

VOTE MONDAY ON BY-LAW AND FOR SOME OFFICES

All Other Councils In County Returned By Acclamation

Only Outside Voting Is For Public School Area Trustees In Charlottenburgh—Polls Will Be Open From 9 To 6 O'Clock

Alexandrians go to the polls next Monday to vote on the Josef-Augstein Co. fixed assessment by-law and as well to choose six members of Council and fill two vacancies on the Public Utilities Commission.

Throughout the rest of the county, six municipal councils were filled by acclamations at Friday's nomination meetings and the only vote will be in part of Charlottenburgh Township. Four candidates qualified for three vacancies on the Public School Area Board, there, and residents of the Area will go to the polls to select three trustees. All residents of the school area who would ordinarily have a vote for council are qualified to cast ballots, we understand.

Qualifications here last Thursday assured an election when all eight nominees for council stayed in the race, as did the four nominated for two vacancies on the P.U.C. Running for Council are all six members of the present council: Lloyd McHugh, Sebastien Laporte, Donald J. Gormley, John G. Proulx, Adelard Menard and J. E. Ranger; as well as Magnus Lemay and Omer Poirier.

In the contest for P.U.C. are the two retiring members, Cornelius Lalonde and J. A. Sabourin, as well as Jean Trottier and Martin Clement.

Withdrawal of Bruno Pigeon, nominated as Separate School trustee in St. James' ward, allowed an acclamation for J. Paul E. Viau, Eugene Ouellette in St. Paul's ward and Stanislas Carriere, in St. George's, are the other trustees returned by acclamation.

The vote on the Fixed Assessment for the new Josef-Augstein Company plant will be held simultaneously with the balloting for elective posts. The by-law to be approved fixes the assessment at \$20,000 for a period of ten years, exclusive of school assessments, direct relief or local improvements.

Officers of the Board of Trade and town council have conducted an intensive campaign for strong support of the by-law.

Another Nomination Needed In Caledonia

Caledonia Township, neighboring Glengarry in Prescott County, must call another nomination meeting to fill one vacancy on council.

As a result of last week's municipal nominations, veteran reeve J. H. Methot was returned by acclamation but only three councillors qualified for four council seats. They are Marc Lavigne, Rene Levac and Emile Souigny.

Late Returns Boost CNIB Total

Final total for the Canadian National Institute for the Blind collection in Glengarry has been released by D'Assise Menard, treasurer. It stands at \$2,005.80 in public contributions, and an additional \$487 in grants from Glengarry Municipalities.

The latest returns have come in from Bainsville district, where \$127.65 was collected under the co-operation of Mrs. J. Robert Black. An additional \$17.50 collected by Miss K. McLellan in Williamstown brings the total for Williamstown to \$196.15. There is also \$39.00 collected by Gilbert Gauthier in Green Valley; \$65.50 collected by the Dunvegan Women's Institute under the co-operation of Mrs. Catherine V. McRae, and \$15.00 from Apple Hill, Earl S. Munro, convener.

M.P. Hears Delegates

A delegation of citizens headed by Mayor George Simon waited on Raymond Bruneau, Glengarry-Prescott M.P., in Hawkesbury last Saturday regarding the penal institution which they hope will locate in this area.

The men received a very cordial reception from Mr. Bruneau, Mayor Simon said and the promise that "the matter will be further pursued."

Lancaster Twp's New Hall In Use

When the electorate of Lancaster Township gathered for their nomination meeting last Friday they had their first opportunity to inspect the new Township hall and Clerk's office at North Lancaster. And we understand the comment was most favorable.

The former Macdonald store and hall were purchased earlier this year and the store has since been completely remodelled into a hall measuring 26 x 46 and a Clerk's office that is 14 x 18. A concrete vault 18 x 8 is another feature useful for preserving township records.

The former hall will house a township garage for road machinery and other storage and will need only minor remodeling.

A new front has been put on the Township hall, the brickwork has been repaired, a new roof put on and the tile flooring is an added touch. It will have hot-air heating and running water.

It is one of the nicest township halls in the area, no less an authority than Reeve Joseph Filion, avers and he hopes to see it used also as a recreation centre. He wants to secure pictures of all former Reeves to line the walls and he is seeking an appropriate picture of Queen Elizabeth as well.

The remodelling was supervised by Jos. A. Filion, general construction, Green Valley.

Poppy Fund Here Had Best Year Yet

The Poppy fund drive of Alexandria Legion Branch had its most successful year yet, according to a report by Charles Dear, chairman of the drive here. A net cash balance of \$223.26 accrues to the local Branch as a result. It will be used to supply direct aid to veterans and their dependents in the coming year. Mr. Dear's report shows:

Receipts	
Sale of wreaths and sprays	\$250.00
Poppy Day sales	\$300.00
	\$550.00
Expenditures	
Purchase of supplies from Vetscraft in Toronto	\$282.00
Printing	17.74
Delivery of Poppies	17.00
Transportation	10.00
	\$326.74
Net cash balance	\$223.26

He is grateful to all who assisted and is appreciative of the fine support received from the public.

Few Changes In Other Councils As All Reeves Acclaimed

Though there were acclamations in the six outside municipalities, Friday, there are some changes in council make-ups as the result of present members retiring.

