596, Martintown, and had held many other offices.

Mr. Ross was twice married; to the former Jennima Dingwall, who died in 1909, and later to the former Laura C. MacGregor, who survives with six sons. A seventh, Cpl. Alwyn Ross, was killed on "D" Day while serving with the RCE.

Surviving sons are: Donald, on the homestead; Jamie of Marathon, Ont.; Arthur of Ottawa; Earl and Franklin of Cornwall; Douglas of Atikokan, Ont. One sister and one brother also survive: Mrs. Will Murray of Martintown, and Thos. D. Ross of Winnipeg.

He leaves his parents, two brothers and four sisters: John of St. Catharines; Archie, of 1-1st Kenyon; Mrs. Hugh Cameron and Mrs. Archie J. McDonald, Glen Roy; Mrs. James MacMillan of Kitchener, and Mrs. Ambrose MacLean, Owen Sound.

Employed in Montreal, Miss Mary Frances MacDonald had come to Alexandria, Tuesday, to serve as a witness in a court case. When killed, she was on her way to Green Valley from where she was to receive a ride back to Montreal.

The youngest member of the family of James A. MacDonald and his wife, Marcella Kennedy of the 8th Lancaster, she was born there 21 years ago.

She is survived by her parents, four brothers and four sisters: Donald and Alexander, of Detroit; Campbell, at home; Ranald, of Le-due, Alta.; Mrs. Wm. Joseph O'Shea, Mrs. Leo MacDonald, Mrs. Donald Moore, of Detroit, and Miss Inez MacDonald, Montreal.

Pte. Gregor S. McIntyre of Glen Sandfield, leaves Korea tomorrow, March 5th, en route home, his wife has been advised. Pte. McIntyre has been serving with the 56th Transport Company in Korea for the past year.

Mrs. McIntyre is the former Hazel Dewar. She and her four sons are at present residing with his parents, Mr. and Mrs. Andrew McIntyre at Glen Sandfield.

Plan Daughters Of Isabella Group In Conjunction With K of C

Thirty-one ladies from Alexandria and Green Valley, on Sunday travelled to Grenville to be initiated into the Grenville Daughters of Isabella, a body of Catholic lay women and counterpart of the Knights of Columbus.

Another meeting is to be held in Hawkesbury shortly and the eventual formation of an Alexandria council is anticipated.

The ladies who were initiated are: Mrs. Wilfrid Menard, Rejeanne Menard, Mrs. Donat Lefebvre, Mrs. Duncan Macdonell, Mrs. Lucien Lefebvre, all of the Green Valley area, and from Alexandria and district: Mrs. Dan LaJoie, Mrs. Fernand Cam-

Suspect Amnesia As Man Missing

Eddie Cameron, 40, of Ville St Pierre, Que., who has many relatives in Glengarry, is missing from his home since Thursday night of last week and police suspect he is a victim of amnesia. Mr. Cameron reportedly had been helping his daughter with her homework and stepped out about 8 p.m. to get some ice cream.

He has not been seen since.

A search party of 75 friends, among them many Glengarrians, was out Sunday without success. We understand relatives in this county have also been alerted to watch for him.

Mr. Cameron is of big build, 6 ft. 2 ins., weighing some 180 pounds and of fair complexion. He was wearing a grey hat and blue coat when he disappeared.

Mrs. W.F. George Died Suddenly

The death of Mrs. William F. George of Verdun, came with shocking suddenness in St. Mary's Hospital on Wednesday, March 3rd. Mrs. George suffered a stroke in the morning in her home and passed away at 7:30 p.m. in hospital. She would have been 42 years old in April.

Her death will be sincerely regretted by many friends and relatives in this area, where she spent the summers and week-ends at her summer home in the 3rd of Kenyon. Their sympathy will go out to her bereaved family in their untimely loss.

Mrs. George was born in Montreal, a daughter of the late Charles McMenamin and his late wife, the former Rachel MacMillan, 4th of Kenyon. Twenty-one years ago she married William F. George, who survives, along with one son, Gerald, and three daughters — Katherine, Betty Ann and Dianne, all of Montreal.

She also leaves five brothers and three sisters: Bernard, New Jersey; John, Joseph, Leo and Anthony, Mrs. William McCulloch (Agnes), Mrs. John Racicot (Mary), all of Montreal, and Mrs. Gordon Taylor (Marjorie), Quebec City.

The funeral will be held at 9 a.m. Saturday from Halpen's Funeral Home to St. Willibrod's Church, Verdun, with interment in Cote des Neiges cemetery.

Gardens Ice Is In Great Demand

The recent mild spell has put the Gardens' artificial ice in great demand — so much so that a ladies' hockey team from St. Anne de Prescott has engaged the ice from 11 p.m. tonight to 1 a.m. We know not who their up-late opponents will be.

In addition to the regular full fare of hockey and skating, there are many other requests for ice time. Dalketh broomballers have the ice booked for 10 to 11 Friday night; St. Isidore wants the ice but can get no opening at present; St. Clet and St. Polycarpe are waiting for ice to start a play-off series here. They may get an opening Monday.

Perhaps the cold weather of today will help natural ice rinks and so ease the pressure on the Gardens.

Mrs. Howe Was Born In Glengarry

Mrs. Francis William Howe, the former Mary Jane McIntosh, and a native of Glengarry, died in an Ottawa hospital, February 24th, at the age of 78, after a long illness. She was the mother of Osmond F. Howe, Q.C., prominent Ottawa lawyer.

She was the daughter of the late Mr. and Mrs. William MacIntosh. In June she would have celebrated the 60th anniversary of her marriage.

Surviving, in addition to her husband and son, Osmond, are another son, William N., and four daughters — Mrs. S. A. Nelson, Mrs. H. A. Hughton, Mrs. Edna Lester and Mrs. John E. Lyon, all of Ottawa.

Glen. Presbytery Names Delegates

The Presbytery of Glengarry held its regular meeting in St. John's Church, Cornwall, Tuesday, with the Moderator, Rev. G. S. Lloyd, presiding over an excellent attendance of ministers and elders. Rev. Robertson Millar of Martintown, clerk of Presbytery, was present in his official capacity.

As its commissioners to the forthcoming General Assembly, the Presbytery appointed Rev. N. F. Sharkey, Lancaster; Rev. D. C. MacDonald, Avonmore, with Malcolm F. MacRae, Avonmore, and Alexander Caldwell, Cornwall, as Elder representatives.

To the Pre-Assembly Congress, to be held in Toronto, the Presbytery appointed, in addition to the above named commissioners, Rev. H. G. Funston, Vankleek Hill, and Rev. John Honeyman, Finch, together with other delegates still to be named from the WMS Presbyterial and the YPS.

The Presbytery dealt with a number of remits from the General Assembly and heard reports from its standing committees. Rev. Robertson Millar, budget convener, reported that the year 1953, from the point of view of budget contribution had been a most successful one.

Tribute was paid to the excellent work accomplished by Rev. J. W. Rames, in charge of the Woodlands field during the past year.

The Presbytery accepted an invitation to hold its next regular meeting in Vankleek Hill, on Tuesday, June 22nd.

Council Trims P.U.C. Salary Request

Members of the Public Utilities Commission at their meeting, Wednesday night, reportedly expressed dissatisfaction with action of Town Council in trimming their request for salary increases.

At its meeting Tuesday, Council received the request for an increase for PUC members from a \$30 yearly honorarium to \$125, the same raise which was made in Council salaries a year ago. Some councillors felt there should be a difference in favor of members of council and it was decided the PUC members be allowed \$100 a year, \$75 of which would be salary and \$25 expense allowance.

March 17th Deadline

The term for the 1953 Ontario vehicle permit other than commercial and trailer permits has been extended to March 17th. Commercial motor vehicle and trailer permits will expire March 24th, it was announced today.

Big Doings At Arena As Local Coppers Took Cornwall To Town

Cornwall police force must be out en masse looking for a guy named Cardell. And if they come up with him they'll probably try to pin something on him.

He certainly had a big part in making them look bad Wednesday night when the battle of the boys in blue was an entertainment highlight of the hockey season here. A member of the Vankleek Hill detachment of the OPP, Cardell had youth on his side and was carrying probably 50 pounds less beef on his blades than most of his opponents. Perhaps he and Foster were using their two-way radios, as well, for they teamed up for five of the six goals that snowed under the Friendly City coppers. The Cornwall men had to be content with a single goal, but then there was a Hood covering the local net. That may have accounted for it.

Some 400 fans were out to see the new ice at Glengarry Gardens get probably its most thorough cleaning yet as the big fellows really got down to it, using sweaters, pants, and everything they had. There were as many as three down at one time transferring black and blue spots from the ice to their own hides. It was an hilarious spectacle but probably some of the boys today don't think it was so funny.

Our own Constable Lawrence Legroulx proved the bad man of the piece, but even he wasn't playing dirty. His two penalties were due more to his will to win. Half of a

Glengarry Mutual Not To Begin Inspection Of Risks

Another Successful Year Reviewed By Local Insurance Company At Annual — Insuring Stock Against Electrical Hazards

Directors of the Glengarry Farmers' Mutual Fire Insurance Company have postponed at least temporarily any program of inspection of all risks as suggested by the Department of Insurance. In his welcoming address at the annual meeting held here Saturday, President J. W. MacLeod touched on this decision of the directors which had been made after very careful study and consideration of the matter.

The services of a qualified electrician would have to be used in such a program of inspection, Mr. MacLeod pointed out, and a suitably equipped truck would be among other costly necessities. "Our territory is a very large one covering two whole counties and part of a third," the president continued, "and this would mean that one inspector would take several years to cover all the territory. It was felt by the directors that a program of this kind, to be of benefit, would have to cover all risks. Due to the very high costs of such a program the idea was postponed at least temporarily."

Reviewing briefly the financial position of the company, Mr. MacLeod stated it was an average year from a fire viewpoint. While losses were not light, they were some \$8,000 lower than the 1952 cost and a good balance on year's operations was added to reserves. The company purchased securities in the amount of \$9,154.07 during 1953.

A new clause in connection with livestock has been incorporated into policies this year. Heretofore, animals injured or killed by Hydro electrical current were not insured. The insurance law of Ontario has been amended in this regard and the Mutual now can, and does insure against this hazard. The new clause reads "in the case of livestock insured against death or injury caused by fire or lightning, the word 'lightning' shall be deemed to include other electrical current."

President MacLeod closed with a tribute to the late William Joyce, whose death on November 9th ended a long period of valued service on the board of directors. "Mr. Joyce had been a director of the company since 1934", Mr. MacLeod recalled, "and his presence has been greatly missed by his colleagues."

The auditor's report as presented to the meeting indicated that the experience of the company has been favorable in 1953, with losses down \$7,939.00 as compared to the corresponding figures of 1952, and surplus up \$9,175.00.

The meeting was very ably conducted by D. A. Condie of Bainsville, who was appointed chairman. Messrs. MacLeod, Combie & Company, Cornwall, were appointed company auditors for the year 1954. The three retiring directors, J. W. MacLeod, E. L. McNaughton and W. J. Muir, were all returned for a three-year term, and the vacancy created by the death of the late Wm. Joyce was filled by the appointment of his son, Sylvester Joyce. Mr. Joyce was warmly welcomed to the ranks of the board, and all wished him a long and fruitful term in the company.

At the organization meeting of the directors following the annual meeting, J. W. MacLeod was re-appointed president of the company for the year 1954. A. J. McDonald is vice-president and John A. Chisholm, secretary - treasurer.

Noticed among those present were: D. A. Condie, Bainsville; A. A. MacLennan, Cornwall; Jos. Valade, St. Andrew's; Edwin Stephens, Vankleek Hill; Dennis Wheeler, St. Andrew's; Wilfred Brown, Cornwall, R.R. 2; Elwin MacLennan, Cornwall; Norman Clark, Cornwall, R.R. 2; Norman Neil, Cornwall, R.R. 2; Melvin Terry, Dalketh, R.R. 2; Earl Wert, Riceville; Neil A. MacLeod, Dalketh; C. J. Ryan, Riceville; John MacLean, Greenfield.

The Cornwall squad was made up of E. Landry, Paquette, E. Osler, R. Saucier, C. Watson, H. Lemire, H. Raymond, E. Lalonde, A. O'Malley, R. Deslages, D. Weager, C. Scott and H. Levere.

The OPP squad had seven district men: Constables Eastwood, Hood and Foster of Lancaster; Donahue of Cornwall; Claude Courville of Rockland; Cardell and Hawkshaw of Vankleek Hill, with Chief Dupuis, Constable Legroulx, Bert Lalonde and Lloyd Gagnier of Alexandria.

IT'S OUR OPINION

We Salute The Champs

What a hockey series we've just seen! Never in our long history of viewing the local hockey scene have we seen two so evenly matched teams go into a final round. And we cannot recall, either, a time when the feeling was so intense. Alexandria's Gems won the best-of-seven series in five games, but the records are there to tell just how close it was.

The Gems won that second game in overtime, after roaring back from a three-goal deficit to force the extra session. They dropped the third game because of a fine Lancaster drive fashioned when the Rainbows were short one player. That four-man assault drove in two goals in less than 60 seconds of a roaring third period to settle that issue. Then it was Alexandria's turn, Thursday night, to don the miracle garb. Down 2-1 with less than five minutes to go in a game that seemed destined to tie the series at two-all, the Gems rammed in to deadlock the score and then went on to get the big winning goal with less than a minute to go.

That goal may have settled the series, for not a few Alexandria fans feared that if that game went to Lancaster they might plunge on to take the championship. And in that final game Saturday, a thousand fans saw probably the finest local hockey and the keenest competition of the season and the series. That sustained third-period drive by the Rainbows came but a goal short of keeping their hopes alive, and it came after the body blow of losing the services of their goalie, John McLaren. Every fan in the rink regretted his enforced departure.

It was a terrific series all the way and with so keen a rivalry it is nice to be able to report no serious injuries. We were blessed with competent refereeing and the teams stuck strictly to hockey — something we had been hoping for after a season that saw a tendency to roughening that was not healthy for hockey and was spoiling the spectacle.

When the gong sounded the end of the final series and the Rainbow crew thronged

in to congratulate their victors, that was the kind of sportsmanship that warmed the heart. That is the spirit needed to keep hockey and any other sport alive.

We doubt if any fan in the circuit will begrudge the Gems their championship mantle when it is realized Alexandria hockeyists have been waiting 40 years to cheer a championship team in organized hockey. True, we have developed smart players in the interim and we have copped honors in local leagues, but that was in the days of depression when teams were truly homebrew and amateur, and seldom sought to go further up the ladder. Since the days of Tommy Lowrey and the Ottawa Valley champs of 1914, local fans have had to be content with something less than the best.

Our Gems of 1954 may go no further along the Ottawa Valley trail, but they rate an accolade if only for the fine hockey and fighting will-to-win they showed in this series. We are not under-rating our imports when we pay special mention to our home talent, such boys as the Poirier brothers, Bern and Laurent, Ewen MacPhee, Renald Lauzon and the others who learned their skating and hockey the hard way, on the old pond ice when there might not be even an open-air rink to quicken their interest in hockey. They have helped keep hockey alive here over a decade and those who made up with them the Alexandria teams of that period can share the mantle of champ.

Local hockey is given a big boost by the copping of this championship and the miracle of artificial ice in the Gardens should be all that is necessary to guarantee a resurgence of interest in Canada's ice game here. It should not be forgotten by district hockey fans that this sizzling series might never have been played if artificial ice, here, was not a reality. It probably would have been washed out by the coming of Spring, as so many other hockey play-offs have been in recent years.

Those responsible for our all-weather ice deserve a bow, too.

No Right Of Appeal

When Chief Justice McRuer threw the book at publishers of three U.S. crime magazines, on contempt of court findings at Cornwall last week, we didn't much mind. As he declared in his charge, this type of magazine plays up the sensational at the cost of truth or facts, and their circulation in this area could have prejudiced a man's chances for a fair trial.

The \$14,000 in fines meted out was admittedly high but perhaps not too severe in light of the fact that a previous, lighter, fine on the same charge had failed to curb the practice.