In Charlottenburgh, A. Bernard MacPherson, Apple Hill, replaces Joseph Roy, Glen Roy, as a councillor, all others returning to office including Reeve John McLennan, retiring warden of the United Counties.

In Lancaster Township, Laurent Major, North Lancaster, son of W. J. Major, ex-M.P., is a new face on council. He replaces Gerald Sangster, Bainsville, who steps up to deputy-reeve, the post recently vacated by John D. A. Macdonald, deputy-reeve. Mr. Macdonald recently resigned to accept the appointment of Township Roads Commissioner.

At Maxville there are two new councillors. E. S. Winter and Hugh Smith replace J. D. McRae and Wilfred Doh, both of whom retired.

Alexandria Topic Of Article

Style Fortnightly, a Canadian publication for the garment trade, featured a story on "Alexandria Becoming Garment Centre" in a recent edition.

The story noted that with the coming of the Josef-Augstein plant to this town, Alexandria now has almost 300 employed in the garment industry, more than half of its working population. It lists the other plants here; Glen Dress Co., Harry L. Flax, Reg'd; Guarantee Sports Garments and Ca-Ron Slipper Co., but the article deals with our newest industry in the main.

It reports that Josef-Augstein has transferred production of its Sacony line from Montreal to the 24,000 square-foot plant here, which was financed by local citizens. The story of the summer school to train operators in temporary quarters is recounted and Rori Ayoub, manager of the plant is quoted as estimating maximum production at 15,000 garments per week. Shorts, slacks, jackets, blouses, skirts, halters and dresses will be produced.

The writer refers to a forecast in The Glengarry News of early expansion. Much of his information was gleaned from our files.

Alexandria Merchant Wins Display Award

Wilfred McLeister, proprietor of McLeister's Stationery Store here, has won honourable mention and prize money of \$15 for his window display in the National Letter Writing Week third annual contest.

Cash awards totalling \$1,000 were presented by several Canadian companies making letter paper and envelopes, and Mr. McLeister's window, which featured the motto "Write Home—Write Away" apparently caught the judges' eye.

Elderly Glengarrian Dies In Flint, Mich.

Word was received here Wednesday by D. D. McKinnon of the death that morning of his aunt, Mrs. Belle McKinnon, of Flint, Mich. who was in her 90th year.

Mrs. McKinnon passed away at the home of her son-in-law and daughter, Mr. and Mrs. Lewis P. White, following a lengthy illness. She was the last surviving member of the family of nine children of the late Mr. and Mrs. Duncan John McKinnon, of Dalkeith.

Prior to her death, there were five generations in Mrs. McKinnon's family, the youngest being her great-granddaughter.

Completes Deal For Iroquois Property

Charles Dear, manager of the local Legion clubrooms, recently came to terms with the Hydro settlement board for a double tenement on Iroquois flooded out by the Seaway and Power development. Mr. Dear received \$6000 for the property he has owned for more than 20 years and he expresses himself as well satisfied with the deal.

Safe Driving Not Safe Parking

Today is Safe Driving Day across the North American Continent, but after midnight last night, there was no such thing as Safe Parking in Alexandria. The by-law against overnight parking on town streets went into effect at the stroke of 12 and Police Chief Ed. Dupuis had himself a ball putting little surprise packages under windshield wipers.

Something like 30 motorists forgot about the regulation and were greeted by a First Warning when they re-entered their vehicles. There will be no prosecution this time, the Chief said this morning; but overnight parkers will not get a second warning. The by-law is necessary to allow snow-removal crews to clean up the streets.

Improved Street Lighting, House Numbering, Needed Says Board Of Trade

Jean Trottier Heads Board Of Trade

Jean Trottier was elected president of the Alexandria Board of Trade at the annual meeting held last Thursday evening in the Ottawa Hotel here. Mr. Trottier has been serving as president since September, when Cornelius Lalonde resigned from the office, and he was unanimously voted in for 1956 by fellow-members.

Other officers are: Dave Markson, first vice-president; Ronald Macdonald, second vice-president; C. C. Fraser, secretary; J. G. Blinn, treasurer. Directors are: Emile Pigeon, Doug Baxter, D'Assise Menard, Laurier Lefebvre, Ray Gammon, George Lefebvre, Tom Charlebois, Ambrose Lalonde and Frank McLeister.

Stormy Crossing For Young Bride

Stormy Atlantic weather turned what might have been a pleasure cruise into a nerve-shattering ordeal for Mrs. Gerald Baker, an August bride in Apple Hill who was crossing over to join her husband in France. A daughter of Mr. and Mrs. Ovilla Dugas of Apple Hill, Mrs. Baker is a former teacher at St. Malachy's School in Ottawa and expects to resume teaching at the Royal Canadian Air Force base in Fauquemont where her husband is stationed.

She left Canada October 29th about a month after her husband was transferred overseas and her vivid account of a frightening experience was given in a letter to her mother.

"We will be docking at Le Havre at six tomorrow morning. Am I ever excited. We ran into four storms last week so we are two days late. Mother, I was so terrified. I don't think I ever had a real fright before.