But the ten-day prison term meted out to the Cornwall magazine distributor did not sit as well with us. And when we read that there is no appeal from such a contempt of court sentence we were shocked. True, the sentence was later lifted by Chief Justice McRuer, but we are still disturbed by the knowledge that so much power is permitted a court under our criminal code.

It does not seem fair or proper to us that the decision of a judge can commit a person to jail without that person having the right to appeal the sentence. We had thought that under our criminal code a man was always considered innocent until proven guilty and that the road to appeal was always left open. Yet our understanding of the Cornwall case is that the presiding judge had the power to decide that the newsdealer was in contempt of court and could arbitrarily commit him to prison. In our view any one person's opinion — no matter how learned in the law he may be — should not be considered sufficient proof of guilt that a man might lose his freedom without recourse to an appeal.

We have no sympathy for the publishers of such trash as these magazines which purport to print true and factual crime cases. As the evidence disclosed, they print stories thrown together out of the imaginings of some hack writer who has only newspaper clippings on which to base a plot that is later published as a true story. But somehow, even in their case, we think there should be room for appeal.

If, knowing that they are what they are, Canadian law permits their circulation in

Canada, then the publishers should have the same protection in our courts which we supposed any reputable Canadian publication had. And we were not aware there was no right of appeal from a contempt of court indictment.

Perhaps the weakness is in our laws which permit entry into the country of such magazines — and our newstands are full of trash in many ways more damaging than these supposedly true detective magazines. Perhaps there could be legislation preventing the methods of distribution which give the newsdealer no right to reject publications which he doesn't desire to handle. As we understand it, a few companies control most of the supply houses and the dealer must accept whatever they send, receiving only a certain number of reputable magazines in proportion to the amount of trash he can turn over. That smacks of a combine to us, or restraint of trade, and surely if the Canadian government wanted to crack down many methods would be found open to stop this border traffic in bad reading.

The Commons' committee now considering revision of our criminal code might well look into the provisions that cover contempt of court cases.

The Trumpet Sounds

Competition rears its head in the field of weekly journalism in Glengarry.

We have been privileged to see a copy of The Glen Robertson Trumpet, a weekly published by the pupils of S.S. 12, Lochiel, under the guidance of their teacher, Mrs. Howard Morris. Its five pages have both news of the local scene and the foreign field. In fact, the Trumpet boasts a foreign correspondent, Pat McIntee, who was covering the Queen's arrival in Australia but, unfortunately, arrived late.

We are especially privileged to see The Trumpet as we understand only 20 copies are put through the Gestetner. To editor Don Hambleton and his staff, our congratulations on a worthy bit of extra-curricular activity.

LETTERS to the EDITOR

Immigration
Verdun, Que.,
4350 Wellington Street,
2/24/54.

Alexandria News.
Mr. Editor:
Being a reader of the Alexandria News for a number of years, I have come across topics which were sometimes not along my line of thinking. Now, I come across this immigration problem on which your paper and citizens seem to disagree quite vehemently. I, as a patriotic and firm Canadian, would like to give my opinion on this "so very important topic".

Many of my friends in Glengarry may oppose me quite strongly on this, but after weighing the pro's and con's I am inclined by quite a few lengths to favor immigration.

Let mass immigration come to Glengarry, Prescott, Stormont or any county or city in our vast Dominion and these respective places will be better off than before. Many people will disagree, so I will give a few reasons why our country benefits and will always benefit from immigration in many walks of life.

At the end of 1953 the Canadian government announced that the population had attained the fine mark of 15 million inhabitants. This is practically double the population of 1910. If this percentage of 22 persons per 1,000 per year continues at the present rate, Canada's population will again double in 1980. This is one good reason why politicians all over the world predict a bright future for our country. Let us be proud of this. Our rising population is an important factor in the economy of our country. We need more people to work in the industries and also to buy and sell our products. Folks, can we find a better way to sell our products than to open our doors to Europe's millions? I would say that the main reason for the rise in sale of many products in the last decade is mainly and proportionately due to the rise of our nation's immigration. Our boundaries are widely stretched, capable of nourishing crowds of fortune-seeking Europeans.

It is nice to have a big, beautiful country, but it is less heartening to see wide stretches of fertile land not opened up. Canada's innumerable resources, if harnessed up, would raise our federal income a great deal. This requires manpower, will, and a lot of work. We can't dream of doing this all by ourselves, we need help from abroad. What's the use of having the minerals, the oil, the water and electric power if no use is made of it. We can get this help willingly and earnestly, so let (Continued on Page 3)

He Took Thence A Stone

'A Stunning Upset'

From the Lethbridge Herald (Liberal)

We can think of no better expression to describe the Red Deer by-election result than that indicated in the caption.

That in Alberta, where the Social Credit party has been riding high for almost 20 years, the electors in a seat which had elected a Social Credit cabinet minister only 18 months ago by a 3 1/2 to 1 majority, should turn to the Conservative party, which never at any time came within a mile of winning a provincial election since Alberta was formed in 1905, is a political denouncement of the first order.

What adds to the intriguing situation which the by-election has developed is that it was the third count which elected the Conservative, Mr. Kirby, and that this is one of the few times in the more than 30-year history of the transferable vote in Alberta that the electors have carried out the real intent of that type of ballot. To follow the counting through:

First count:

Prescott, SC	2,819
Kirby, PC	2,641
Roth, Lib.	967
Pye, CCF	660

Pye, low man, eliminated.

Second count (distribution of Pye's 660 votes):

Prescott — 2,819+106	2,925
Kirby — 2,641+256	2,897
Roth — 967+151	1,118

(Of Pye's 660 votes, 147 were exhausted on second count because they showed no second choice preference . . . they were "plumpers". Roth now eliminated.)

Third count (distribution of Roth's 1,118 votes):

Kirby — 2,897+448	3,385
Prescott — 2,925+214	3,139

(Of Roth's 1,118 votes, evidently 416 were exhausted because they carried no further preferential markings.)

Whatever the underlying cause of the upset, it is going to spur the Conservatives in the West, probably across Canada, to the belief that the swing is away from the left, and that the next five years will be theirs if they interpret aright the public trend. No doubt Liberals, too, will assess the result, seeking the trend.

WITH OUR RAMBLING REPORTER

By ED.

March came in like a lamb, or it could be like a lion; one of those Alexandria Lions who can come in very sheepishly, too, after a late night out.

A LENTEN SUGGESTION

● An unique suggestion for Lenten observance comes from the Archbishop of Philadelphia. He recommends to his flock that in addition to the usual fast and abstinence, they disconnect their television or radio sets for a week.

His pastoral letter on the subject suggests that they then fake an honest appraisal. "Have you missed anything worth while? What have you gained?" It goes on:

"The art of conversation is restored in the family, perhaps; many duties are performed that might otherwise have been neglected; your own judgment may be more sound because you have missed thousands of words of propaganda." That is one resolution we could keep without sacrifice.

● He wanted to see her in the worst possible way so he came around before breakfast.

● This canned dog food we dish out to Fido these days may not be made of sawdust but it certainly has the appearance. Maybe that's why our Sandy gets such a board look when we serve it to her.

● No man becomes a Communist until he has given up all hope of ever becoming a Capitalist.

● Inflation has affected all levels of society, right down to the six-year-olds. Nowadays one doesn't dare offer a penny for your thoughts, Jimmy.

● Ten to one he'll come back with 'I was thinking of a quarter, pop'.

● Those people who are so opposed to any recognition of Franco's Spain should take another look at the envelope which carries their "franked" mail from Parliament Hill. There in attractive green ink under the word "Canada", is "Franco" himself.

● Before they develop apoplexy, though, these people might check their French vocabulary and find that "Franco" means "free of expense". In this case it is not free of expense to the Canadian people but only to those little Francos in Ottawa who can dictate increased mail charges for us while their weighty epistles take a free ride — on us.

● She was a professor's daughter, but evidently she hadn't learned her lesson.

SMOKE DREAMS

● The tobacco people are going to be up against it if any more doctors come out with these scare headlines about cigarettes contributing to cancer of the lung. How can they continue boasting how fresh and mild their tobacco is once the public becomes firmly convinced that every inhale may be their last.

● Perhaps we'll live to see the day when the cigarette manufacturers have to change their advertising pitch in order to be in line with medical thinking.

● L.S.M.F.T. for instance, now stands for "Lucky Strike means fine tobacco", but it could become "Lucky Strike mars fit tissues".

● In the interest of truth in advertising, too, Chesterfield might suggest "Don't die in bed, choose a Chesterfield".

● Another suitable slogan might be — "Smoke Old Gold and your hair will never turn to silver — it won't have time".

● Camels might blurb "Jump on the Camel Caravan and get up to heaven that way".

● "Call for Philip Morris" might become "Cough with Philip Morris".

● Right here in Canada we could see changes, too.

● Instead of "Buy British", the MacDonald makers of British Consols might put it very concisely "Die British". They might coin a phrase "Export, but don't inhale".

● The makers of Players could continue their slogan "Say Players, Please" adding the thought — "but please say prayers".

● The Sweet Caporal drum major might not be as appealing if she had only one lung, but who would be any the wiser. Imperial might tack on to its slogan "Truly Mild — Truly Fresh", the words "True to death".

● Perhaps we'd better quit this rather morbid game right now before we scare ourselves into giving up cigarettes for Lent.

Curling Club News

MONDAY — Mrs. W. R. McEwen (skip), Mrs. Ted Scott, Mrs. Wilfred McEwen and Mrs. Allan Rafuse played Buckingham on Glebe ice, and lost 11-4.

TUESDAY — The same Maxville team played Metcalfe on Ottawa Curling Club ice. Metcalfe won 16-2. They were accompanied by their president, Mrs. Archie Hughes.

Two teams journeyed to Morrisburg. (1) Mrs. Rod McDonald (skip), Mrs. Gerald Blair, Mrs. Stanley Kippen, Mrs. C. L. Rowe, played Winchester, and won 6-4. (2) Mrs. Hubert Quart (skip), Mrs. J. F. Mutch, Mrs. Chas. Blaney, Mrs. C. L. McPhail played Morrisburg and lost 13-6.

WEDNESDAY — Teams are entered in Cornwall for the mixed games.

THURSDAY — Mrs. Gordon Scott (skip), Mrs. Wilfred Doth, Mrs. Ben Villeneuve and Mrs. Jim Nolan will play at Hawkesbury.

Every evening, scheduled games are played by the men for the Garnet Campbell trophy. Dr. J. F. Mutch has donated a trophy for the ladies. These games are being played in the afternoons and Friday evenings.

High School boys are learning the game in scheduled PT periods. The men's bonspiel is scheduled for March 22nd.

That Eight-End is a Rarity

An eight-end in open competition is somewhat rare, considering there are about 1,400 clubs and 200,000 curlers. But this feat was accomplished in Maxville by a team skipped by Mrs. W. Doth, in one of our last schedule games.

During 1953, in all the clubs, there were sixteen eight-enders.

The other players of this team were: 1, Mrs. C. Rowe; 2, Mrs. M. Marshall; 3, Mrs. B. F. Villeneuve. The opposing team was skipped by Mrs. Rod McDonald. Final score was 16-4.

There is an eight-end pin given by the International Curling Magazine, so the ladies will be proud to display their pins when received.

Ladies' Bonspiel a Success

Wednesday, February 24th, Maxville lady curlers entertained rinks from Ottawa, Cornwall, Morrisburg, Hawkesbury, Vankleek Hill and Winchester in a friendly bonspiel. Upon arrival the ladies were served coffee and doughnuts. At 12 noon a delicious dinner was served by the refreshment committee.

Games started at 10 a.m. and continued till 4:30. Vankleek Hill took the lead and carried off first prizes, and Hawkesbury ladies were second.

This was the ladies' first friendly bonspiel and it was a real success; so the ladies will be looking forward to others.

APPLE HILL

Mrs. Cluney, Montreal, spent the week-end with Mr. and Mrs. Bill McMillan and family and Mrs. James Neville.

Miss Donna Mitchell, Montreal, spent the week-end with her grandparents, Mr. and Mrs. D. A. MacDonald.

Mrs. W. E. MacDiarmid and son, Donald E. MacDiarmid and wife and son, Billy, of Cornwall, spent Sunday at the home of Mr. and Mrs. P. D. McIntyre.

LETTER ...

(Continued from Page 2)

us accept it as willingly. There are advantages and disadvantages in having a big country. Enemy imperialists are always threatening to grab loose grounds. In case of aggression from abroad we must prepare ourselves. No weapon is more dangerous and effective than a big, fighting, populated country. Europeans are good fighters, good solid citizens to have beside us in case of invasion.

Immigrants come to Canada because they have heard that Canada is a democratic country, with freedom of speech and of the press. They, friends, in many cases have suffered, toiled under a Soviet-controlled state. These people know what hardships are. When these people put feet on Canadian soil it is a new and wonderful life starting for them. These people more than anyone else, who have worked under the unscrupulous eye of a Red dictator will be the first ones to fight a Red dictator in our country if given the chance to do so. They will try and make of their new-found heaven a better place to live in.

These are eager, hearty, unselfish people, capable of giving and taking; good people to have as friends and neighbors. So let us show them that we are glad to have them as our new neighbors.

So, all in all, I think there is nothing more promising for a growing country like ours than to open our doors to immigration. One of your readers, LUCIEN MASSIE.

League Champion Gems Now Set For Play-Offs With Hawkesbury

Fresh from their victory in COVHL play-offs here, Alexandria Gems start on the Ottawa Valley hockey trail tonight at Hawkesbury. There they meet the local Richports, top team in the Prescott - Argenteuil loop, in the opener of a best-of-three series.

The second game is set for Glengarry Gardens, Saturday night and should a deciding third game be required there will be a toss for the locale. It will probably be played Tuesday night, here or at Hawkesbury, but there is also the possibility that should Alexandria win the toss,

the third game will be played in Glengarry Gardens, Sunday afternoon.

There will be hockey here on Sunday in any case. Dalhousie and St. Justine are scheduled to continue their Border League semi-finals that afternoon, should the Gems not be needing the ice.

There is the possibility, too, that the Alexandria - Hawkesbury series will be enlarged to a best-of-five or even best-of-seven series. The winner of this set is scheduled to meet the winner of a play-off between champions of the Leeds league and

the St. Lawrence grouping. Early this week champions had not even been declared in these loops and unless the OSHA forces them to a shortened series they will scarcely be ready to meet the local winner. An elongated series, then, between Hawkesbury and Alexandria would seem the answer.

Green Valley And St. Justine On Top

Border League play-offs have been underway this week at Glengarry Gardens and the semi-final series sees Green Valley and St. Justine destined to meet in the final round.

Green Valley added a 12-5 victory, Monday night, to its previous 7-4 win over Bainsville.

St. Justine took top dog Dalhousie 6-4 in a Sunday afternoon joust and looked still better Tuesday in a 6-1 victory.

Green Valley needs but one more victory tonight, while St. Justine may finish its series Sunday afternoon.

Local Minors Lost Three On Week-End

Martintown's Juvenile hockey squad hung another 8-3 loss on the Alexandria Juveniles at Glengarry Gardens, Saturday afternoon, to eliminate the local all-stars in that age group. Martintown had previously taken the locals on Maxville ice by the same score.

On Gardens' ice Friday afternoon, Maxville's Bantams defeated the Alexandria Bantams 6-3 to make up for an 8-5 defeat handed them on Maxville ice previously. The teams were to meet again at Maxville on Wednesday.

In their first meeting here Friday the Pee-wees of Maxville and Alexandria played to a 2-1 win for the visitors. They were to resume play at Maxville, Wednesday.

Rev. Rudolph Villeneuve brings a Cornwall Juvenile squad here, Friday, from 6 to 7 p.m., for a friendly with the locals.

Third In Sprint At Toronto Meet

Eighteen-year-old Nancy Graham, daughter of Mr. and Mrs. R. J. Graham, Alexandria, has started the 1954 track season at Toronto in fine form. The young sprinter came in third in the ladies' open 50-yard dash at the first track meet of the season in Toronto's Coliseum on February 27th.