"Once, we were all sitting in the lounge and the ship tipped right over on its side. It was just God's Grace that we didn't sink right there. Many windows were broken and about 50 persons were put in the hospital. I landed over on the floor under a table but didn't get hurt too badly. I haven't slept one night since and neither has anyone else.

"The Captain said that if this hadn't been a small ship, it would never have come back up again. We walked in water for the next half day; the whole boat was flooded. If I can't come back by plane you'll probably never see me again; I've had enough of water for a while."

We are happy to add that Mrs. Baker landed safely in Le Havre where she was reunited with her husband.

Glengarry Violinists Top Attraction At Successful St. Andrew's Concert

Glengarry violinists, as many as 16 playing together at one time, literally stopped the show at one of the most successful St. Andrew's Concerts in years, staged last Friday and Saturday nights in the Alexander Hall here. It was indeed a "night of strings" and better than 800 persons were present for the two performances. Most of the program will be repeated this Friday night when the show will be presented in Maxville Community Hall.

Three guest violinists, 19-year-old Bobby McNeil from Detroit, Neil McIsaac from Halleybury and his son, Roland McIsaac of Parry Sound, gave the customers what they came to hear, and there was also some excellent solo work by Glengarry's own Duncan "Farmer" McDonald and Rev. J. D. McPhail, and by "Little Jack" McDonald, a Glengarrian by adoption. The latter was accompanied by Mrs. Walter McCuaig.

Major A. A. McDonald, in his splendid Highland costume, welcomed the gathering, and the program opened with a selection on the pipes by Duncan McDonald of Cornwall. Hugh Dan McCuaig scored a hit with a Harry Lauder song and sang three more before the end of the program.

Plans About Complete For Santa's Visit To Town Saturday, December 10th

Jean Trottier Elected President

Alexandria Board of Trade will press for better street lighting in the town and for the numbering of buildings. The decision was taken at the annual meeting of the Board held last Thursday evening in the Ottawa Hotel.

Both matters were discussed at considerable length and the general feeling of the meeting was that they were of urgent importance. Several who expressed the opinion that all houses and places of business should be systematically numbered, stated that with the town's increasing population, the number of new buildings being erected, and the greater number of tourists and visitors coming here, the lack of numbers is being keenly felt.

A committee consisting of Tom Charlebois, chairman, Chief Ed. Dupuis and Ray Gammon, was set up to study the situation and to meet Town Council in January with a view to working out a system which will be applied to the whole town.

There was also criticism of what was called inadequate street lighting in many places in town. The vicinity of the churches and Main street South were particularly indicated, although other areas also were mentioned. The directors were instructed to make a survey and to forward to Town Council a specific request for better lighting in the areas where it appears to be inadequate.

Mayor, Reeve On Salute To Scots

Mayor George Simon of Alexandria and Reeve W. A. MacEwen of Maxville plugged for their old hometowns in a special St. Andrew's Day greeting from Mayors of the Ottawa Valley broadcast over Radio station CFRA Tuesday evening.

Mayor Simon spoke briefly of the Scottish settlement which grew into the town of Alexandria and told the radio audience that the Scottish traditions here are focussed in an annual St. Andrew's Concert, put on by Father McPhail and his parishioners. Reeve MacEwen explained to listeners that Maxville was originally called "MacKsville", so named because of the many Scots whose name began with Mc or Mac, who first settled there. The biggest event for Scotsmen in Glengarry, he said, was the annual Highland Games held on every Civic Holiday week-end.

Master of ceremonies of the program, "Limelight" was Bill Casey, who had tape-recorded the addresses earlier.

Myles MacMillan Timothy King

Fresh from his world title in forage seeds at the Royal Winter Fair, Toronto, Myles A. MacMillan, McCrimmon East, captured the title of Timothy King at the International Livestock Exhibition in Chicago this week.

The veteran seed exhibitor thus adds a fifth first place win at Chicago to the five championships he has taken at the Toronto Royal.

Arrive Saturday From Germany

Gnr. C. Robert Laperle, Royal Canadian Artillery, of Alexandria, will arrive at Quebec City Saturday aboard the Empress of Australia after a tour of duty overseas. He is among the last draft of Canadian soldiers and their dependents of the First Infantry Brigade arriving from Germany.

Gnr. Laperle will be met in Quebec City by his mother, Mrs. Margaret Laperle of Montreal, and his aunt, Mrs. Ovilla Rochon, who left today.

Also due to arrive December 3rd is Pte. H. A. Williams, RCIC, of Moose Creek.

Father Of Local Businessman Dies

Friends in Alexandria will sympathize with Roland Brisson, proprietor of Alexandria Cleaners and Dyers, in the death of his father, J. Alvarez Brisson, which occurred Monday, November 28th, after a lengthy illness.

A former mayor of Casselman and Cambridge, Ont., Mr. Brisson operated a highly successful real estate business in Cornwall until his retirement last summer. He is survived by his wife, six sons and six daughters.

The funeral was held this morning from Bonneville's Funeral Home to Nativity Church, of which he had been a devout parishioner.