This is the second year that Nancy has been running in the seniors division.

One-Goal Margins Featured Last Two Games Of Finals

Alexandria Gems won the league championship Saturday night as they eked out a 4-3 victory over a desperately fighting Lancaster Rainbow six which fell just one goal short of staying in contention a little longer. That win followed the equally close 3-2 victory by the Gems, Thursday night, and the double win gave them the best-of-seven series by a 4-1 margin in games.

Like all other games of this memorable series, Saturday's final one was a sizzler which provided more than 1,000 fans with probably the finest hockey seen here in many years. There was smooth passing and almost continuous rushing by the goal-hungry forward lines and equally effective work by the two defenses which kept scoring to a minimum.

Half way through the middle canto, Lancaster lost the services of veteran goalie John McLaren, who had aggravated an old injury. Forward Dave Larocque went back to the nets, which he had occupied at times in the past, and did a competent job behind a defence which gave him fine protection.

Lancaster got the first goal of the game on a score by Archambault, which Lebrun got back on a solo effort which saw him go all the way alone. It was a 1-1 game until the second frame was one minute old, when Renald Lauzon put Gems ahead on the first of two goals he potted in the period. Rainbows were down 3-1 at the second bell and a spirited drive in the final frame saw them tie it at 3-3 on goals by Coleman and Collette. Again it was playing-coach Gus Lebrun who went in for the big goal that settled the series, though Lancaster fought hard in the five minutes remaining

to keep the Rainbows in. The checking was rugged, but the game was the cleanest of the lot with only six minor penalties imposed, none at all in the last period. Playing-coach Gus Lebrun was the big gun in Thursday's third Alexandria win when he got all three of the Gems goals in a game they won 3-2. The second goal was officially credited to Bourget, but the dressing-room hot-stove league later decided it was another Lebrun counter.

Lancaster took the lead in the game on a marker by Langstaff in the first period. They took the single goal advantage into the second period.

Both clubs tallied in the second period. Conrad Archambault made it 2-0 when he nicked one after the third minute of play. Lebrun then notched the first Alexandria goal.

It began to look like a Lancaster victory and a series tied at 2-2 in games, and the Rainbow fans were beginning to gain confidence when suddenly the roof fell in. Bourget and Lebrun combined for the tying goal at the 14-minute mark and the game appeared going into overtime when the big line of Lebrun, Bourget and McDonald scrambled in front of the Lancaster net to come up with the big game-winner with less than a minute to go.

The teams:
ALEXANDRIA — Goal, Grant; Hodgson, B. Poirier, L. Poirier, MacPhee, Gauthier, Lauzon, Bourget, McDonald, Marcoux, Periard, Coulas, Dolan, Lebrun.

LANCASTER — Goal, McLaren; Langstaff, Forbes, Roger and Conrad Archambault, Bill and Dave Larocque, Coleman, Reasbeck, Carey, Collette, Pecore, Wightman.

Garage Destroyed Near Summerstown

Three cars were destroyed in a \$3,000 blaze which razed the auto body repair shop of George Sadler, one mile east of Summerstown, Wednesday night of last week. Two late-model cars inside the frame building and another parked against the east wall were lost, while a fourth, parked at the west side, was extensively damaged. The loss also included much valuable equipment. A neighbor, 17-year-old Rhea

Native Of Greenfield Area Attains 94th Birthday In Mich.

The many relatives and friends in Glengarry County of Mrs. Margaret Mack will be interested to know that she celebrated her 94th birthday, February 17th, in Gaylord, Michigan, where she now makes her home with her only daughter and son-in-law, Mr. and Mrs. Walter Nelson.

Mrs. Mack was the former Margaret Weir, a daughter of Andrew Weir and his wife, Mary McLean. She was born February 17th, 1860, on Lot 19, Sixth Concession of Kenyon Township, now occupied by her two cousins, Angus J. and Rannie McLean.

The following item appeared in a recent issue of the Gaylord, Mich., newspaper and points out how well and active Mrs. Mack is for a woman of her age:

Mrs. Margaret Mack plans to celebrate her 94th birthday, February 17th, at the home of her only daughter and son-in-law, Mr. and Mrs. Walter Nelson, just "visiting" with friends and relatives she expects will drop in on the eventful day.

Enjoying good health, hearing and sight for a woman of her age, Mrs. Mack was remarkably agile as she chatted freely with a Herald-Times reporter recently, while sipping coffee served by her daughter. When asked to what she attributed her longevity, Mrs. Mack replied, "Hard work".

Very pretty in a bright red dress accenting her snow white hair, Mrs. Mack recalled that at the age of 12 she prepared dinner for her father, a lumberman, after his return from working at the maple sugar bushes until late at night, on their place in Glengarry county, Canada, where she was born.

Later, when he left his family behind to work in Bay City, Mrs. Mack, formerly Margaret Weir, often accompanied her father to bake his favorite pastries and keep him company. When she was 17 or 18 years old, the family moved to Bay City.

Comes to Gaylord Following her marriage to Frank Mack in 1887, the couple lived in Linwood and Bay City before coming to Gaylord 55 years ago. He worked at the Dayton Last Blocks for 11 years until it closed, after which they moved to Detroit, where he worked for 15 years in a copper factory until his death in 1934. Mrs. Mack has since made her home with her daughter in Gaylord.

Makes Afghans Now Mrs. Mack still enjoys helping with dishes, making her bed and other household duties, and cares for herself entirely. Her hobby is making afghans. She has completed seven since she was 80 years old, and is now considering making a quilt.

Although still attending church every Sunday at St. Mary's by automobile, Mrs. Mack misses the walk to church she enjoyed daily at 6:30 a.m. for many years. She occasionally visits her sister, Mrs. Mack Sowers, in Gaylord.

She has two grandchildren, James Nelson of Gaylord and Mrs. Edward Colwell of Petoskey, and three great-grandchildren, Sally, Eddie and Davil Colwell.

Wedding Date Marked Here

The 13th wedding anniversary of Mr. and Mrs. Donatien Theoret, Main street south, was made the occasion for a gathering of relatives and friends, Sunday evening, February 21st. Some forty were present at a dinner in the Theoret home which was followed by an enjoyable evening of dancing and singing.

A feature was the reading of an address by Mrs. Joseph Cuerrier of St. Zotique, Que., a sister of Mrs. Theoret, and presentation of a purse by Jean Methot of St. Zotique, a brother of Mrs. Theoret. Raymond Bruneau, M.P., of Hawkesbury, also spoke briefly.

Lionel and Elzear Sabourin of St. Justine provided music and entertainment.

Among those present from out of town were: Mr. and Mrs. Raymond Bruneau, Mr. and Mrs. Noel Berthiaume, Hawkesbury, Mr. and Mrs. J. B. Methot, Mr. and Mrs. Joseph Cuerrier, St. Zotique; Mr. and Mrs. Viateur Ethier, Dalkeith; Rev. Roland Rouleau, Glen Robertson; Mr. and Mrs. Michael Dicaire, Bainsville.

Others present from Alexandria included Brother Raynald, Mr. and Mrs. Geo. Lefebvre, Mr. and Mrs. Herminie Periard, Mr. and Mrs. Elzear Periard, Raoul Meilleur, J. E. Ranger, Jean Jacques Ranger, Mr. and Mrs. Franuocis Pierard, Mr. and Mrs. Raoul Clement, Mr. and Mrs. Real Faubert.

Accident Picture Fortunately, there seems to be a general awakening in the highway accident picture. If drivers themselves cannot improve the picture, they invite direct and perhaps annoying intervention from the authorities.

Dr. W. J. Gunn ---An Appreciation

In the death of Dr. W. J. Gunn on February 18th, at his home in Lancaster, the United Church has lost a devoted layman and the community a greatly loved and respected citizen.

Of Highland Scottish ancestry, Dr. Gunn, the son of Joseph Gunn and Wilhelmina Sutherland, was born on the old pioneer family homestead on the East Front along the St. Lawrence River in the County of Glengarry.

Following the years at Williamstown High School, he entered Toronto University, where he graduated in Dentistry in 1900. For two years he practised his profession in Cornwall, then moved to Lancaster, where he spent the rest of his life.

In 1906, Dr. Gunn was elected president of the Eastern Ontario Dental Association, and was a member of the Board of Health for many years. As a citizen, he gave his services freely to every good cause. Elected to the Township Council, he served in that capacity until he was elected reeve of the Township of Lancaster in 1911. As chairman of the local Library Board and of the Williamstown High School Board, his sound judgment and his wise counsel was held in high esteem.

His Greatest Interest Notwithstanding the demands of a busy professional life, and his service to the community, his greatest interest lay in his home and his church. Those who have been privileged to enjoy the friendliness and warm hospitality of that home recall with gratitude its associations, and during the months of illness preceding his death, messages of comfort and appreciation came from far and near and especially from young people who had been shown kindness and understanding by Dr. and Mrs. Gunn.

To Knox United Church, Dr. Gunn was a tower of strength in every department of church work. As a life member of Session, as teacher, secretary and superintendent of the Sunday School for over 35 years he was the living witness of a dedicated Christian life.

The largely attended funeral service was conducted by Rev. B. Mal-lalieu, pastor of Knox Church, assisted by a lifelong friend of Dr. Gunn, Rev. Dr. J. U. Tanner, and Rev. G. W. Irvine of Williamstown. Interment took place in St. Andrew's cemetery, Williamstown.

Left to mourn his passing are his devoted wife, formerly Miss Daisy MacDonald of Williamstown; his nephews, Dr. Leslie MacDonald of Trenton, and J. Howard MacDonald of Maxville High School staff; his sisters-in-law, Mrs. Andrew Shaw and Miss Mary MacDonald, and his brother, John, in Saskatchewan, besides many relatives and friends who mourn with the family and pray for their comfort.

Dr. Gunn was the last member of the large family of the late Alexander Kerr and Mary MacDonald. She was born at Lot 33, First Concession of Lochiel, and received her early education in that district.

Fifty-five years ago she was married in St. Finnan's Cathedral to Felix DaPrato, who survives, and the couple took up residence here. After 20 years, during which time Mrs. DaPrato was active in the affairs of her church and community, they moved to Ottawa, where they have since resided.

The Stolen Idol Now In Rehearsal

"The Stolen Idol" is a mystery comedy which combines laughter and thrills and will be presented by St. Finnan's parish players on Wednesday and Friday, March 17th and 19th, in Alexander Hall.

The three-act play has to do with the adventures of a group of house-party guests who find themselves beset by a strange, vindictive power which seems bent on their destruction, with the excitement centering around a Hindu idol which is said to have been stolen from a temple in India many years before.

The finger of suspicion in connection with a murder is directed at each in turn, and with each move made by the detective to straighten out the affair, the mystery becomes more involved.

There is a vein of hearty and wholesome comedy throughout, and the startling outcome of the mystery, leaving everyone happy, is wholly unexpected.

Tickets will go on sale Saturday at Ostrom's Drug Store, where a reserved seat plan will be available.

Mrs. Felix DaPrato Widely Mourned

A large attendance at the funeral of Mrs. Felix DaPrato, a resident of Alexandria for 20 years, was evidence of the widespread regret felt at her passing. Mrs. DaPrato died in an Ottawa hospital early Friday morning after a lengthy illness. She was 79 years old.

Rev. Donald A. Kerr of St. Raphael's West, a nephew, was celebrant of Solemn Requiem Mass, with Rev. E. J. Macdonald and Rev. Leo Macdonell as deacon and sub-deacon, respectively. Also assisting at the Mass were Right Rev. Monsignor D. R. Macdonald, D.P., and Rev. Roland Rouleau, Glen Robertson.

The funeral was held Monday from McEvoy's Funeral Home, Ottawa, to St. Finnan's Cathedral. Pallbearers were Alex. McKinnon, Hugh McKinnon, Cyrille Gagnier, John A. Chisholm, Sebastien Laporte and Arch. M. MacDonald. The body was placed in St. Finnan's vault for burial in the spring.

The former Johanna Kerr, Mrs. DaPrato was the last member of the large family of the late Alexander Kerr and Mary MacDonald. She was born at Lot 33, First Concession of Lochiel, and received her early education in that district.

Fifty-five years ago she was married in St. Finnan's Cathedral to Felix DaPrato, who survives, and the couple took up residence here. After 20 years, during which time Mrs. DaPrato was active in the affairs of her church and community, they moved to Ottawa, where they have since resided.

Tuberculosis Deaths In United Counties Down To Four In Past Year

Only four residents of the United Counties of Stormont, Dundas and Glengarry died of tuberculosis during 1953, according to the annual report of Dr. G. J. L. Davies, superintendent of St. Lawrence Sanatorium.

Two of the patients died in the sanatorium and two died outside the institution.

The death toll represented a rate of five per 100,000 for 1953. By comparison, the rate was 39 per 100,000 in 1946; 25 per 100,000 in 1948; 13 in 1950, and 10 in 1952.

Said Dr. Davies: "The mortality rate for tuberculosis in the United Counties will undoubtedly be lower than the rates for 1953 for Ontario and Canada. In 1952 these rates were: Canada, 17.1 per 100,000; Ontario, 8.4 per 100,000. It is safe to say that 1953 was the first year since mortality rates were recorded that the mortality rate for the three United Counties was lower than that for Ontario as a whole."

There were 90 admissions and readmissions during the year and 11 additional patients were admitted as transfers from other sanatoria.

There were 95 discharges and 20 additional patients were discharged as transfers to other sanatoria. Of the 20 transferred, seven were for consideration for major thoracic surgery and two were for consideration for surgical treatment for tuberculosis of the bones and joints.

Occupancy of the institution for the year was 97.16 per cent. The average daily number of patients in residence in the 112-bed institution was therefore 103.7, made up of approximately 77 males and 26.7 females. This means there were two and a half men patients to each female patient in residence during the year.

Of the 95 patients discharged during the year (apart from those discharged as transfers) sixty-five patients had been treated for active tuberculosis of the lungs, and one had been treated for active tuberculosis of the bones and joints. Twenty-nine had been treated for conditions other than active tuberculosis, or else had been under observation for disease which had proved to be inactive.

Seven patients were discharged by death in the Sanatorium. Of this number three died of tuberculosis (all within ten days of admission), two died of coronary thrombosis, one of silicosis and one of cancer of the lung.

The operating room will benefit from equipment requisitioned through the federal health project during the latter part of 1953, and some of this equipment has been received. The equipment requisitioned and approved includes a lighting unit which will continue to operate whenever the main electrical supply is interrupted, much valuable equipment for carrying out cystoscopies and investigations for disease of the kidneys, together with a large amount of equipment for the bronchoscopy clinics.

The volume of work carried out

27 New Cases Of Active TB Found

Twenty-seven new cases of active tuberculosis and 124 inactive cases were discovered in the United Counties by St. Lawrence Sanatorium extension clinics during 1953, according to the annual report of Dr. G. J. L. Davies, superintendent.

Dr. Davies said 49 clinics were held in 11 centres in addition to outpatients clinics at the sanatorium.

A total of 1837 persons underwent miniature X-ray tests at the two Cornwall hospitals, the sanatorium and Winchester District Memorial Hospital. From these tests five active tuberculosis cases were discovered and 297 inactive cases.

Dr. Davies explained that abnormalities discovered by the miniature X-ray survey are referred to extension clinics for fuller investigation.

in the operating room has diminished. This is chiefly because fewer patients are treated by pneumothorax and by operations on the phrenic nerve. It is interesting to notice that while a total of 1,380 refills were given to in-patients at the Sanatorium in 1950, only 163 were given in 1953.

The X-ray department, which has received the lion's share of the new equipment acquired by the Sanatorium during the last three years, obtained other items during the year, including a large mobile illuminator, and several valuable cassettes for tomography and for ordinary plates. The work carried out in this department compares very favorably with that carried out the previous year.

Laboratory services have been improved by the establishment at Cornwall General Hospital of a regional public health laboratory under the direction of Dr. W. J. Shannon. Previously these investigations which could not be carried out at the small laboratory in the Sanatorium were carried out in Kingston, and owing to the distance involved, there was an inevitable lack of contact and liaison between the physician and the pathologist.