EDITORIALS

IT'S OUR OPINION

Vote For The By-Law

Alexandrians are called on to vote next Monday for councillors and two Public Utilities Commissioners, as well as on the question of a fixed assessment for the Josef-Augstein Company. And perhaps it is as well that there are contests for these elective posts. A larger number of the voters will be brought out and those qualified to ballot on the assessment by-law can give it greater support possibly, than it might have had if this was the sole issue to be voted on.

This fixed assessment by-law must get almost unanimous support if Alexandria hopes to get more industry. There are bound to be some negative votes, but if we can repeat the fine results of last January's balloting on the fixed assessment for the Carnation Company it will strengthen the hands of our industry-seekers materially. Industry will not go where it is not wanted and community-wide support of these fixed assessment by-laws is evidence that all our citizens are industry-minded.

In January we voted 534 to 8 in favor of the Carnation Co. by-law. Let's repeat,

or even exceed, that fine score.

In the choice of councillors and P.U.C. members, our citizenry will not need direction from us. All those in office this year are again in the field, together with several other promising candidates who might be expected to give good service if elected.

Mayor Simon and Reeve Lefebvre have received acclamations and they can interpret this as an indication that their fellow citizens are well satisfied with their services. Things have been running smoothly, we believe; a promising new industry has been acquired and Alexandria appears to be making progress. That is a credit to the men we placed in elective office. If they had not worked well in harness, the repercussions would not have been to our advantage.

In their choice of the new council and P.U.C., our citizens might be guided by that thought. The men who will serve us best are those who can be expected to work together with one predominant goal—the progress of our town and the well-being of all our citizens.

Let There Be More Light

The Board of Trade is suggesting to Town Council that our street lighting is inadequate in spots. And we will go further and say that it could be improved all over town. The dim-out of just one light on one of our side streets can cast a pall of darkness over a whole block, and we would like to see our Main Street more brilliantly illuminated, too. If we had not the candle-power of a growing number of colorful neon signs on our business places, Main Street might at night give the appearance of a one-horsepower town.

We would like more light on our streets simply because light lends warmth, and we see it important to make a good impression even on casual visitors to Alexandria. Well-lighted streets lend an air of prosperity, of good-living, of hospitality, even. And that is the kind of impression we would like our

town to leave with our visitors. We think our fellow citizens merit such a reaction.

New types of street lighting have recently been installed in several towns we read about in the weeklies. Our new Public Utilities Commission might profitably investigate alternate systems to that we now have.

And while on the subject of street lighting we might remind the Commission that the tourists have long blown and so have most of the bulbs on those colored strings stretched across Main Street. Nothing is sadder than one colored light in a string meant to lend an air of gaiety, and there could be more attention paid to those strands already strung.

In fact there could be more of them along our Main Street, especially during the coming Christmas season.

Scattered Thoughts On The Game

Need we say what game?

It was great football, it was a grand spectacle, it was a glorious win for the West. It was more than that. Saturday's Grey Cup game in Vancouver was probably the focus of more Canadian eyes than have ever before been trained simultaneously on one object. In that sense it was a triumph for TV. Here in Alexandria we witnessed each play on that field 3,000 miles away almost as well, and in more detail perhaps at times, as did those 40,000 fortunate enough to have tickets.

We hedge just a little on that plug for television on second thought. The razzle-dazzle of that Eskimo backfield had the TV cameraman almost as baffled at times as were we in our chairs at the Legion. We found more than once that the camera was taking us on a wild-goose chase as the Edmonton fakers spun into the line. But the man behind the lens can be forgiven; the defensive wall of the Alouettes was just as baffled. If those pros couldn't follow the ball, how could we expect a CBC crewman, however good, to have his sights set all the time on the proper play.

Razzle-dazzle it certainly was, that came out of that Eskimo pie. They met a Montreal team that had its rifle arm pinpointed on his targets almost every time Etcheverry went into his passing patterns. He was in top throwing form and despite this the Alouettes were completely outclassed. The Eskimos were out of this world as they skittered for first downs time after time over the frozen surface of Empire stadium.

The sports writers on the big papers will be dwelling on every aspect of this game of games, ad infinitum. We don't mean to try and keep up with them. But there are a few thoughts on this fall classic that we would like to touch on.

And our first thought is that Saturday's screen spectacle is a triumph of promotion. The pre-eminence of the football final is almost solely due to that Western flair for the big show that Calgary carried into staid Toronto just a few years ago in its abortive attempt to carry the Grey Cup west. The arrival of television may have aided the cause, but, in our view, it was that Calgary

stampede down Bay Street that really made Canada conscious it had both an East and a West, and ever the twin should meet on the football field.

Those Calgary oilmen started the pot boiling and their enthusiasm has spread. Since then, every Canadian city in bigtime football has been itching to outdo them, and their Boards of Trade, conscious of the publicity that can accrue from such a goodwill effort, have been going overboard to make the Grey Cup game more than a mere football final. Toronto The Good, we hear over the airwaves, let down its hair way out West on Saturday to dominate the Grey Cup pre-game parade. Who, knowing Toronto before Calgary came to town en masse, would credit that?

The Grey Cup game has become, not a political football, but a civic one and we think the net result can be, eventually, almost as much a force for unity in our country as was the building of the Canadian Pacific Railways. People who two years ago didn't know it was legal to throw a pigskin, all this month have been arguing the relative merits of Alouettes and the Eskimos. If they can but remember the rivalry is on the professional level, that Parker's penchant for probing the Alouette line has been purchased for a price, just as Etcheverry's throwing arm has been imported from the U.S. then this business of which city cops the cup will become only relative.

The game itself was a grand spectacle to witness, whether from the stands or your favorite armchair. But the best thing about it, in our view, is that it was focussing millions of Canadian eyes on a common interest, had brought together in Vancouver, citizens of many far-separated cities, towns and villages to enjoy something in common, to fraternize and become better acquainted with other Canadians. Such gatherings are good for our Canadian nationality and even those of us who stayed at home might sense a sharpening of our citizenship as the TV screen brought us the spectacle.

The Grey Cup game has been promoted into the biggest thing in Canadian sport. And perhaps Canada needed something like this to bring our widely separated peoples closer together.

MOLASSES BARREL

We regret the passing of the old molasses hogshead from the general store. Buying a gallon of molasses in the wintertime was a leisurely process—part of the enjoyable fabric of rural life . . . So time marches on and we now buy our molasses in packages—neat, antiseptic and uninteresting.

COMMUNITY CHALLENGE

The lack of organized social activity for our youth, is blamed, by some, for the evidences of juvenile lawlessness . . . This is a challenge to collective study and concerted effort. If a Social Centre is the practical solution let's start something—now!

AGE OF GIMME

No matter what the federal government does in arranging loans to farmers based on wheat in storage there are many wisecracks who know of a better way. It seems that the more paternalism governments practice to satisfy increasing demands there is always a cry going up for more. It is an age of "gimme".

OIL IN NORTH

Interest in the north's oil possibilities appears to be as lively as ever and the search this winter will probably range over more country than ever before. It may not be too much to say that oil and gas will be the keys which will unlock the door to the industrial future of the Peace river district.

About What (If Anything) To Wear Under The Kilt

Letter to the Editor of the Edinburgh Scotsman

Sir:—May one be forgiven for taking the view that what is worn under the kilt is rather up to the wearer himself to decide?

As a foreign woman living for the moment in your so hospitable and interesting country, I confide that we on the Continent are greatly intrigued by the mystery of what the Scot wears, if anything, under his kilt, and if we ask, we are always told: "Nothing."

I do not know yet whether your soldiers officially wear anything under their kilts, but when they dance in public I have seen them to have on dark blue gymnastic pants, which does not to me please the eye very much.

Your girl pipers, too, when they are dancing, can be seen to wear short navy knickers. They must, of course, wear something, but it would be much better white, to be pretty and pleasing, or the same tartan as their kilts, not to be distracting.

Among children, who also must wear something, I think, I have seen a great variety of underwear, much of it too much like trousers under the kilt, and that looks bad—what you would call "stuffy". Brief slips of tartan or dark color, look best.

But please, dear Scotsmen, wear the kilt more—not with a long jacket, which leaves a short and rather ridiculous frill of kilt showing but a short jacket, especially of the blouse type like a battledress, which is very smashing, and pleases the eye so much. And please, when you are dancing or the wind blows like mischief, have not on pants with long legs to be easily seen.

Lastly, dear Mr. Editor, tell your Scotsmen for me: it is most terrible to see under a kilt—a loose shirt tail.

THE BOSS HAS A BRAINWAVE

The boss was itching to be in Vancouver for the Grey Cup fun and he was practically green with envy when he read that the sports editor of The Pincher Creek News, out in the Alberta oil country, was covering the game personally. Now if they'd only uncover oil in Glengarry, he figured, maybe he'd be able to take in next year's Cup game.

And that train of thought brought him a brain wave. "They've got Glengarry Clubs in Vancouver, in Regina and Saskatoon, in Winnipeg, Toronto, Ottawa and Montreal", he reminded us, "and those are all bigtime football cities". "Now if we could kind of push our friends in Calgary, Edmonton and Hamilton into forming Glengarry clubs", he went on in conspiratorial tone, "we'd be all set for the final cup".

"Then, Ed.", he explained, "here's where you'd come into the picture. All I'd ask you to do is drop a gentle hint into your column to these Glengarry clubs. Suggest that it would be a gracious move on their part if they'd insert a clause in their constitutions which would permit them to finance the editor's trip to the Grey Cup game whenever their teams are involved. For example", he continued, "it wouldn't have cost me more than a couple of thousand bucks to get through Game-week in Vancouver, and a few money-raising events by the Glengarry club out there might have provided that much dough without too much trouble. "If it's played in Toronto, he figured he could probably get through on \$500 or so; practically peanuts for that big Toronto club.

That was his brilliant idea in a nutshell but he felt it wouldn't look too good for him to make the suggestion editorially. Coming from this column, he thought, it wouldn't look so much like begging for a hand-out.

But we're darned if we'll do it. Our column is not to be used for propaganda purposes by anyone—even when it's the boss whose looking for a free plug. The nerve of him.

In the old days the man who saved money was a miser; nowadays he's a wonder.

WORLD-WIDE NEWS

Break up those letters that spell N-E-W-S and you get North, East, West and South. When publishing was in its infancy that's what the newspaper boasted, intelligence from the four corners of the globe, from every direction.