A new development in the sanatorium is the taking of laryngeal swabs when the sputum of patients is examined for the presence of tubercle bacilli and other microbes. The examination of sputum expelled from the larynx on coughing is a much more sensitive investigation than is the examination of sputum expectorated from the mouth, and the results are more reliable. In addition, the taking of laryngeal swabs obviates in most cases the necessity to obtain specimens of gastric fluid, a procedure which some patients find uncomfortable.

Facilities for carrying out bronchoscopic examination at the Sanatorium were completed in December, 1953, and the first clinic was held

Sanatorium Had Satisfactory Financial Year, Board Hears

The retiring chairman of the board of directors of St. Lawrence Sanatorium, J. S. Thompson, said in his annual report late last week, that the financial situation of the Sanatorium is satisfactory. The board's annual meeting was held at the San.

Mr. Thompson said the report of the secretary - treasurer shows that the operating revenue for the past year was \$207,629 and that the expenses amounted to \$220,619. This resulted in an operating deficit of \$12,990.

"When non-operating revenue of \$2,614 is taken into account the deficit is reduced to \$10,375. If expenses due to depreciation on buildings and equipment which amount to \$13,066 are excluded from the expenses, the account for the year shows a surplus of \$2,691", Mr. Thompson reported.

He explained that the expenditures for installations, repairs and renovations during the year was abnormal and that the increased expenditures was not likely to recur for several years.

Much re-decoration, electrical alterations, and repairs to the elevator, ventilating system and roofs

in January, 1954. Arrangements were made for the procedures to be carried out by Dr. I. Harper, of the Royal Ottawa Sanatorium. The necessary equipment was obtained through the federal health grants at a cost of nearly \$2,000.

The rehabilitation department has flourished during the past year. The average monthly registration shows that a higher proportion of patients are taking advantage of the facilities offered.

An important development has been the appointment by the Provincial Department of Health of a regional rehabilitation supervisor. This officer resides in Kingston and is responsible for certain aspects of the rehabilitation of patients of the Osgoode Sanatorium, Kingston, the Royal Ottawa Sanatorium, and St. Lawrence Sanatorium. Since early in October, 1953, he has visited the Sanatorium for three or four days twice monthly.

In the course of a visit, the regional rehabilitation officer interviews patients to assist them and advise them, if necessary, about their plans after they are discharged from the Sanatorium.

The scheme is a new one, and one that has every possibility of being a fundamentally important advance in the full management of a case of tuberculosis.

were carried out. Lights on standards were installed along the driveway and the whole driveway was repaved. The third floor balcony was extensively repaired and both balconies were repaved.

Plans have been completed for the installation of a plant for treating water in the steam-heating system to overcome the problem of leakages and corrosion, which has caused dampness and damage to walls and ceilings.

The chairman reported that more than \$40,000 worth of equipment has been obtained from federal health grants. This includes equipment in the X-ray, rehabilitation, and the new bronchoscopy departments.

The St. Lawrence Tuberculosis Association provided funds for supplies for the patients' library, gifts for patients during Christmas and items for the Christmas party.

Mr. Thompson said the association furnishes funds required to cover the cost of the extension clinics held in various parts of the three counties. "This contribution during the past year was greater than ever before, a fact that reflects the gradually increasing volume of work carried out in these clinics."

The chairman acknowledged the voluntary work done for the sanatorium by individuals and groups in the community.

Bernice Froats, reeve of Williamsburg township, was named board chairman for 1954.

Other members of the board are: Ald. H. G. Williams and Ald. E. J. LeGault, representing the City of Cornwall; Warden Lloyd C. Davis, Finch reeve H. H. Ouder Kirk, Mountain Township deputy-reeve H. H. Williams, Cornwall Township deputy-reeve Albert Lavigne; Lochiel Township reeve J. W. MacLeod, and Maxville reeve W. A. MacEwen, representing the United Counties of Stormont, Dundas and Glengarry; F. T. Shaver of Aultsville, representing the province.

United Counties clerk - treasurer L. Cameron Kennedy, is secretary-treasurer of the board.

Table Ont. Bill To Give Industry 'Shot In Arm'

TORONTO, Feb. 27. — The provincial government plans to give the ailing Ontario dairy industry a shot in the arm.

A bill co-ordinating the various activities of the industry under one body was introduced in the Ontario Legislature yesterday.

A consolidation of six acts relating to various functions of dairying, the bill recommended the formation of a milk industry commission composed of representatives of the processor, distributor and producer interests.

Acting Agriculture Minister Goodfellow said outside the House the commission would be headed by Everett Biggs, present Dairy Commissioner, and would be under the Deputy Minister of Agriculture, C. D. Graham.

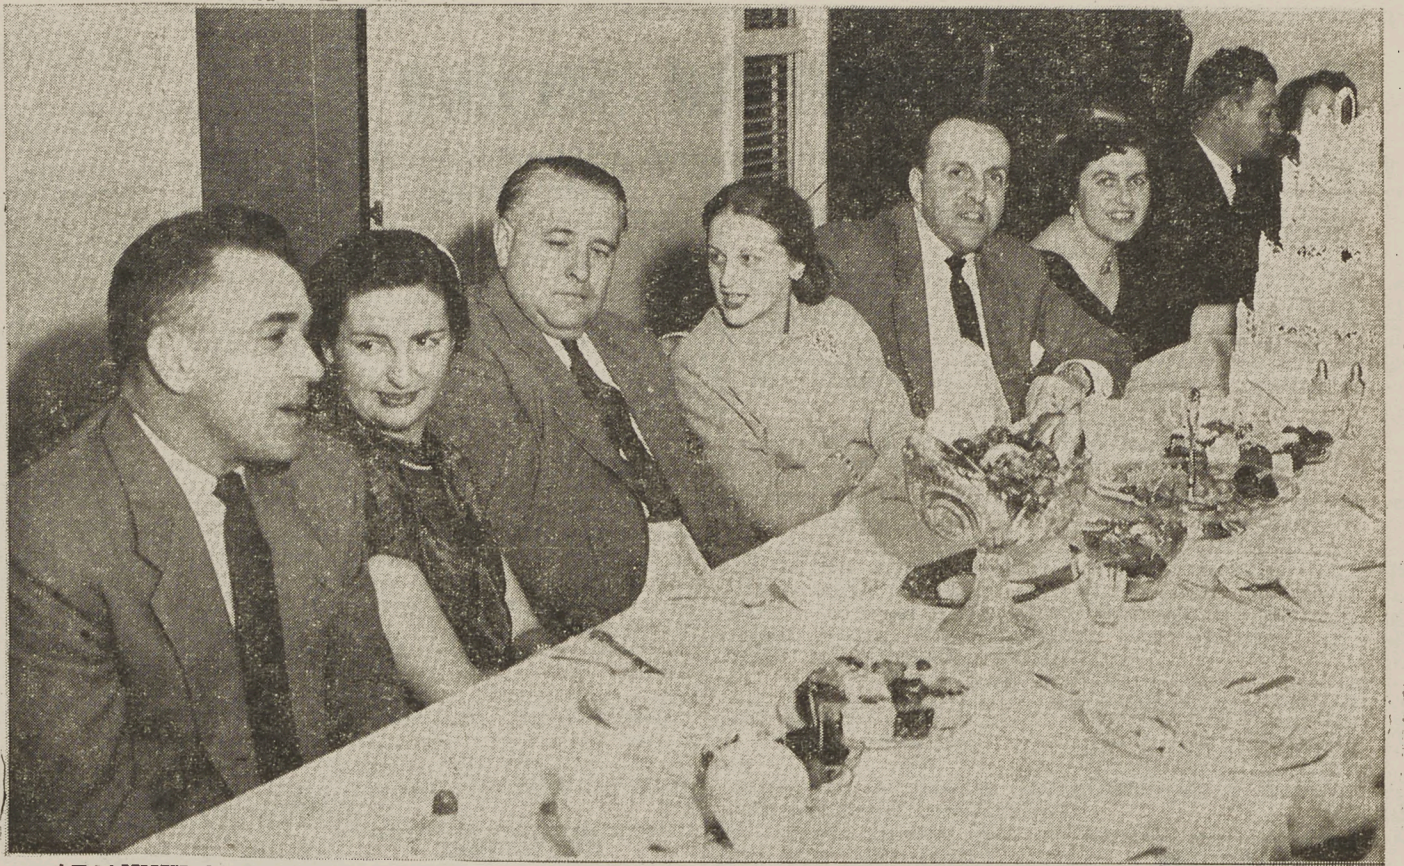

Mr. Goodfellow told the legislature the stabilization plan was requested by commodity groups in the industry "with the realization that the industry does need to be co-ordinated".

Under the co-ordination would come the Milk Control Board and the Milk Products Board, a new group to deal with concentrated milk.

The Milk Control Board would still handle prices and marketing problems.

The commission, according to a plan prepared by the Agriculture Department, would:

1. Be representative of the whole industry.
2. Be concerned with the co-ordination and improvement of all phases of the industry.
3. Promote and co-ordinate research.
4. Promote quality milk production.
5. Make recommendations to the Milk Control Board and the Milk

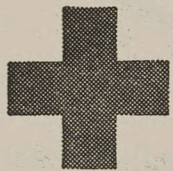

AT ANNIVERSARY OBSERVANCE — When Mr. and Mrs. Donatien Theoret, Main street south, marked their 13th wedding anniversary, February 21st, the occasion was marked by a dinner and social evening in their home. Among the 40 relatives and friends present were those

Alexandria Concentrated Milk Group One Of Top Four In Milk Volume

HAMILTON, Feb. 25. — The cost of supporting exports of concentrated products to producers in 1953 was estimated at over \$200,000, Manager Charles Milton told the annual meeting of the Ontario Concentrated Milk Producers' Association.

Reviewing the activities of the past year, Mr. Milton found no signs of improvement in the producers' position for 1954. In spite of the fact that stocks of concentrated products were down considerably, as were all dairy products with the exception of butter, huge surpluses on the U.S. market threatened stability throughout the world.

His report showed that there were now 38 locals organized with over 16,000 members and that other locals were being formed. Chief growth in locals during the past year occurred in Alexandria which now is one of the four largest locals entitled to five voting delegates. (Delegates are apportioned according to the amount of milk shipped.)

Field reports from Herb Webster and Stephen Beckley, association fieldmen, indicated that some improvement in grading, weighing and testing of milk at plants is being made. While in some plants numerous errors were discovered, due principally to lack of trained personnel, these errors on the whole were being eliminated.

Mr. Beckley noted the increased use of enclosed insulated metal vans to collect milk in Eastern Ontario. The area was gradually adopting automatic weighing and mechanical grading equipment.

In the West it was noted that the New Dundee Co-op had about completed an overall modernization project which makes the plant one of the most up-to-date in the province.

Greater publicity and concerted effort on the part of local executives was urged to get producers to attend meetings. Results of such efforts in Western Ontario particularly were outstanding.

Eat Less Butter

OTTAWA. — Each Canadian now is eating a little less butter than when margarine became legal in

Products Board.

"It is recognized that all milk products are tied very closely together and that in making decisions with reference to milk products, legislation should be such as to allow equal attention to be given to all phases of the industry... quality milk production, plant sanitation and marketing", said Mr. Good-

1950.

A return tabled in the Commons last week by the trade department showed the estimated 1953 consumption at 19.32 pounds for each person, against 19.98 in 1950.

After 1950, consumption slumped to 19.17 and 19.05 in 1951 and 1952, but it picked up a bit last year.

For all Canada, the aggregate consumption is up substantially to 302,606,000 pounds in 1953 from 261,464,000 in 1950.

Aside from cheese, rats also enjoy doughnuts, apples, sweet potatoes and peanut butter.

Hello, hockey fans! On behalf of the Alexandria - Lancaster fans, I bring you hockey news from AHS. On Friday last, a two-period hockey game was played between Alexandria and Lancaster High School boys.

After five minutes of play, Major scored from a scramble up at the nets to put Lancaster ahead 1-0. At 6:03, Picard got Lancaster's second goal. Then Sharkey came back at 7:06 to put Lancaster ahead 3-0. Only half a minute had passed when Bedard got Lancaster's fourth goal and at 12:05 of the first period Doug MacDiarmid set up a beautiful play for Picard, when he made his second goal of the game to make the score 5-0 in favor of Lancaster.

At this stage of the game it seemed as though Lancaster had it all over Alexandria. But Depratto scored Alexandria's first goal at 16:01. One minute later MacLaren scored, making it 5-2 in favor of

Lancaster, but Alexandria was coming up fast.

In the second period Alexandria scored three goals — one by Vachon after one minute of play, and one by Pilon at 1:05. With the game nearly at a close, MacLaren came back with his second goal of the afternoon to tie the game 5-5.

The 1953-54 Year Book is well underway, and canvassers are hard at work. When they call at your office or home, please give them your full support.

Exams are now one week away, by now mostly everyone is burning the midnight oil — we hope!!!

There is quite a lot of chatter from the "Gem" fans, around the halls and nearly every room you enter. But we can seem to single out all "Rainbow" fans; they just drift around without uttering a word.

This is all for now, folks — see you next week!

Mrs. J. Macaskill Paid Tribute

Elizabeth Hendry, wife of Rev. John Macaskill, minister of the Glen Sandfield pastoral charge of The United Church of Canada, died at Smith Clinic in Hawkesbury, on Thursday, February 25th, following a brief illness.

The funeral was held in Glen Sandfield United Church on Saturday afternoon. Rev. A. W. Seaton of Martintown, chairman of Glengarry Presbytery, conducted the service, assisted by the secretary, Rev. G. W. Irvine of Williamstown, and Rev. C. R. Wood of Vankleek Hill, who represented the Ottawa Presbytery. Rev. S. A. R. Delve of Kirk Hill, delivered the sermon and paid tribute to Mrs. Macaskill's faithful and devoted Christian life. The choir, accompanied by Mrs. W. R. MacLeod of Dalketh, sang "No Night There".

Other clergymen present were Rev. H. N. Burgess and Rev. P. C. Lewis of Cornwall; Rev. B. Mal-lalieu of Lancaster; Rev. J. J. E. Brownlee of Apple Hill; Rev. G. D. Campbell of Ottawa; Rev. R. A. Gregoire of Buckingham; Rev. J. H. Lynn of Ramsayville, and Rev. Mr. McKelvey of Brodie.

The pallbearers were Messrs. Gilbert MacRae and Mack McCuaig of Glen Sandfield, Duncan Morrison and Wm. McCuaig of Dalhousie Mills, and Thomas Fraser and Sidney Hay of East Hawkesbury.

A large number of friends from Ramsayville, Hawthorne and other congregations where Mr. Macaskill has served joined with the sorrowing people of the Glen Sandfield church to pay their last respects to Mrs. Macaskill.

Mrs. Macaskill was born in Northern Ireland and came to Canada at the age of sixteen. While living in Montreal she was employed by the Montreal Daily Star. She moved from Montreal to St. Andrew's East, Que., where she was married in 1941.

The interment will take place in the Spring at St. Andrew's East, Que., from the vault at Greenwood cemetery, Vankleek Hill.

Lancaster Junior Farmers Meet

The monthly meeting of the Lancaster Junior Farmers was held at the home of Mr. and Mrs. Lloyd Gardner. The new officers for 1954 elected at the annual meeting held at the home of Mr. and Mrs. D. A. Condie, were in charge. They are as follows:

Past president, John M. Petrie; president, Clark MacCuaig; 1st vice, Robert MacRae; 2nd vice, Agnes Petrie; secretary - treasurer, Joan MacVichie.

Board of directors: 1st concession, Melvin Gardner and Duncan MacArthur; 2nd concession, Billy Mitchell and Anne MacCuaig; 3rd concession, Heather Condie and Fernand Samson; 4th concession, Rae MacCallum.

The meeting opened with the 24 present, answering to the roll call "Something interesting about the person on your left".

In the absence of the secretary, Eleanor Condie read the minutes of the last meeting.

Various activities to be undertaken in the near future were discussed.

The entertainment was in the form of a box social, with very good proceeds.