And now this lowly weekly that we call the News is disseminating the news of Glengarry in every direction, north, east, west and south. We were reminded of that when last week we got orders to keep a guy from Glengarry abreast of the news from home while he is putting in a stint in far-off Pakistan—that used to be part of India in the days when a Kipling sang the saga of an Empire spread under every sun.

New subscriptions aren't pouring in every day, exactly, but the list is in such a healthy state now that our old press is groaning under a run of close to 2600 each week. Most of those stay right in Glengarry—we're selling some 700 each week on the newstands—but a lot are winging out to every province and state of the Union where Glengarrians are destined to dwell while dreaming of home. They tell us that the farther they get from Glengarry, the more they appreciate the news from home. If so, our friend in Pakistan is going to really love us.

But his subscription moved us to look over our list labelled "foreign". It's not worldwide, mind you, but it does cover a lot of mileage. The MacLeod brothers, J. M. and Fred W., are getting it, we hope, in South Africa and South West Africa, respectively; in the mission fields of Japan, Rev. Alex McDonald and Rev. Cleary Villeneuve are being reminded how soft is the life they left in Canada; I. L. MacDonald is reading The News in Edinburgh, and little more than a year ago he was getting it in South America; that guy gets around. Our friend Fred McLennan must have a lengthy wait in West Pakistan until the paper rounds the Cape of Good Hope to head into the Indian Ocean.

Korea must do without the enlightening influence of The News since the boys came home but it is following them into NATO territory. Cpl. Gerald Fyke, Cpl. Ray McKinnon and WO2 Jock Roblin are read-

ing it in Germany or France. And then there's Nelson Doree getting it in good old Suffolk, England.

That's not the whole story, mind you. So many readers have told us of so many widely scattered sons and daughters of Glengarry they pass on their paper to, that we feel confident the news of Glengarry is lapped up in every land and clime.

Mrs. J. W. MacCrimmon handed in a contest "What's his name" and also donated the prize which was won by Miss Marilyn Barton.

Meeting closed by singing God Save the Queen. The president declared bazaar open. After the sale of articles lunch was served. Margaret MacDonald won the lucky tea-cup prize. Miss Marilyn Barton was in charge of the candy-booth for the Girls Club.

We take in the north and the south because we are sending it to the Yukon and to Louisiana. Only a Peron, we feel sure, could have kept it out of the Argentine.

All this derives from the impact of that subscription from Pakistan and, we'll admit, from our predilection to blowing our own horn while filling a column. Thanks, Fred, for the instigation.

LOST IN EXCHANGE

Municipalities are talking in terms of federal aid to finance education. This may be necessary. But first let us give serious consideration to our present tax dollar before giving the federal government an opportunity of taking more of our money through taxes. There's enough in the exchange now.

League Season Opens Saturday As Locals Meet Dalhousie Here

Alexandria Gems had a little too much experience and speed for the Lancaster team that performed here last Sunday afternoon.

With two games under their belt the local team skated the Lancaster squad into the ice. The boys from Lancaster dressed only ten men for this engagement and that was not enough bench strength for the high skating Alexandria squad.

The first period was pretty well even, with the squad from the shores of the St. Lawrence putting up a good fight. At the end of the first, Alexandria lead 2-0 on goals by Pilon and Cholette.

In the second and third periods the Gems turned on the pressure and proved to the small crowd that they had a little too much hockey savvy for the tiring but game Lancaster crew to cope with. Jim Dolan, R. Gauthier, Poirier and Periard banged in goals for the local cause with Legault and Collette picking up Lancaster's only two goals of the game in the second stanza.

The third period was a repeat of the second frame for the Gems. Pilon and Poirier both picked up their second goals of the evening and singletons went to Art MacLaren and Lefebvre. Depratto in the local's net kept the Lancaster boys scoreless.

Fifteen penalties were handed out by referees Jacques Lalonde and Bernard Lajoie. Six of the penalties were picked up by Alexandria.

FLASH BACKS . . . Depratto in the Gems' net didn't have too much to do in last Sunday's game, but the shots he did handle proved that he is improving with every game . . . The local defence gave Depratto lots of protection for a change, and were really bashing the forwards as

they came in on goal . . . But the outstanding play of the Alexandria forward lines was really wonderful to watch . . . They played as if the game was a sudden death play-off. Their fore-checking and back-checking was really something to see, and if they keep playing like that the rest of the season Alexandria should be pretty close to the top of the heap come playoff time.

DOUG FROM THE SPORTS ANGLE

Football's annual classic is over for another year. The slap-happy Westerners put on quite a show for this year's annual Grey Cup held in Vancouver's Empire Stadium. Edmonton sat the Montreal Alouettes back on their heels with a resounding 34-19 win, but a question arises out of this game. Does a strong ground attack win more games than the much publicized aerial offensive? If a person is to go by statistics it seems that it does. Alouettes gained 500 yards through the air to Eskimos 400 odd yards on the ground yet the Edmonton team came out on top. Actually we think the backfield of the Eskimo squad was the big factor. They're deception and running was a thing of art and had the Montreal line and secondary men so bewildered at times that most of the game they were tackling backs that were not even carrying the ball. Whether this type of football will spread to other centres is pretty hard to say, but one thing is certain, it will be hard to get players like Edmonton poses at the present time . . .

Well as we mentioned earlier in this column, the Grey Cup Classic is finished for another year, but as far as a certain person is concerned here in Alexandria it will be a while before he will be allowed to forget it. Three telegrams and two columns, plus the ribbing that Jerry MacDonald has received so far has kept him hopping fairly well. It was a great day for some of the boys here in town when the Montreal team was defeated in Vancouver last Saturday. Jerry gave them a pretty hard time during the Fall. Some of them had been pulling for Ottawa and Toronto and others for Hamilton Tiger Cats and last Saturday gave them a chance to get back at him. And boy how they did. One good thing about all this horsing around is that it is all in good fun. Better luck next year Jerry.

The 1955-56 Border League season kicks off this week-end at Glengarry Gardens. Alexandria and Dalhousie are the teams slated to start the hockey season this coming Saturday evening. We've seen all the teams in action and we think that to date Alexandria, Dalhousie and Vankleek Hill will be the teams to beat for league honors. Green Valley and Lancaster have strengthened their teams since they performed here and so far are the league dark horses. We have been informed that some of the boys from Lochiel will be performing for the Green Valley crew this year. We think that any fellow who is interested in hockey should be given a chance to play. And we are sure that they will be more than welcome to try out on any of the teams in the Border League this season.

Expect 200 Boys Out Saturday As Minor Hockey Gets Going

Glen Robertson will add its quota of youthful hockey enthusiasts to the Alexandria Minor Hockey set-up which sees organization of teams proceeding at Glengarry Gardens Saturday. Some 200 stars of tomorrow are expected to be out and they will hail from Alexandria, Lochiel and Green Valley as well as from the Glen.

The minor hockeyists will occupy the Gardens' ice each Saturday from 8 a.m. till 3 or 4 o'clock in the afternoon and competition will again be in four age classifications: peewee, bantam, midget and juvenile. Financing of the ice rental will be met from the town grant and, it is expected, with help from Lochiel and Lancaster township councils.

Sixteen teams are planned. The schedule will get underway Dec. 10th. Re-organization of the association for this season's play was completed at a meeting last Thursday night when Rene Gauthier was re-elected president.

Police Chief Ed. Dupuis is again vice-president with Brother Aldric, secretary-treasurer. Directors are: John Grant, Laurent Crevier, Gerard Roy, Rev. C. F. Gauthier and Rev. Francis Foley.

The committee can urgently use the services of volunteers to help on Saturdays as referees or coaches. If you can help call any member of the committee.

He Wants To Know How Good They Were

Lochiel Midgets remained undefeated along the Ottawa Valley play-off trail last Spring when the ice season ended before a champion could be decided.

And Father Gauthier has a hankering to find out this fall just how good they were. Smiths Falls and Thurso, Que., were the only teams left in the race, he recalls, and he is hoping to arrange exhibition matches with those teams.

too light for interscholastic play. A championship in his first year as coach may indicate therein lies his forte.

Eskimos Won At Ottawa, Too

What's in a name. But the Eskimos, namesake of the Grey Cup champs, copped the championship of the St. Patrick's College Midget Football League at Ottawa. And piloting the Midget Eskimos was Duncan "Gus" McDonnell, son of Mr. and Mrs. Angus H. McDonnell.

As a player, Dunc made the All-Star team in that College league for the past two years but is a little

Hockey Club Names Officers

A most successful and enthusiastic meeting was held at the Legion clubrooms last night when sportsmen got together to boost the local hockey team for 1955-56.

Election of officers took place with the following slate: Hon. Pres., Dr. Bernard Villeneuve; President, Bert Lalonde; Secretary-Treasurer, Lloyd Gagnier; Manager, Martin Clement; Coach, Dr. Bernard Villeneuve; Assistant Playing Coach, Rene Gauthier.

Directors—Roy Van Dyke, Donat Boisvenue, Bill Dewar, Gerard Lefebvre, Stephen O'Connor, Claude Lemay, Raymond Periard, Lloyd McHugh, Jean Trottier, Gerry Paradis.

Here is something to keep you hockey fans in the groove. Dick Irvin coach of Chicago Black Hawks of the National Hockey League states that Montreal Canadiens will not run away with league honors too easily, if at all. Irvin, stated the other day that he thinks New York Rangers will be pretty close to the top if not in first place by the end of the season. He claims (and we must go along with him) that he didn't figure that Rangers would come up with the powerhouse they have. New York at present are scoring more goals than they are having scored against them and Worsley the Ranger net-minder is breathing down Plante's neck in the race for the Vezina trophy. We would like to predict that New York Rangers (barring serious injuries to key players) will end up in second spot behind Canadiens with Detroit third and Chicago fourth. That my friends is putting us pretty far out on that well known limb. Anyone care to join us?

Local Pupils Honor Pastor At Concert

The children of Alexandria's two bilingual primary schools honoured their pastor, Rev. Emilien Houde, on the occasion of his 18th anniversary as a priest with an entertainment held Sunday evening in Our Lady of Perpetual Help School auditorium.

Several parents also attended and enjoyed a varied program which opened with words of welcome from Suzanne Filion, on behalf of the girls' school, and Robert Meloche, for St. Joseph's Boys' School. These two pupils acted as chairmen of the program.

The girls' choir sang a song specially chosen for the occasion and this was followed by an "orchestra" selection by the boys and girls of the kindergarten classes. Led by little Robert Lalonde, and playing such instruments as the drums, triangle, bells, clarinets, sticks, and even baby rattles, the children kept excellent rhythm and their performance was thoroughly enjoyed.

La Manecanterie, from the boys' school, with Jean Bellefeuille taking the solo, sang selections and the school then presented a comedy skit "If I were a Teacher" with Jean Bellefeuille taking the lead part, supported by Michael Chenier, Aime Marcoux, Jacques Leroux, Roch Boisvenu and Robert Blinn.

Suzanne Viau and Lucille Laporte entertained with piano selections, and were followed by the program finale, a tableaux staged by students of both schools in costume, with a background of choral speaking. The production was a tribute to Father Houde and ended with the presentation of a spiritual bouquet to the pastor, made by Marcel Leger, a basket of red roses, presented by Jean Rouette and Pauline Leroux and a gift of money, given by the pupils of both schools and presented by Robert Meloche.

Father Houde expressed his gratitude to the boys and girls, and to the sisters and brothers who had prepared the program.

Funeral Here Of Lifelong Resident

The death occurred Monday morning, November 28th, in Macdonell Memorial Hospital, Cornwall, of Mrs. Arthur Cuerrier, a life-long resident of Alexandria, at the age of 66. Mrs. Cuerrier had not been in good health for the last four years, and she entered hospital last August.

Her death will be sincerely regretted by all who knew her. Prior to her illness, Mrs. Cuerrier was active in the affairs of her parish, and during the war, she was always a willing worker in any community project.

Mrs. Cuerrier was born in Alexandria, the daughter, Clara, of Mr. and Mrs. William Murphy. Her father predeceased her but her mother is still living, and now resides in Cornwall. She was able to be present at her daughter's funeral on Wednesday.

Forty-seven years ago, Mrs. Cuerrier was married in St. Finnan's Cathedral here. There were seven children, all of whom survive: Archie Cuerrier, Kingston; Mrs. Bertrand Rowe (Beatrice) of Gatineau, Que.; Wilfrid Cuerrier, Montreal; Laurier Cuerrier, Galt; Mrs. John Allinotte (Lucille), Cornwall; Gerald Cuerrier, Galt, and Sgt. Claude Cuerrier, Camp Borden.

She also leaves two brothers, William Murphy, Timmins, Ont., and Archie Murphy, Manistique, Mich., and two sisters, Mrs. Blanche Robert, of Gatineau, and Mrs. B. Lacombe of Greenfield.

Miss Helen Smith has returned from Vancouver, B.C., where she spent some time and is spending a couple of weeks with her parents, Mr. and Mrs. Bert Smith, River Road.

Mrs. E. Lapierre was hostess to 20 members and 3 visitors at the November meeting of Martintown Women's Institute. The President, Mrs. Jas. Graham, opened the meeting with the Ode and Creed followed by Roll Call "What to do in an emergency". Minutes were read and correspondence dealt with: the members were unanimous in their decision to donate \$5.00 to the St. Lawrence San., \$10.00 to the Canadian Save the Children Fund and \$10.00 to the Canadian Cancer Society.

The meeting was then turned over to Mrs. J. P. McMartin, Convenor for Home Economics and Health—Mrs. McMartin had prepared an article on mental health, followed by a talk on pressing instructions for different types of fabrics. She also spoke on the necessity of each person having a hobby, and showed the members two of her own hand-

painted plates — the latter were greatly admired by all present. To round out her discussion on the pressing instruction, Mrs. McMartin called on Mrs. E. Lapierre who gave a demonstration on how to press a man's suit; using a steam iron, Mrs. Lapierre went into great detail and many members learned several new pointers on this all important work.

Luncheon was then served by the hostesses, Mrs. E. Lapierre, Mrs. S. Thomson, Mrs. K. Barton, Mrs. P. Keir and Miss L. Robertson.

Before a new telescope-type stretcher, made of nylon and aluminum, was adopted by the Canadian Armed Forces, it got the works. They jumped on it, dropped rocks on it, tossed it out of aircraft and army lorries, froze it in ice, buried it in mud and sand. They finally gave up — and placed the order.

Its lightness and compactness makes this rugged stretcher a natural for everything from northern air-rescue work to the needs of hospital, police, Civil Defence and other authorities... Another job for Canada's aluminum and the men who work wonders with it.

performance. Clifton Brittain played a violin selection accompanied by his daughter at the piano.

During intermission, when coffee and sandwiches were served in the basement hall, Miss Macphee played a medley of Scottish airs on the organ.

In the second part of the program, the scene was a dell beside Loch Lomond, painted on the backdrop by Stuart McCormick, with a rustic bridge over which many of the artists made their entrance.

"Little Jack" McDonald demonstrated his mastery playing of the violin with two selections, and was followed by a Scottish Reel ably danced by Finlay MacDonell, Mary McGillis, Howard Morris and Irma MacDonald.

Hall decorations were by Mrs. R. J. McCallum.
